Our physical office – the public’s office – is in Room 401 of the State Capitol building (at 415 South Beretania Street, Honolulu, Hawaii 96813) at the corner of Beretania and Punchbowl streets.

When there are no COVID-19 concerns, we fan out across the islands to offer workshops like this one. Now, we offer the workshops virtually.

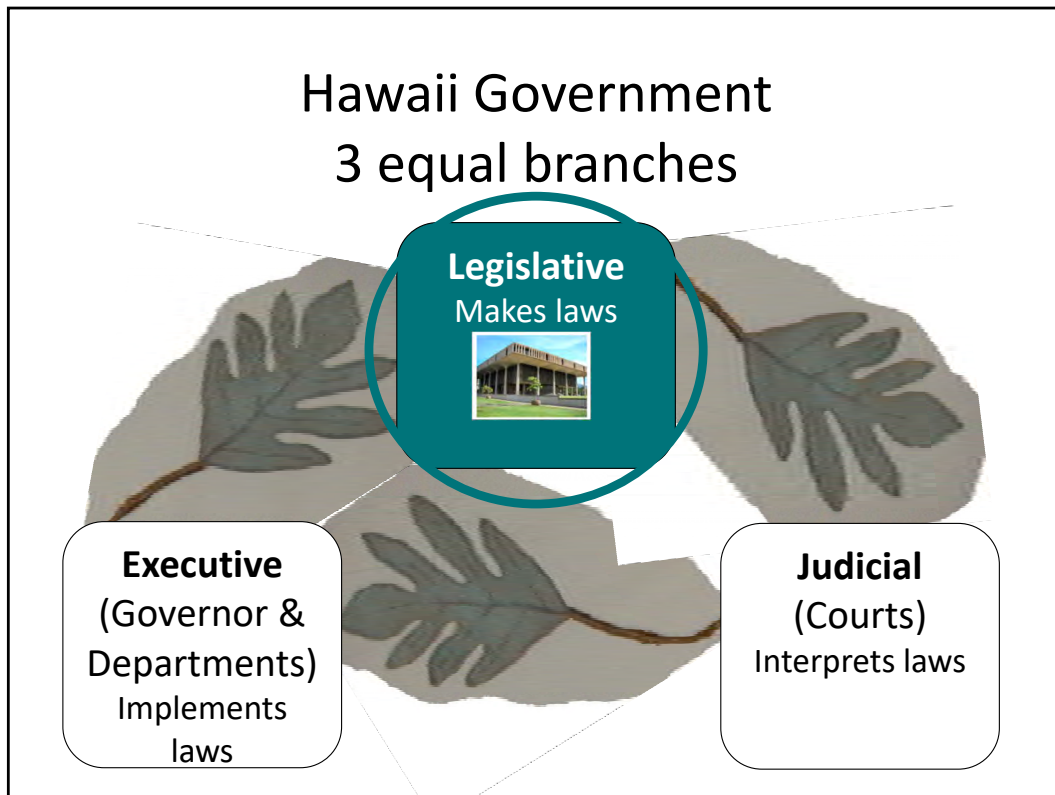

(By the way, the Hawaii State Capitol is a beautiful building with a lot of symbolism built into its open architecture. Check out the virtual tour that’s available on the governor’s website:

- Talk with legislators
- Suggest a bill
- Ask for a hearing
- Testify
- Lobby the chamber
- Contact the governor
- Keep at it!

So, there's a lot you can do at the legislature, and this is what we're going to cover. First off, simply communicate with the people in office. Let them know your views and priorities. You can also suggest a bill to change a law. When you see the bills being discussed, you can ask for a hearing for ones you'd like to see move forward. If bills you're concerned about do come up for a hearing, you can offer your written and oral testimony. Sometimes, you may want to lobby the entire chamber or legislature – they all need to vote on legislation. Finally, you may want to contact the governor. And most importantly, keep at it! It can take some time to see change at the capitol.

Let's start with the big picture. Our democracy is set up with a balance of power – three different, equal branches of government that help to keep one another in check. Roughly speaking, the Legislative branch *makes* the laws, the Executive branch *implements* those laws, and the Judiciary branch *interprets* the law.

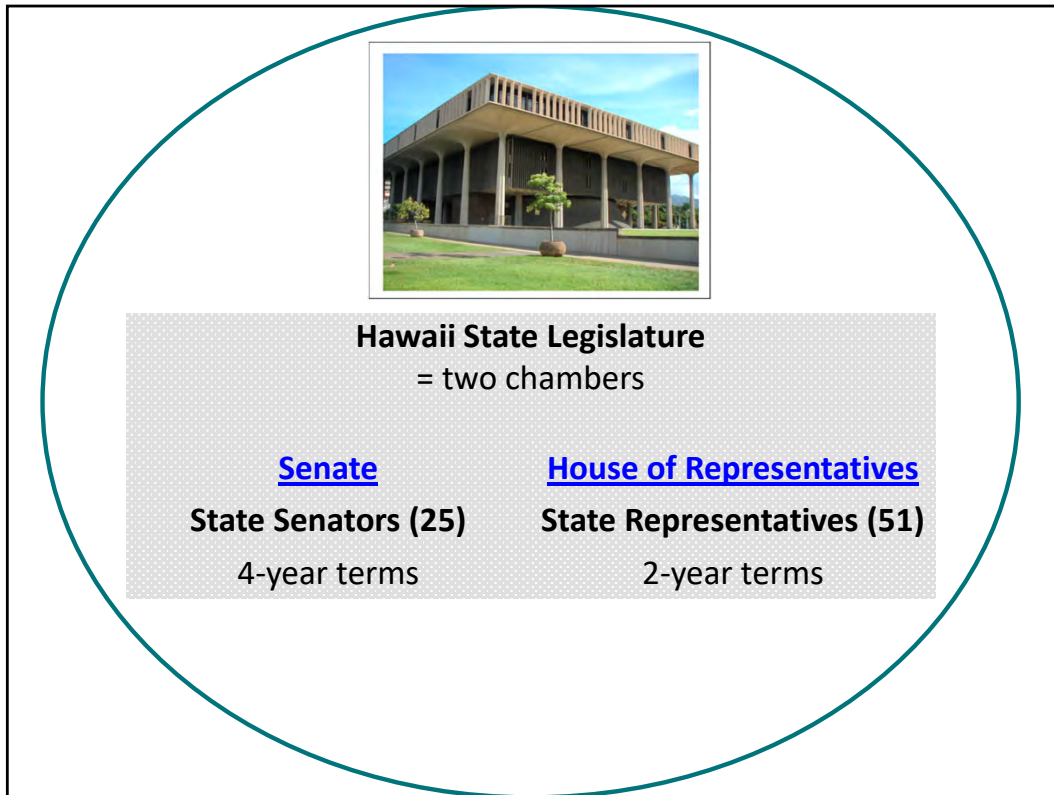

In this workshop, we'll be focused on the Legislative branch, the branch of government concerned with making the laws.

We're going to be examining just one level of the legislative branch – the **State legislature**, which makes the **laws that govern the state of Hawaii**.

There are other levels – at the broadest level, there's the U.S. Congress that convenes in Washington D.C. – they're concerned with passing laws that govern the whole country. Laws they pass apply to you whether you're in Iowa, California or Hawaii. This is the level where you'll find Hawaii's U.S. Senators Hirono and Schatz, and our U.S. Representatives Case and Tokuda.

The County level is where you'll find the Councils – the City Council for the City and County of Honolulu, and the County Councils for Kauai, Maui, and Hawaii Island's counties. Ordinances that are passed at this level relate only to that specific county.

The Hawaii State legislature is made up of two different chambers (this is called a “bicameral” legislature) – the Senate is the group of 25 senators serving 4-year terms, and the House of Representatives is the group of 51 representatives elected to 2-year terms.

Roughly speaking, a senator’s district is roughly twice as large as a representative’s district.

We can use the term “legislator” to refer to either a senator or a representative.

In this presentation, we’ll be focusing on how the chambers work to make the laws that govern the state, and both chambers operate in roughly the same way. But be aware that they actually each have special powers and responsibilities (for example, the Senate has the ‘advise and consent’ power over Governor’s appointment of department directors).

What do these lawmakers do?

SERVE • as their constituents' voice,
vote on legislation

SERVE • on committees focused on
particular subject matter

 **SERVE** • in leadership roles

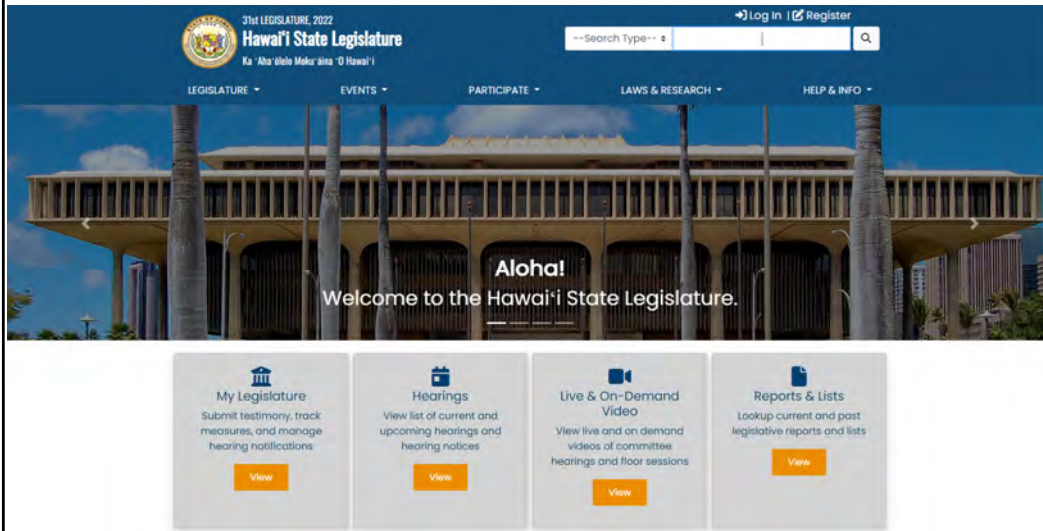

First off, we're a representative democracy, and the legislators actually "speak" for you. Each address in the state is represented by one member of the House of Representatives and one member of the Senate. They **serve as the voting districts' 'voice'** at the legislature as they consider legislation and may also be able to help constituents with a variety of issues.

Secondly, in order to make the whole complicated process a little more manageable, the House and Senate each organize themselves into various **committees** that focus on legislation in particular subject areas. As you'll see, the chairs of these committees have quite a bit of power. Who decides who is on which committee and who gets to be each committee's chair?

That would be **leadership**. Each chamber elects who will be their leader (the President in the Senate, the Speaker in the House, the Vice President or Vice Speaker, the Majority Leader, and Majority Floor Leader). The reason leadership is so important? Power. They influence a great deal, as you'll see in the slides ahead.

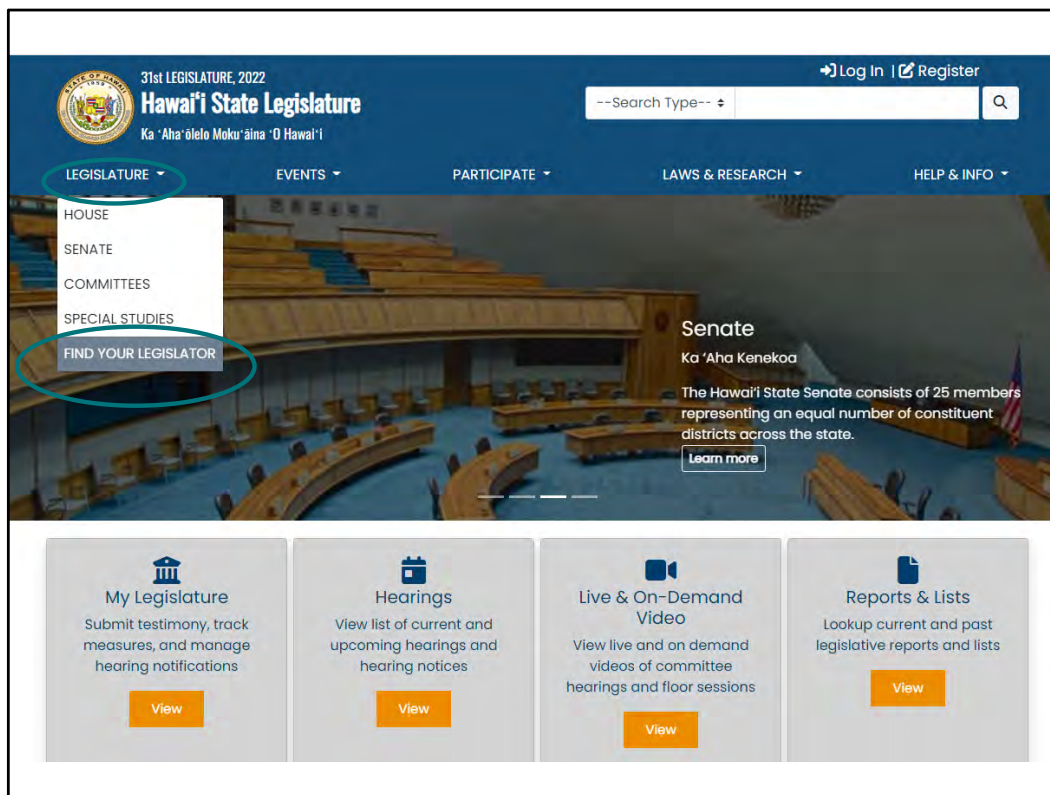

FYI -- When we use the term "Majority" it refers to the political party that has the most members in the chamber -- in Hawaii currently, for both chambers that would be the members of the Democratic Party. The "Minority" party (here, the Republican members) also elect one another to leadership positions, to better coordinate the actions of their members.

Find Who Represents You

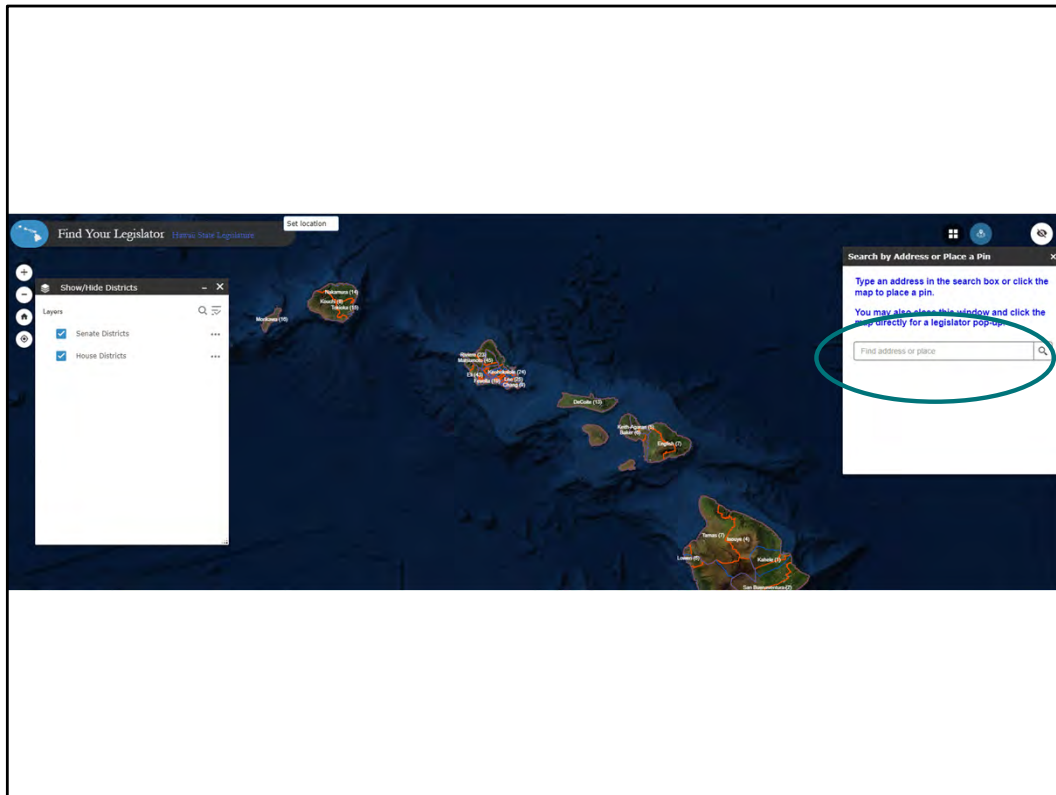

capitol.hawaii.gov

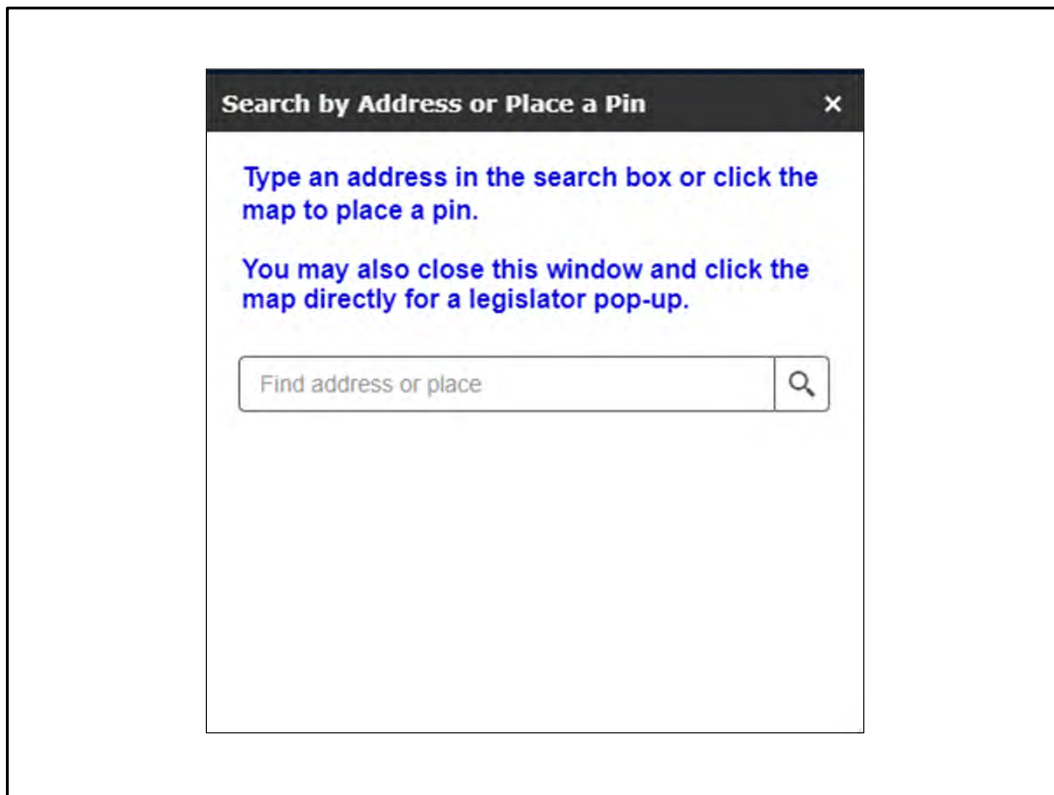

To find out who your own representative and senator are, it's as simple as going to the legislature's website, capitol.hawaii.gov .

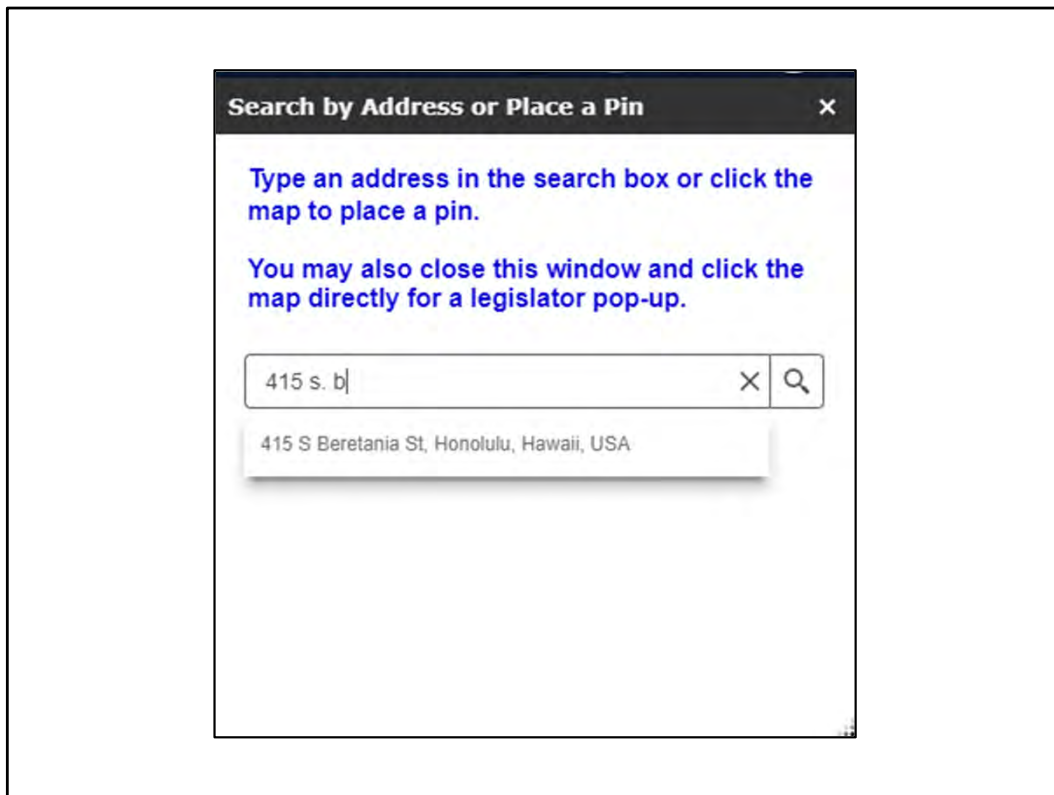

From the capitol homepage, click on the "Legislature" tab. Then select "Find your legislator" from the drop-down menu.

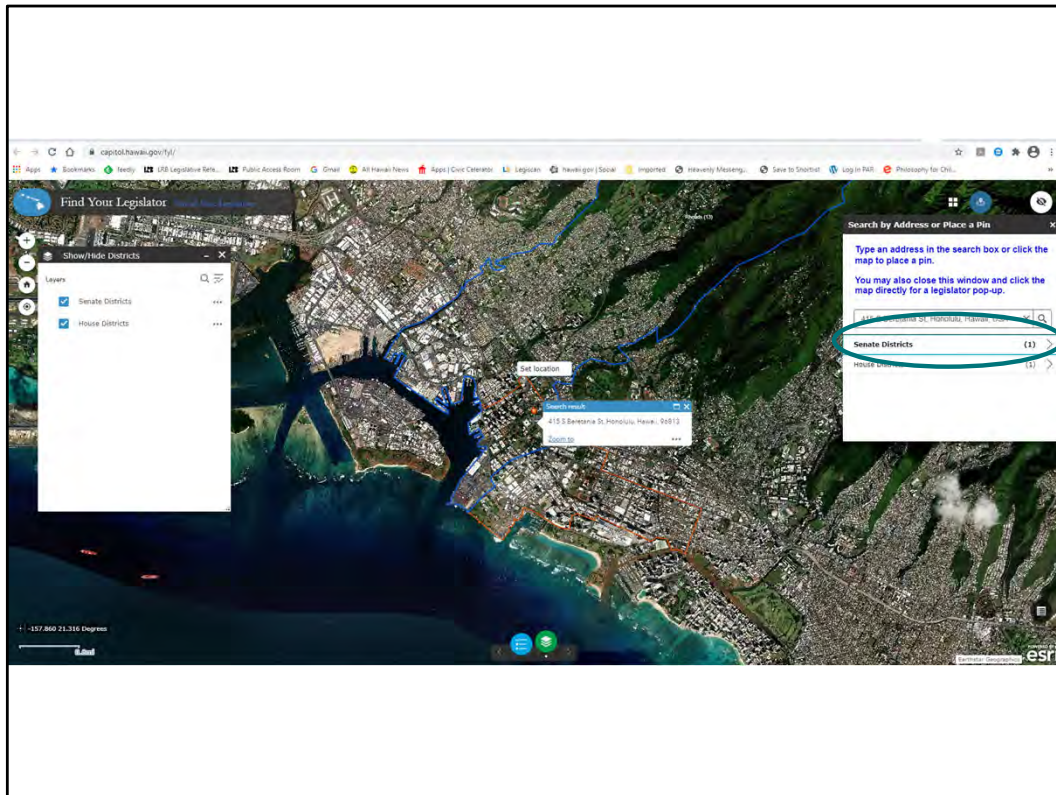

You'll come to this screen where you can type in your address or navigate on the map to a particular location

Let's put in an address

We'll pretend we live at the state capitol, 415 S. Beretania Street

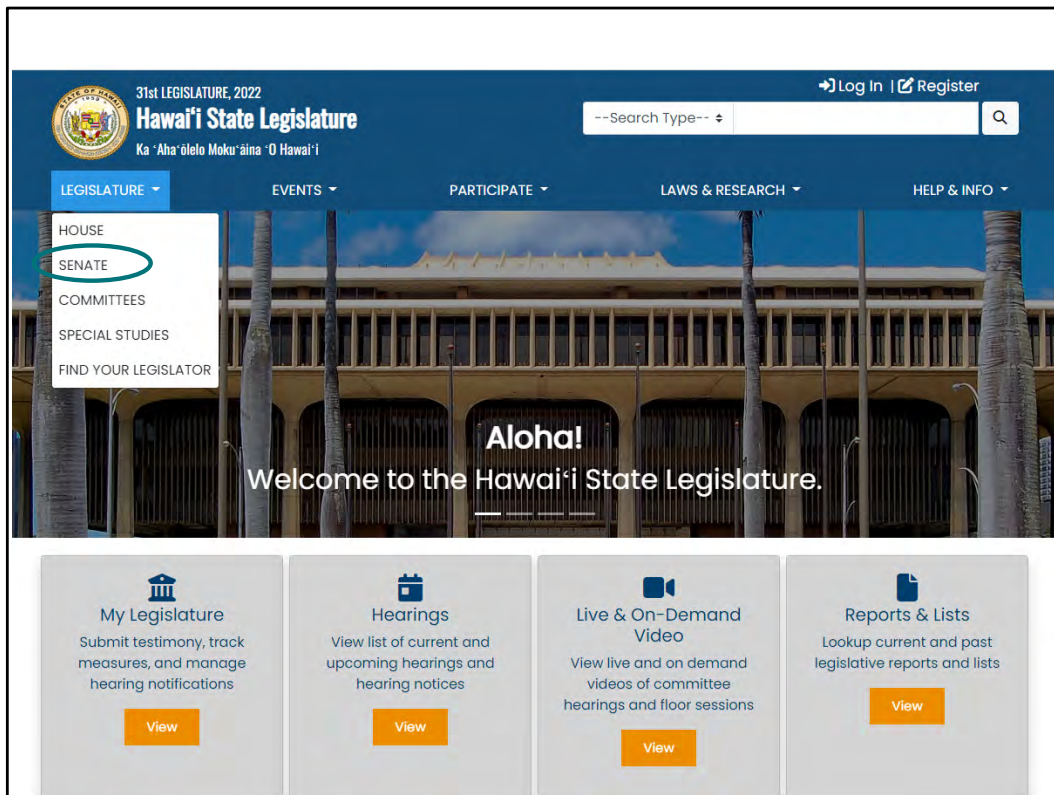

As soon as we put in the address, the map locates the address and shows us the boundaries of the House and Senate districts it falls in. To see who our elected officials are, just click on “Senate Districts” or “House Districts” in the box on the right. We’ll choose to find our senator...

When we click on Senate Districts, we find that our senator would be Sen. Karl Rhoads, and are provided with his contact information and even a photo.

The legislature's website, capitol.hawaii.gov, is a portal to all sorts of helpful information. It's also where you'd go to signup for hearing notices and submit testimony.

To view the legislators, click on the “Legislature” tab and select either House to view all the Representatives, or Senate to view all the Senators.

From this page, you can view the chamber's leadership information, the committees, or all members by clicking on the button you want to view.

Senator Stanley Chang was born and raised in East Honolulu to hardworking immigrants from China and attended Wai-Kahala Preschool, Kahala Elementary School, and 'Iolani School. After graduating from 'Iolani school, Chang attended Harvard College, graduating magna cum laude and Harvard Law School cum laude. Before being elected to the City Council, Chang practiced law at Cades Schutte in Honolulu, specializing in real estate law.

From 2011 to 2015, Chang represented District 4, East Honolulu, on the Honolulu City Council. During his time on the City Council, he served as the Chair of the Public Works and Sustainability Committee, where he oversaw roads, sewers, water, waste disposal, and other basic infrastructure needs of the city. Chang also served as Vice Chair of the Budget Committee, which was responsible for the \$2 billion operating budget and the capital improvements budget of the City.

Don't forget the most
important
participants in State
legislative
government...

Before we go any further, we want to remind you that for this whole system to work, it needs participation by...

People
like you!

YOU!

Without the public, it just doesn't work.

What can you do?

- **Vote!**
 - State Senator (every 4 years)
 - State Representative (every 2 years)
 - Proposed Amendments to the Hawaii State Constitution
- **Run for office** (or help someone else)
- Communicate with legislators
- Offer testimony
- Join with others

Here's a reminder of some of the things that we as everyday citizens can do to be part of our own governance.

We vote the senators and representatives into office – senators serve 4-year terms, representatives are elected to 2-year terms. We also vote on proposed changes to the Constitution.

You can run for office or help someone else to do that – you don't need to be a political science major or a lawyer. People with all sorts of experience and backgrounds serve in these positions. Also, we have what is called a part-time legislature (in session from January to May), and many members keep their positions outside of the capitol while they serve. Of course, things get very busy during session, so you'd need to plan on that!

You can also communicate with the people that are in office, letting them know your priorities, views, and concerns. In PAR, we concentrate on helping you with that, as well as offering testimony and reminding you to join with others to amplify your voice. We'll get into all this as we move forward.

YOUR VOICE

Communicate with
Your Legislators

Appropriate any time!

We've already mentioned voting – which is an important way of expressing your voice – but how about communicating with the people who were elected to represent you? Let them know what you think they should focus on – environmental policy, education issues, transportation infrastructure, housing, tourism, public safety issues – what seems particularly pressing to you? What would help or affect you and your family, neighbors, and colleagues? Are there particular issues in your neighborhood that concern you?

It's always appropriate to communicate with your own representative and senator about such matters – you don't have to wait for them to be in legislative session – their offices are open year-round.

COMMUNICATE YOUR POSITION

Time for a Letter...

Email...

Phone call...

- *"But they won't listen to me!"*

- *"Have you contacted your senator and representative to let them know what you think?"*

Legislators like to hear from their constituents. And even though they may not do what you'd like them to do, they really do listen! Give them a chance – let them know what you think.

Is it better to write or call? Either one – just do it! Writing provides a written record, while calling allows for a dialogue.

By the way, if you want to hear back from them, let them know. "I'd appreciate a call back." or "I look forward to hearing from you."

**Keep
It
Short and
Simple**

Think through what it is you want to say... Are you asking the legislator to take a particular action? Is there a situation that is a cause for concern? Do you want the legislator to hear your views and respond with his or her own?

Short and simple is usually a great place to start. If it's a complicated situation, offer an overview and a willingness to provide additional details. Help the legislator or staff member understand what you are asking for – make your request clear.

PAR
can help
you!

Psst... tell your friends!

PAR can help you as you engage with the legislature and the legislative process. Unsure if you should contact your legislator? Call us, and we'll help you focus. And we're one of the best kept secrets in the state – tell your friends!

When does all the
lawmaking happen?

Now, how about this matter of making laws. When does all that happen? When does the legislature meet to discuss what laws should be passed?

Regular Session starts on
the 3rd Wednesday in January...

As mentioned, in Hawaii we have what is called a “part-time legislature.” About 2/3 of the calendar year is the ‘interim’ period between regular legislative sessions. But that doesn’t mean they’re not busy being your legislators year-round.

It’s crucial to use this time between sessions well, so you’ll be ready for the fast-moving session when it starts (which is always on the 3rd Wednesday in January). About 3,000 bills are introduced each year, in roughly one week...you can imagine the frenzy!

Each of the wedges in this illustration signifies a major deadline – and is intended to show you just how fast things move during session.

The legislative calendar with the specific dates that will rule our lives during session is published prior to the beginning of a session – and usually not *much* before-hand.

The calendar is established by the Senate President and the House Speaker, working together.

By the way, the Public Access Room takes that calendar and creates an annotated version that's color coded and has helpful definitions so you can sort out what the deadlines mean. You can find the most recent version on PAR's website (click on the "Current Legislature" tab).

Public shares **ideas**
for new laws

-- well before the start of session!

Legislators also hear from lobbyists,
interest groups, and other legislators

Another way to use your voice is to share an idea for a new law with a legislator. The legislator can take your idea, have it drafted into a bill, and if the bill is successful, it will become an act of law. You need to know it's a tough road – over 90% of bills introduced each year don't become law. But if you've got a good idea and the time is ripe...!

NOTE: If you would like a legislator to introduce a bill on your behalf, you'll be wise to make the request during the interim months. It's usually easier to meet with legislators then and gives you a chance to discuss the matter when there is enough time to talk it over in an unhurried and thorough way. Most likely, if you wait until January...(sorry)...you're likely to be too late.

Summarize the problem (or the opportunity)

- *This law would make ____ mandatory...*
- *It is needed because...*
- *Other states that have instituted similar laws include...*
- *Website with data on this subject: ...*

Start fleshing out your idea...

First, identify the problem or opportunity. (It sounds simple, but sometimes this one takes a little work). See if you can summarize it into a short paragraph (just a few sentences).

Then list what you think a law would do.

If you've got research, know of a group that's behind the idea, or a state that has enacted similar legislation, you can let the legislator know that, too.

It helps to think this through prior to speaking with a legislator...

To get a bill introduced, must find a legislator

Start with:

- Your own
- Subject matter committee chair
- Members who have supported similar issues

In Hawaii, all bills must be introduced by a legislator. Other states may have different procedures, but that's the way it is in Hawaii. So, the next step is to find a legislator who likes the idea and who agrees to introduce the bill on your behalf.

If you've done your research as to why this bill is a good idea, you'll be much more likely to get a legislator's agreement to introduce your bill. The PAR staff can help point you in the right direction in finding someone to approach.

It's often a good idea to start with the senator and/or representative serving your district. That's good protocol but isn't an absolute rule at all.

You could also go to the members of the subject matter committee to which your potential bill would probably first be referred – the Senate and/or House transportation committee for a transportation idea, for instance.

Or perhaps we know or can help you find out who's supported similar legislation or issues in the past. That might be a good legislator to approach.

[The legislator may also ask a colleague in the other chamber to introduce an identical bill (called a "companion bill"), just to help the idea's chances of moving ahead. While introduced with identical language, the bills can quickly change from one another and live or die on their own.]

The bill can only be formally introduced (start its way through the pipeline) when the legislature is in session (though of course it is written – “drafted” – in advance).

The legislature always starts its Regular Session on the 3rd Wednesday in January – this year, that will be January 18, 2023.

party!

Opening Day

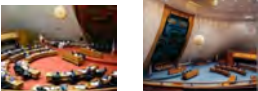

But the first thing we do is have a party! And we want to make sure you know that you're invited to our Opening Day party on the third Wednesday in January. Mark your calendars!

Usually, but not always, Opening Days are quite festive – there are floor speeches and entertainment in the chambers; legislators greeting people at their offices and offering pupus; and PAR's annual party, a potluck with our "almost famous" punch!

Unfortunately, with the COVID-19 pandemic, this all changed. We're hoping things get back to normal before the 2023 session opens!

Here's a brief glimpse of what's to come in a bill's life...

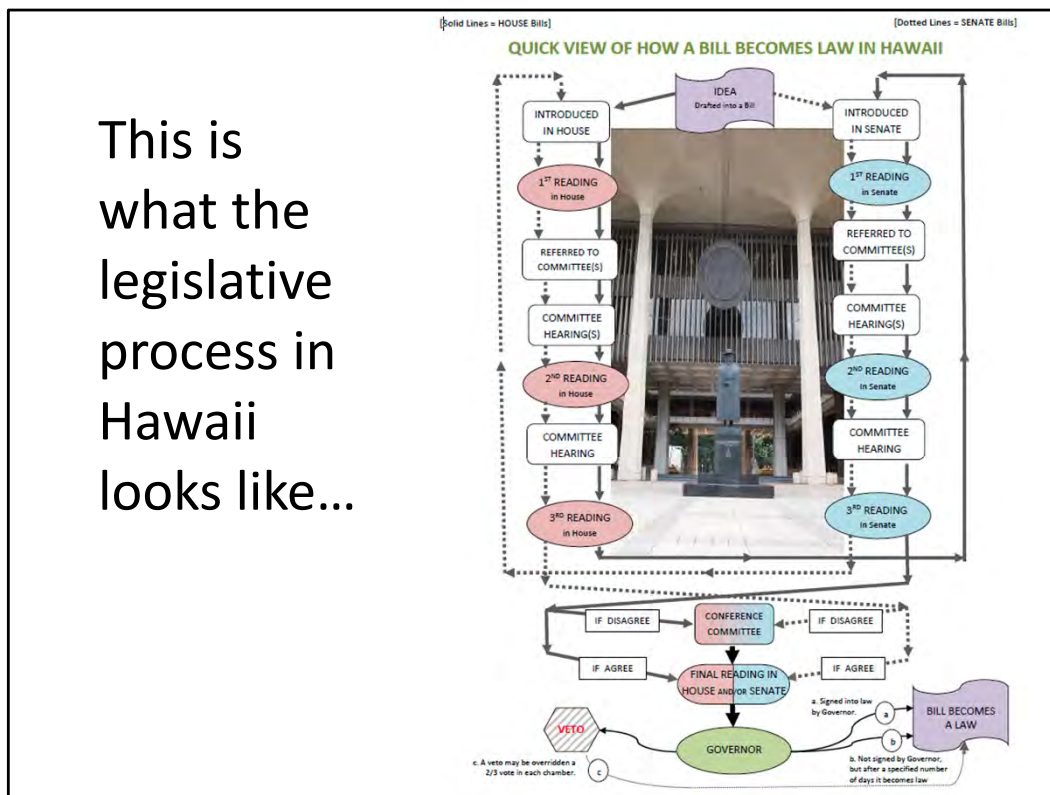

- Pass through all **committees** it's referred to *and* 
- Pass **three “readings” on floor of each chamber** *and* 
- Agree on **exact wording**  *and*
- Be signed or allowed to come into law by **Governor**, or Legislature overrides veto 

The bill has a lot of hoops to jump through to become law:

- Survive all the committees it's referred to. It's during the committee process that the bill is “heard” (that's why we show the disembodied ear here) – public hearings or decision makings are scheduled so that the public can have their voice heard regarding whether the legislation is a good idea. The number of committees a bill needs to go through in each chamber varies. As we'll see, it may be amended as it moves along.
- Pass 3 readings (votes) in each chamber by the full House (51 members) and the full Senate (25 members). This is a constitutional requirement for a bill to become law. The readings take place before, during, and after the bill makes it way through the committees.
- Both chambers must agree on the exact language of the final version.
- Be signed into law by the Governor, *or* become law without his signature, *or* if the bill is vetoed, have his veto overridden by 2/3 of the House and 2/3 of the Senate (or amend the bill to meet the governor's objections).

It's a high bar for a bill to become a law!

This is
what the
legislative
process in
Hawaii
looks like...

This is what the legislative process in Hawaii looks like... Goes through three readings while it makes its way through committees, crosses over to the other chamber and goes through the same process, and then make sure both chambers agree on the final wording of the bill that will go off to the governor. The governor can then sign the bill, veto it, or allow it to become law without signature. (If he vetoes it, the legislature does have a mechanism so they can override the veto and still have the bill become law.)

And it must do all of that by certain deadlines! Which is why that session calendar is so important. Over 90% of bills die – they don’t pass one of the deadlines... They’re called “dead”-lines because they’re designed to “kill” bills and narrow down the field of legislation being discussed.

Bill introduction

Bills are introduced in a one-week period at the start of session

Approximately 2,500-3,000 bills are introduced each year (Senate and House combined). There is a narrow window when bills can be introduced, beginning with the first day of session and usually lasting about a week.

In our state, only legislators can introduce bills. So, if you have an idea that you think would make a good law, make sure to let your legislators know. They can send your idea to a drafting agency at the Capitol where researchers can take your idea and put it into bill form. If your bill is drafted and a legislator introduces it, it has a chance to become law.

The legislator will have the idea drafted into a **BILL** that will be **INTRODUCED** at the start of **Regular Session**.

HOUSE OF REPRESENTATIVES
TWENTY-FIFTH LEGISLATURE, 2009
STATE OF HAWAII

H.B. NO. 1243

A BILL FOR AN ACT

RELATING TO TRANSPORTATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

- 1 SECTION 1. The legislature finds that an increase in bicycling among the
- 2 state's population would help to decrease the number of cars on our roads,
- 3 improve air and water quality, and encourage a healthier lifestyle among large
- 4 portions of Hawaii's population. Ownership of a bicycle greatly increases the

When a legislator agrees to introduce a bill, he or she will then work with one of the five bill-drafting agencies in the Capitol to have the bill written up.

When the bill is submitted by your representative or senator, it is promptly **given a number, which will be the tool you use to keep track of it. The prefix "HB" begins a House bill number; "SB" begins a Senate bill number.** If your bill is changed by various committees along the way, different draft numbers will be tacked onto the end of the bill number to help you keep track of the new versions.

When the bill was drafted, it was given a bill title – "A Bill for an Act Relating to Transportation," for example. The bill title can not change, and it must reflect the bill's contents. (The bill's content may change as it goes through the legislative process, but it must always be appropriate to the bill's unchanging title.)

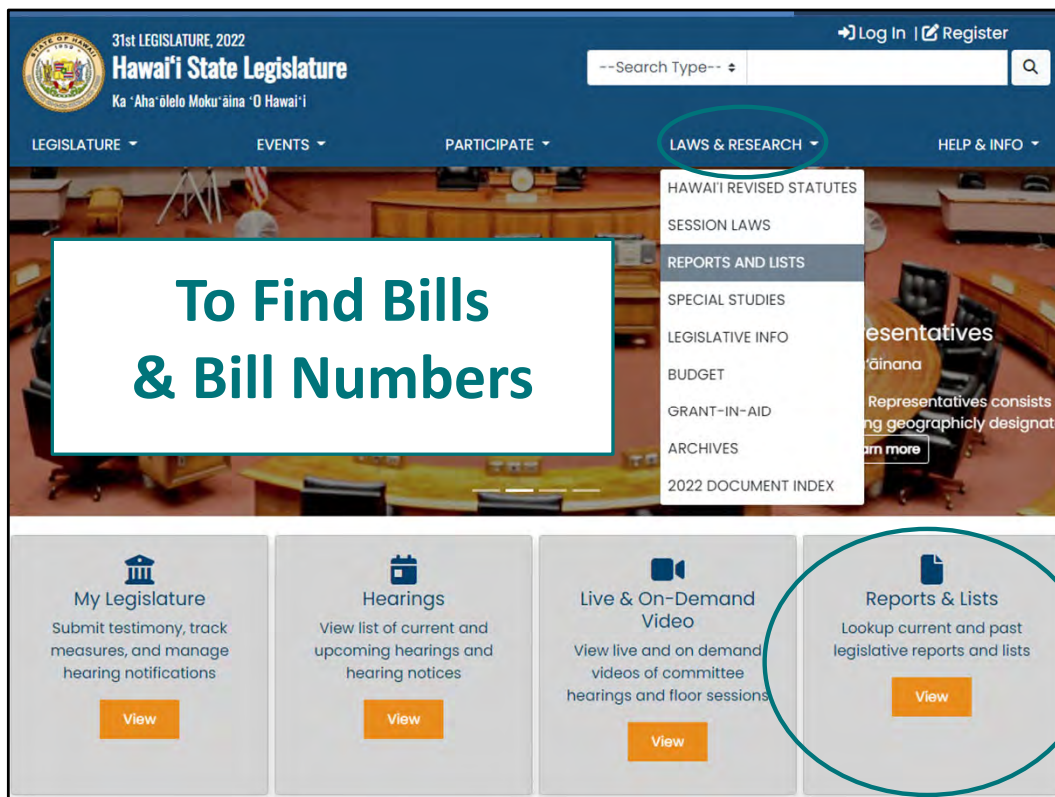

Bills can be short or long, simple or complex. Usually, the first section will state what the bill intends to do, the following sections outline what exactly is being done (revising the law books, for example, indicating deleted or added language), and the final section specifies when the law will take effect if enacted.

First Reading

Constitutional requirement: Bills must pass 3 readings (votes) on the floor of each chamber

The First Reading vote is nothing to get excited about. All the bills pass their first vote on the floor.

Say we've gotten our bill introduced – how do we find out its bill number? While you can use the “Keyword” type in the search bar at the top of the page, it's often much easier to use the “Reports and Lists” page to find bills. Often, when you're looking for something, this is the button that may bring an end to your quest. It's a “list of lists” that gets updated throughout session and also has a great “Subject Search” feature. There's a shortcut to “Reports and Lists” on the homepage, or you can find it under the “Laws & Research” tab.

Here's a bill status page. Every bill that's introduced gets its own web page where everything that ever happens to the bill is recorded. As we'll see later in the presentation, it's also where we can find committee reports, testimony, and other valuable information. A BILL FOR AN ACT

RELATING TO PAID SICK LEAVE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

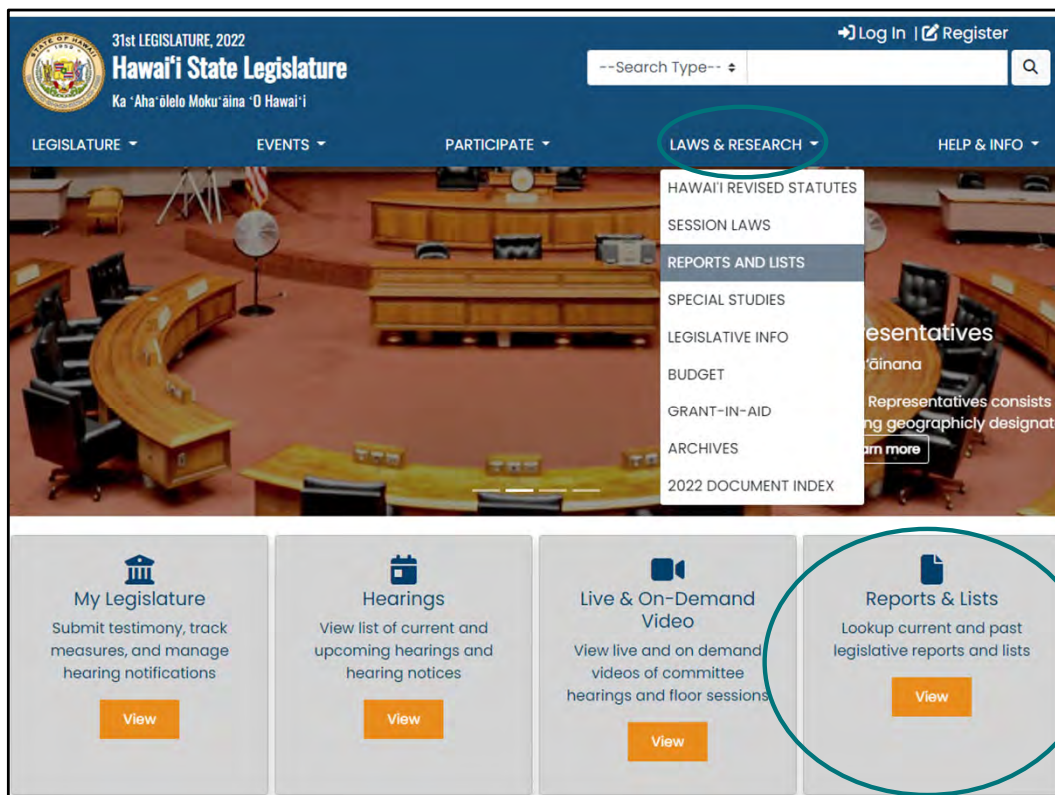

1 SECTION 1. The legislature finds that:

2 (1) Most workers in the State, at some time during the
3 year, need temporary time off from work to take care
4 of their personal health needs or the health needs of
5 members of their families;

6 (2) According to the United States Bureau of Labor
7 Statistics, paid sick leave was not available to
8 twenty-five per cent of private sector workers in
9 March 2020. This leaves a significant segment of the
10 nation's workers without paid sick leave. In Hawaii,
11 an estimated forty-three per cent of private sector
12 workers lack paid sick leave;

13 (3) Low-income workers are significantly less likely to
14 have paid sick leave than higher income workers.

And it will bring you to the bill itself, which you can read through.

Going back to the main page, we can again go to the shortcut to “Reports and Lists” on the homepage, or you can find it under the “Laws & Research” tab.

Once you've found the bills you're interested in...

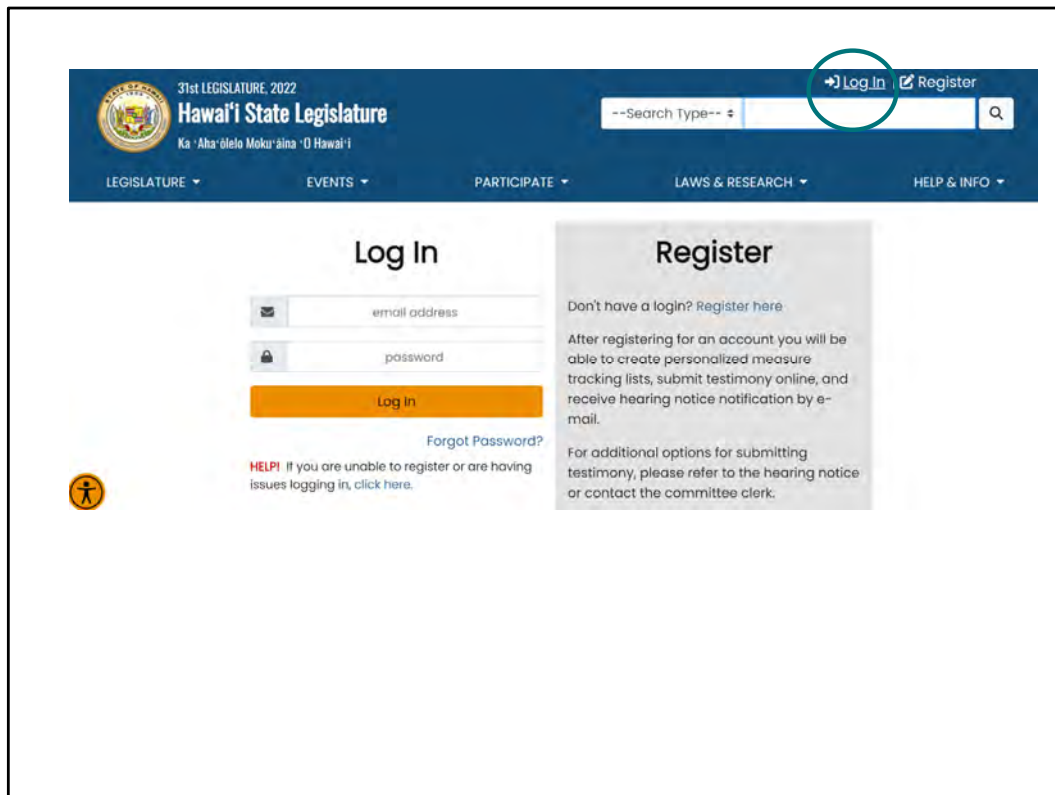

Sign up for hearing notices so you know if one gets scheduled!

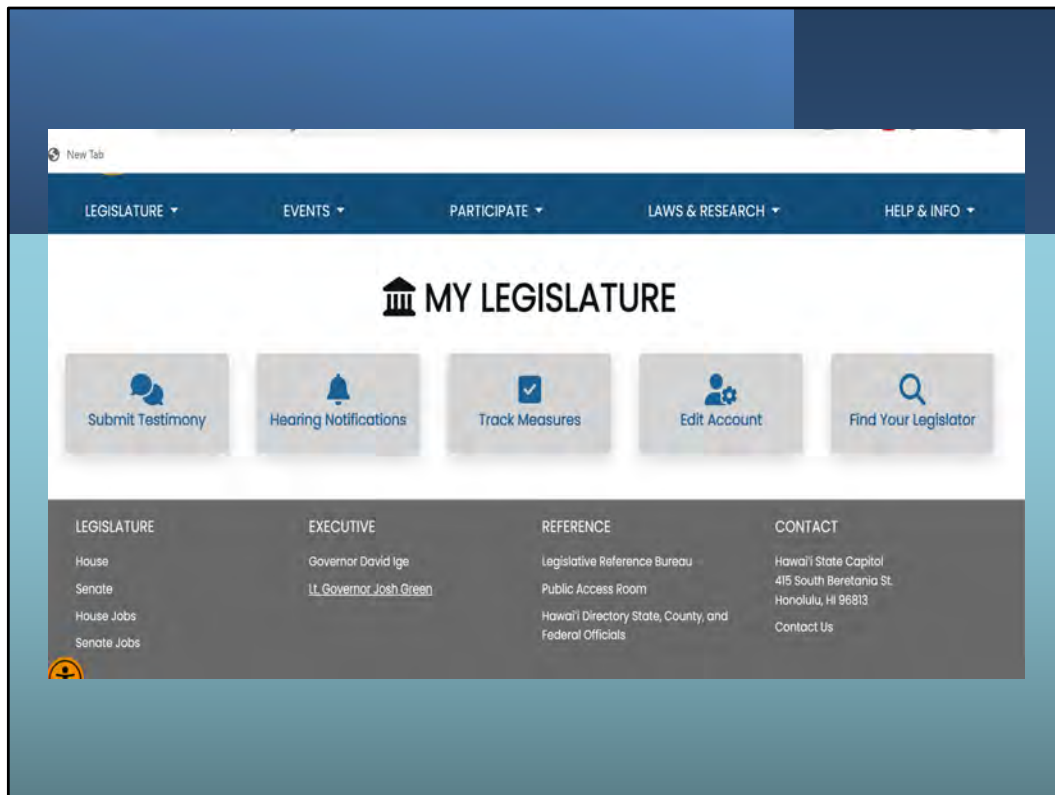

One of the first things to do when you find a bill that interests you is to sign up for hearing notices. Go to the legislature's website (capitol.hawaii.gov) and "Sign In" – we'll enter our email address and the password we created. We'll then be presented with shortcuts to our interactive features. If you've traveled away from that page, just select the interactive buttons that appear under the "participate" tab. Here, we'll select "Hearing Notification."

First Time Users:

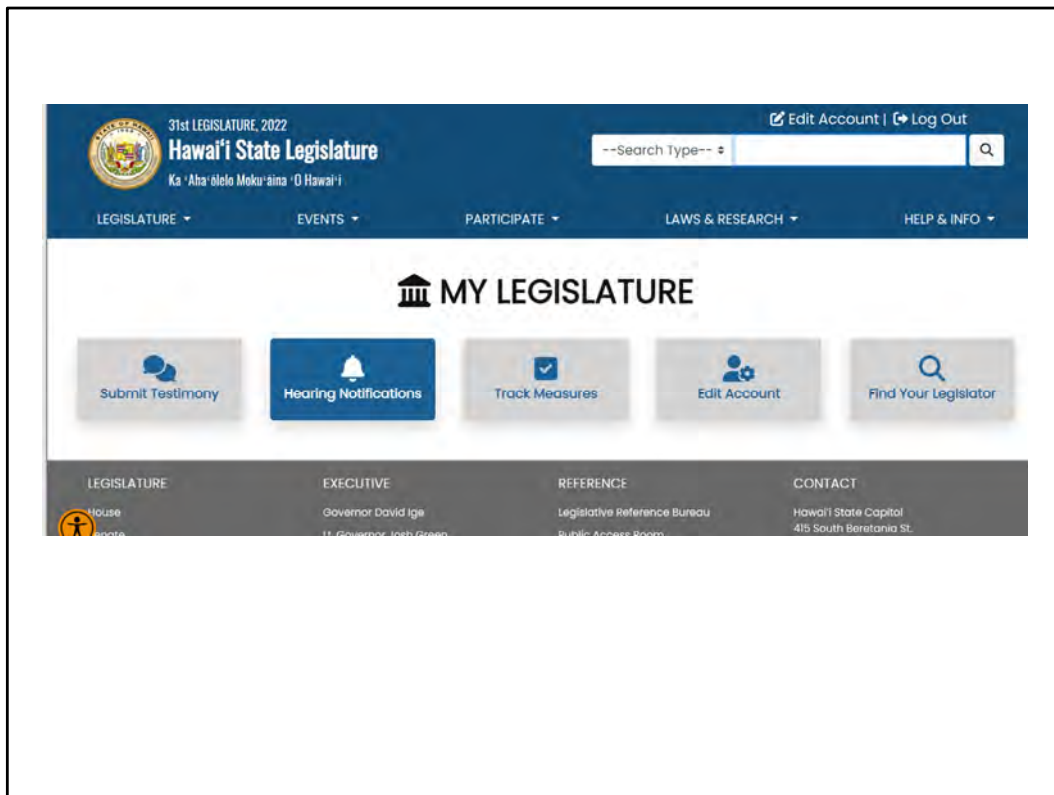

*If this is your **first time** using the interactive features of the website, you'll have to Register. Click on "**Register**" and enter your name, email address, and the password you'd like to use for the website. After you've agreed to the terms and conditions, you will be directed to go to your email account and open the email sent to you by the website. (This confirms you are not a robot.) Follow the instructions for confirming your account. You'll only have to register once.*

Go to the legislature's website (capitol.hawaii.gov). To use the "Hearing Notification" feature, first we "Log In" to the website – we'll enter our email address and the password we created.

Once you sign in, you can use the interactive features.

So, if we want to sign up for hearing notices to be emailed to us, we just click on the icon, "Hearing Notification".

This page appears. You can choose to receive hearing notices for certain bills or committees.

Just enter the bill number in the “Subscribe by Measure” box. Add as many bills or resolutions as you’d like. Any time one of them is scheduled for a hearing, you’ll get an email with a link to the hearing notice telling you when and where the hearing is taking place and how to offer testimony.

You may also want to subscribe to receive all the hearing notices issued by a particular committee. In the “Subscribe by Committee” area to the right, just click the boxes next to the committees you’d like to subscribe to. Be sure to select both the House and Senate committees!

Be sure to click on the “Save and Exit” button, and you’re all set. It’s easy to come back to this page and change your selections as session progresses.

**You'll soon find out what
committees the bill needs to go
through...**

After the bill is introduced, it will soon get its committee referral in its originating chamber (the House for HBs, the Senate for SBs) – the list of committees the bill will go through in order to survive. It could be that our bill is referred to three committees, or to two, or maybe just one. Sometimes, the committees may be asked to meet together (a joint referral). In any case, this list of committees is called the 'committee referral' and once we know what committees a bill needs to go through, we can use our voice to influence things.

YOUR VOICE

Ask for a Public Hearing

Chair decides which bills
will get a hearing –
there is limited time!

We can ask for a public hearing. We'll have to move quickly – those deadlines come up *fast!* Committees need to give at least 48-hours notice of a public hearing and the committees don't all meet every day of the week.

Are there other people we can get to join our call for a hearing? If so, you'll want them to help you move the bill forward –

Go to the person with the power:
chair of the committee

We ask the person with the power – the chair of that first committee – to have the bill heard, considered by the committee.

Getting your bill scheduled for a committee hearing is a big step – many bills never get that far. Contact the committee chair’s office and just ask – “Would you please make sure to schedule *[bill number]* for a hearing? I think it’s important because...” They should be upfront with you about whether they will. The chair’s office has a lot of things to consider – your bill is one among many that have been referred to the committee, and they’ve only got so much time to hear bills.

When a bill is scheduled for a hearing, a *hearing notice* is published and distributed to let everyone know what’s being discussed. This is the opportunity the public has been waiting for to provide testimony.

If it doesn't get heard, it will miss deadlines and will **"die in committee"** (the fate of most bills)

If the chair doesn't like your bill or doesn't think it's a priority and won't schedule it, it will just sit there while deadlines go by, and it will be left behind.

If the chair is not inclined to hear your bill, you may want to talk to other members of the committee – if they're in favor of it being heard, they may be willing to advocate to the chair.

You can find lists of the committees and committee chairs on both the legislature's website (capitol.hawaii.gov) and PAR's (LRB.hawaii.gov/PAR/).

Remember to keep your eyes open for other bills that are being heard that may cover similar subject matter. You may want to testify on those. That involves keeping your eyes open for hearing notices.

If your bill *does* get scheduled for a
public hearing...

If a bill you're interested in does get scheduled for a public hearing, you've got another chance to use your voice...

YOUR VOICE

Testify!

Who testifies?

Executive Departments, Interest
Groups, Lobbyists, Public

Testify! Offer your opinion on whether the bill is a good idea.

Your testimony at those committee meetings can be very helpful to the committee members. Don't make them have to come to decisions on legislation all on their own! Members of the public can offer a tremendous amount of experience, expertise, and variety of viewpoints that help to make better laws for us all. Also testifying will be executive departments, interest groups, and paid lobbyists.

Just a head's up: there's never as much time as you think you need to prepare your testimony! Just do the best you can and see if you can get other people who care about the issue to offer their testimony, too. The deadline is usually just 24-hours prior to the hearing.

Testimony information appears at the end of the hearing notice.

Guidelines and the testimony deadline appear at the end of the hearing notice.

In submitting written testimony, there's no set rule as to what it should look like. That's up to you. We do encourage you to try to keep it to a page or two. Try to make the main points immediately apparent.

Written Testimony

- Bill number
- Your name
- Are you **for** or **against** the bill?
- Why?

Include the essentials: the bill number, your name, whether you are for or against the measure, and where you're coming from. (Are you an expert? Great. But that's not necessary. Maybe you have an experience you'd like to share. Or maybe you're motivated by your moral or religious beliefs. Let them know where you're coming from.)

Remember...

- ✓ You don't have to be an expert
- ✓ Stories are great
- ✓ Use your own words
- ✓ Keep it short

So, remember... You don't have to be an expert. Stories are great. Use your own words. Keep it short. Type up your testimony and save it as a file on your computer. Now you're ready to submit it! (Don't have time for that? No worries – there's a place on the webform in which you can type your testimony.

Use the web form to submit testimony...

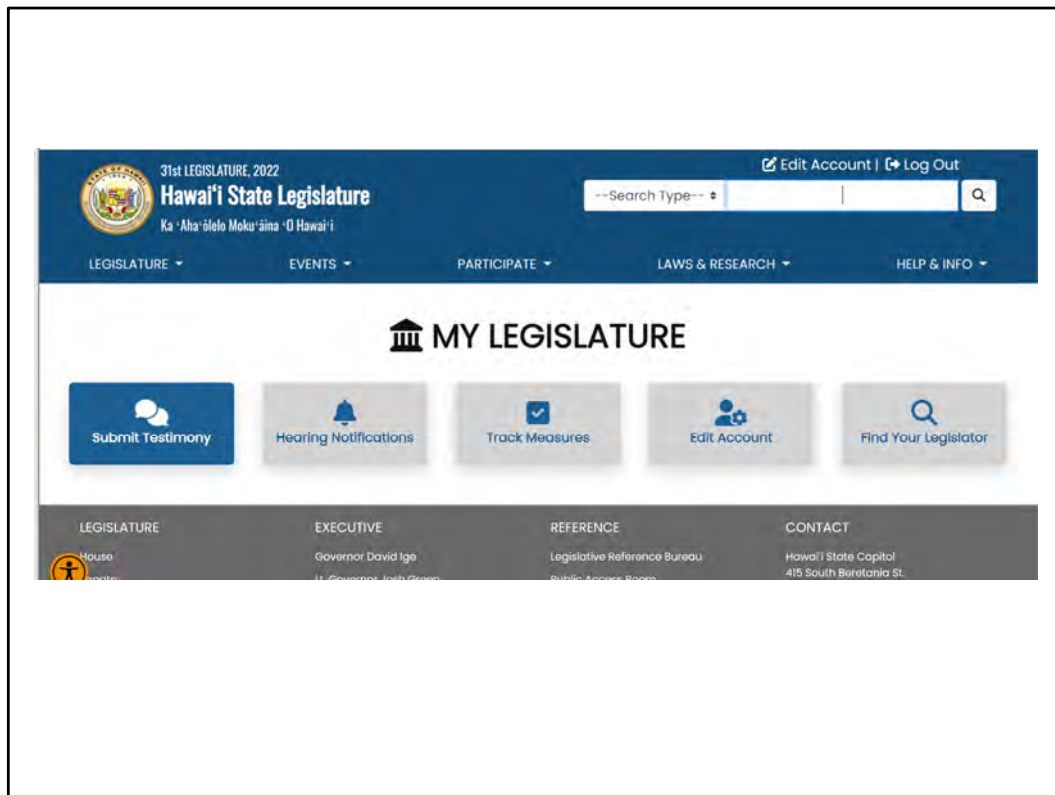

And to sign up for oral testimony –
in person or via Zoom

The "Submit Testimony" feature provides an easy and efficient way to submit testimony online – you just attach the file that contains your testimony, and in it goes. If you don't want to type up your testimony as a separate document, there's an option to add it to the testimony form instead. This is also where you'll be able to request the opportunity to provide in person testimony or remote oral testimony via Zoom.

The screenshot shows the Hawai'i State Legislature website. At the top, there is a blue header with the legislature's name and a search bar. A green circle highlights the 'Log In' link in the top right corner. Below the header, the 'Log In' section features a form with 'email address' and 'password' fields, a 'Log In' button, and a 'Forgot Password?' link. To the right, the 'Register' section includes a 'Register here' link and text explaining the benefits of creating an account, such as personalized measure tracking and hearing notifications. A 'HELP!' section at the bottom left provides additional guidance for users having trouble logging in or registering.

Go to the legislature’s website (capitol.hawaii.gov). To use the “Submit Testimony” feature, first we “Log In” to the website – we’ll enter our email address and the password we created.

And we've got shortcuts to our interactive features. If you've navigated away from this page, remember, you can always find them under the "Participate" tab.

Then, indicate whether you're testifying as an individual or on behalf of an organization and whether you'll just be submitting written testimony or if you wish to also offer oral testimony, either in person or remotely via Zoom.

Now you're ready to add your written testimony.

The screenshot shows a web form titled "Written testimony only" with a person icon. It instructs users to submit testimony using one of two options: uploading a file or typing directly into a text box. The file upload section lists acceptable extensions (.doc, .docx, .pdf, .rtf, .txt, .odt), a 20MB limit, and that attachments must be attached at submission time. It features a "Choose File" button and a "No file chosen" status. The text entry section is titled "Your testimony/comments on SB16" and includes a rich text editor with a toolbar (bold, italic, strikethrough, link, unlink, bulleted list, numbered list, indent, outdent, undo, redo, link, unlink, source, styles, normal) and a text area containing the text "Testimony in Strong Support" followed by "My name is John Citizen, and I think this is important legislation and will help the people of Hawaii because...". How the process of posting written testimony works:

Once your testimony is submitted and is listed in green in the sidebar, it is in our system. However, it is not automatically posted to the website.

Senate

- Written testimony submitted by the 24-hour deadline will be posted online prior to the convening of the public hearing.
- Written testimony received after the 24-hour deadline will be posted to the Capitol website within 24 hours after the hearing has adjourned and may be marked as "late".

House

- The hearing committee gathers all "on-time" testimony in the system for a particular bill, which is testimony submitted at least 24 hours before the hearing, and compiles it into a single document. Staff will try to incorporate additional testimony received within 24 hours of the hearing if possible.
- The hearing committee will post testimony received "on-time" to the Capitol website at the beginning of the hearing.
- Testimony received after the 24-hour deadline may be marked as "late" but will be posted to the Capitol website as soon as possible following the hearing. Testimony submitted after the hearing will not be considered or posted.

Your testimony was submitted and should appear in the list to the left. You will no longer receive email confirmation of testimony. If it is listed in green, then it was successfully received by our system.

You'll be returned to the original "Submit Testimony" page. A green box on the left corresponding to your hearing will appear. This indicates that your written testimony has been successfully transmitted to the committee.

If, in addition to written testimony, you requested the opportunity to testify via Zoom, a “Zoom Requested” notation will appear in your box. Sign back into the legislature’s website 3 hours prior to the hearing to see if your request to testify remotely was accepted. If it was, the “Zoom Requested” will have transformed into a “Join” button. At hearing time, you’ll sign into the website, click on the “Submit Testimony” button, and use the “Join” button to Zoom into the hearing.

So, if you're Zooming... when hearing time rolls around...

- Sign into the website
- Click "Submit Testimony" button
- Click "Join" button
- Keep the "Chat" panel open
- Wait for your turn...

If you're Zooming...

- Keep "chat" panel open -- this is how legislative staff will communicate with you.
- Your microphone should be muted, and your video stopped, unless it is your turn to testify.
- You will receive a request to share your video shortly before it is your turn. Accept the request.
- When the Chair calls on you, unmute your microphone and then begin addressing the committee.
- If you do not respond when the Chair calls on you, you may miss your chance to testify.

Oral Testimony

Let them Hear your Voice!

- “Chair ____, Vice Chair ____ and members of the committee...”
- Short and simple (may be a time limit)
 - Introduce yourself
 - State your position
 - Remember to **Breathe!**
- ***Become a trusted resource!***

Here are some simple guidelines

“Chair, Vice Chair and members of the committee...” is a great way to start.

Short and simple (2-3 minutes) – there may be a time limit, honor it.

Introduce yourself and the group or organization (if any) you represent.

Clearly state your position – in favor? Opposed? Alternatives?

Be courteous, respectful, and professional

Remember to **Breathe!**

Don’t just read your testimony – the committee has your written words. Instead, summarize your position, provide a point you’d like to emphasize. A short story can be very effective.

Tell the truth and don’t exaggerate. ***Become a trusted resource!***

Find others who agree with you to
amplify your voice

Now that you know how easy it is to testify, spread the word! Find allies. Don't forget to get help from and collaborate with people who share your perspective on the issue.

And don't forget to pay attention to your opponents. They can teach you a lot and help you to sharpen your own message.

After all the testimony
has been heard...

So now what? You've offered testimony, now you wait to see what the committee will do.

The Committee may...

- **Vote**
 - pass the bill without changes
 - pass the bill with changes
- **Not vote! Defer or hold**

- 1) The committee may vote to pass the bill just as it is, without any changes.
- 2) The committee may vote to pass the bill “as amended,” with changes.
- 3) The committee may choose not to vote – instead, the chair announces that they will “defer” or “hold” the bill. If they haven’t set a date for decision making, this means the bill will stay in the committee and miss the upcoming deadlines.

If the committee votes to pass the bill, the bill survives and moves forward in the legislative process.

The person who decides which of these paths to go on? The chair of the committee.

NOTE: On rare occasions, the committee may vote on the bill and the bill fails to win the vote; the bill would then be dead. It is much more common for a vote to be avoided if the chair knows there will not be enough support to pass it.

If changes *have* occurred...

Changes may be **minor or significant**

If they passed the bill with changes, they can be minor changes like correcting punctuation and other technical changes, or major changes affecting what the bill does.

Bill must conform to its title

2 Common Changes

Effective date: “1/1/2099”

Appropriate/fund: \$ _____

The thing that constrains how much a bill can change is its title, which never changes. The bill must always conform to its **title**.

Two common changes:

- Effective date may be **far in future** “to ensure further discussion”: The “defective” effective date is a mechanism to ensure that the bill goes into the conference committee process near the end of session. There is no intention of it going off to the governor like that.
- Dollar amounts may be **blanked out**: If they want to keep a dollar amount associated with the bill, they’ll make note of it in the committee report. The final dollar amount or appropriation details will usually be determined during the conference committee process.

Any changes will be summarized in the **committee report**, published whenever a bill moves forward out of committee.

If changed, it gets a
new draft number...

SB1 SD2 HD2   

Measure Title:	RELATING TO STATE RECOGNITION OF THE NATIVE HAWAIIAN P HEALTH, EDUCATION, WELFARE, HERITAGE, AND CULTURE.
Report Title:	Native Hawaiians; Qualified Native Hawaiian Roll; Appropriation
Description:	Establishes a commission to prepare and maintain a roll of qualified to publish the roll for the purpose of organizing a convention of qu governor to dissolve the commission after the commission publishe unspecified funds. Effective January 7, 2059. (SB1 HD2)

The amended bill will be given a new draft number.

It has still got its bill number, but now there is a new suffix indicating which draft (or version) of the bill we're looking at. HD = House Draft, SD = Senate Draft – the number indicates the number of times it's been changed by that chamber. This can look a bit confusing at first, but it really does help to make sure we're looking at the same version of the bill.

Here's a status page of a bill that's been changed three times. Click on the bill number at the top of the page to view the latest version of the bill itself. (Use the .pdf symbol to view the same draft but showing page and line numbers.)

On the right side of the page, you'll find links to previous versions of the measure. To get a quick glimpse of what changes were made, check out the committee reports that are published as the committees move the bill forward. Each committee report will summarize the changes, if any, that were made.

You can also view the written testimony that was received at each hearing. Just click on the links, and you'll be able to view .pdf files that present one page of testimony after another.

Under Hearing Notices, you can view the hearing notices as well as watch the proceedings – in real time, or after the fact – by clicking on the YouTube logo.

Everything that happens to the bill gets listed on its website under "Status Text". (Unfortunately, the site will not say "this bill is dead because it has now missed a crucial deadline." To determine that, you'll need to know your calendar of deadlines – or call or email PAR, and we'll be happy to help you out.)

Second Reading

Constitutional requirement: Bills must pass 3 readings (votes) on the floor of each chamber

Yay! Your bill passed its first (or first and second) committees... Now it's back to the floor for Second Reading! A majority of the members present vote 'aye.' And now we go on to our next committee if there is one...

YOUR VOICE

**If your bill moves forward...
do it again!**

- Ask to have it heard at the ***next*** committee
- Offer testimony at the ***next*** committee
- Repeat as necessary!

If the bill moves forward, you can ask that it be heard by the next committee. If a public hearing is scheduled, come and testify again. You don't have to worry about a whole new creative writing project, instead you can use virtually the same testimony you provided at the previous hearing. Just make sure that if the bill has changed, your testimony is still relevant. And you may want to emphasize the parts of your testimony that address the committee's purview.

Third Reading = by the Crossover Deadline

Constitutional requirement: Bills must pass 3 readings (votes) on the floor of each chamber

After it's made it through all the committees (which it must do by the First Decking deadline), it comes back to the floor for the Third Reading. The members of the House or Senate are given 48-hours notice of all bills coming up for Third Reading. This ensures that they've had time to review them before this critical vote. The bill has to survive Third Reading by the First Crossover deadline.

YOUR VOICE

On Occasion, Advocate to Entire Chamber

- Ask for their vote
- Get others to join you

During the bill's path through the legislature, it must be voted on 3 times in the full chamber of both the House and the Senate. On rare occasions, whether the bill will pass the vote may be in question. (Most bills die in committee, rather than on the floor of the House or Senate.) In such cases, you may want to use your voice to let your own representative or senator know how you would like them to vote. In some cases, you may want to call *all* of the members to let your opinion be known. Know a member is on the fence? Try to find one or more of their constituents to chime in.

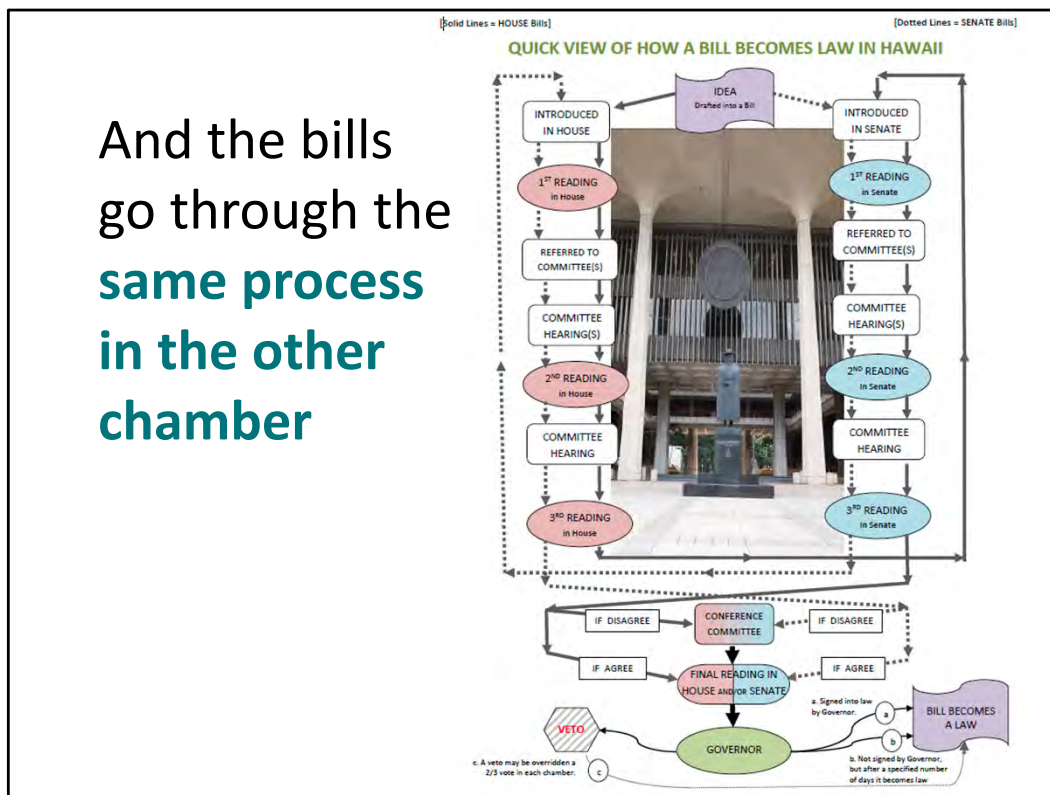

House bills go to the Senate
Senate bills go to the House

If your bill survives all three readings, then it ‘crosses over’ and attempts to go through the same process in the other chamber!

This time it will be the non-originating chamber that passes it on First Reading and then assigns committees, and you’ll ask for the bill to be heard, just like before. Deadlines come quickly during this part of session, and a bill must get through all three readings in the non-originating chamber by the Second Crossover deadline.

And the bills
go through the
same process
in the other
chamber

So, we've gone down one side of the diagram, and now we start down the other side. Now the Senate will be considering the House bills that survived First Crossover, and the House will be considering the Senate bills that survived.

(Note: If we were following a Senate bill, it would have to pass the Senate committees it was referred to and three readings on the Senate floor before First Crossover – it would then be transmitted to the House for its journey there.)

Session moves even faster after
First Crossover...

Bills must get through their non-
originating chamber by
Second Crossover

Things move quickly after First Crossover! They must get through their committees and three readings by the Second Crossover deadline.

To find agreement, leadership appoints members to **Conference Committees**

We now come to what is often the tricky part – coming to an agreement on the final version of the bill that will pass the legislature. If the bill wasn't changed while it was away at its second chamber, no problem, both chambers voted on the same version of the bill and off it can go to the governor. But most bills are changed while they're in their non-originating chamber, and so we enter the period called "Conference."

If the House has passed one version of the bill, and the Senate has passed another, the Conference Committees appointed by House and Senate leadership for that particular bill will try to iron out the differences and come to an agreement on the final version of the bill to be presented to their chambers. Bills can still die here. Conference committees may not be named, may fail to convene, or may not come to an agreement. The fate of your bill may be tied to the fate of other bills being negotiated by *other* conference committees. The meetings are open to the public, but usually only the chairs speak to one another and often the dialogue is simply, "Do we have an agreement?" and, if not, whether to give up or agree on the date and time for the next meeting.

This is when they may correct those crazy effective dates. It's also when the money committees determine which bills get funded, and those blank dollar amounts get filled in.

YOUR VOICE

Advocate to Conferees

**... and any other legislators
you've developed a
relationship with...**

While the meetings are open to the public, no testimony is received. Instead, advocates contact the conference members and anyone else they think may have some influence over the outcome. Advocates may focus on which particulars they want to see in the final bill.

The conferees need to come to agreement by the Final Decking deadline. For the budget and other appropriations bills, you'll see that there's a "Final Decking (**Fiscal Bills**)" deadline.

Final Reading

Both chambers must vote on final version of bill
by the end of session

Finally, if the bill emerges from conference committee with a conference draft (CD1), that new version of the bill must be voted on by both the House and the Senate. The Final Reading must take place by the end of session (adjournment *sine die*) and members must be given 48 hours notice before the vote.

YOUR VOICE

**Let the Governor know
your view**

But it's not over yet! The Governor has a say in whether the bill becomes law. You may want to let the Governor know that he should sign the bill into law – or let him know if you want it vetoed! If it does get signed (or not vetoed by a certain date), the bill becomes an act of law that governs the state of Hawaii. The date the law goes into effect is specified in the last section of the bill.

Note: If the bill is vetoed, there's still an opportunity for it to become law – the House and Senate can reconvene in special session, and if both chambers override the veto with a 2/3 vote, the bill is enacted. The legislature also has the option of amending a vetoed bill to meet the governor's objections; it then becomes law if the governor signs it.

Did your bill pass? Did you get what you wanted out of the committee hearings you submitted testimony for? Were the changes made to the bill acceptable compromises that still move your issue forward?

Amazing. Take time to thank the people who heard you and others who helped along the way!

Throughout session, though, this is more likely for a lot of folks. Often, they're disappointed to see their bill die, right there in front of them. It helps to remember the bright side – Did a hearing spark good discussion on an issue? Raise awareness? Identify potential allies? Often, you can take a step back and find some progress that's been made.

Even though the process of making a law may seem slow (it can take years) and is often frustrating, the process keeps a lot of "bad" legislation from coming into law. Just read through the descriptions of all the bills introduced at the start of session – you're sure to see some things you disagree with!

Don't give up –

get ready for next year's session!

If your bill dies...keep at it and remember that “many hands make light work.” The process is often long and complicated, so having other people involved will both increase your chances and keep you from burning out. Go over what happened during this year’s session and get ready for next year.

“The Interim”

May be easier to
find time with
legislators

And remember how important the interim is – the time between legislative sessions.

If your bill dies, the following interim is a good time to start stirring up interest in reviving it. Debrief and consult with allies about what worked and what didn't during session. Work with other stake holders to find points of acceptable compromise. Teach the legislators and/or the community more about your issue. Perhaps ask a legislator to draft a new bill that may stand a better chance of passage.

After the flurry of session, you'll find the capitol so much more relaxed during interim! It's a great time to talk with legislators and their staff.

Before you know it...

**It'll be the 3rd Wednesday in January,
And the whole process begins
again*...**

***Actually, it's a two-year cycle that follows the
elections...**

We didn't want to confuse you at the outset, but if your bill dies in an odd-numbered year, the first year of the 2-year legislative cycle (a biennium), it's not really dead(!).

In the first year of a biennium, any bill that didn't pass out of the legislature actually just goes into a coma. We say that it "died" but it's actually a potential "zombie" that could come back to life. In the 2nd year, in addition to all the new bills legislators will introduce, bills from the 1st year can be revived at exactly the same place they "died."

BUT at the end of the even-numbered year, the 2nd year of the biennium, if it hasn't passed into law, it is really truly finally absolutely totally DEAD.

We'll have elections in November of the even-numbered year, and a new biennium begins the following January with all new bills introduced.

That's no reason to stop your campaign, though. Remember, more than just a specific bill, you're advocating for an idea! You can make a list of what you'd like a bill to do, take it to a legislator, ask that person to introduce a bill for you the following year... and it starts all over again.

Add Your Voice

- Talk with legislators
- Suggest a bill
- Ask for a hearing
- Testify
- Lobby the chamber
- Contact the governor
- Keep at it!

So, as we've seen, there's a lot you can do at the legislature...

Confused?
Not to worry!
PAR's happy to help!

We know it all can seem a bit overwhelming and confusing. This is a lot of information! But the Public Access Room was established by the legislature as a resource to help to answer any of your questions and help you understand and learn more about the process.

Public Access Room (PAR)

- Help, information, and training at **no charge**
- **Non-partisan**
- Lots of resources!
 - Guidance on process
 - Computers with internet
 - Wireless access & recharge station
 - Copies of testimony
 - Helpful handouts
 - Website (lrb.hawaii.gov/par)
 - Workshops and tutorials

We are **non-partisan**, dealing exclusively in **process** and never in **policy** considerations. There is never a fee for our services – we’re supported by your tax dollars. You can come to PAR to use one of the public computers or the printer, have a small meeting, get copies of your testimony, or watch a hearing remotely. We have tables for you to work on your laptop (there’s free wifi throughout the building) or recharge your devices. Or perhaps just sit and relax a while. We can answer your questions and point you to resources. We also offer workshops and tutorials so you can learn more.

Our office is one of the five divisions of the (also non-partisan) Legislative Reference Bureau (LRB), a legislative service agency. A brief overview of the other divisions of the LRB:

- **LRB Library** has extensive holdings that cover legislative matters, some of which date all the way back to the days of the Kingdom. The research librarians can be very helpful and are a resource available to the public. They’re located in the Chamber level of the Capitol in Room 005 and can be reached at 808/587-0690.
 - The Research Division is one of five drafting agencies in the Capitol; they are available to assist any of the 76 legislators. The staff provides research, drafts legislation and committee reports, and publishes specific studies as requested by the legislature.
 - The Statute Revision Division integrates the newly-passed Acts into the fourteen volumes of the Hawaii Revised Statutes (the HRS), the codified book of laws governing the state of Hawaii.
 - The Information Systems Offices maintains a data base of relevant legislative information for internal legislative use. The staff also provide technical support for the division.
- More information on LRB can be found on the website: <https://lrb.hawaii.gov/par/>

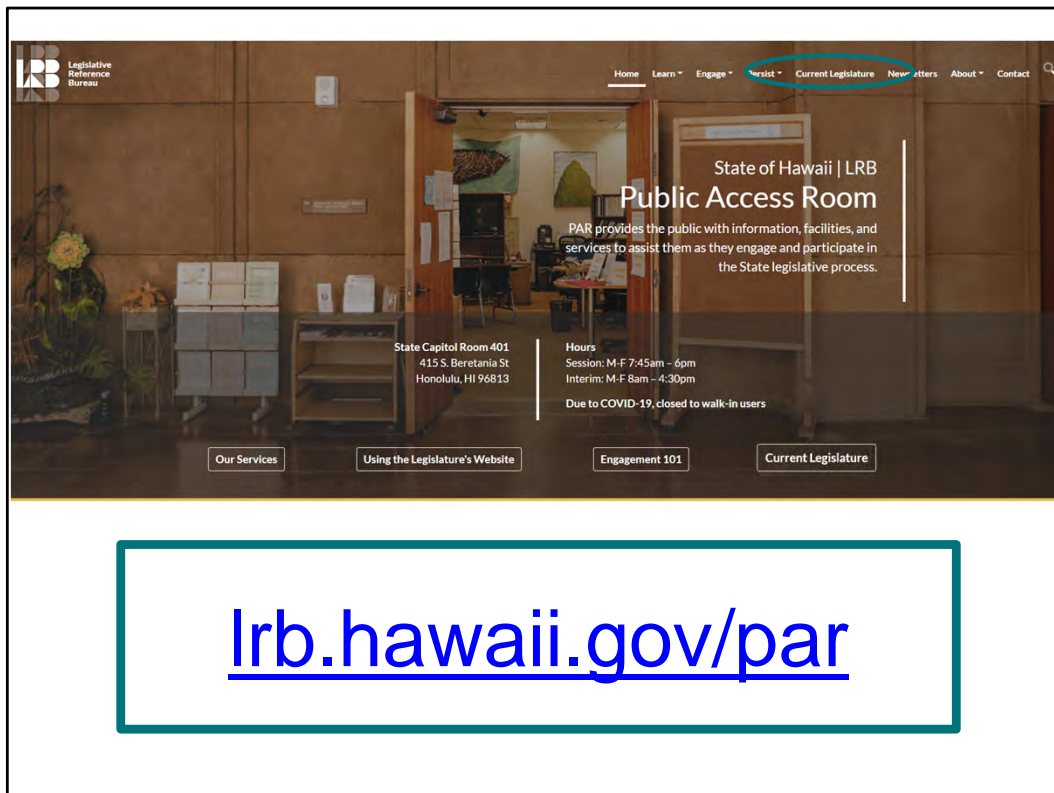

For helpful handouts,
and to learn more, head to the
Public Access Room's website

There are many helpful handouts on the PAR website, <https://lrb.hawaii.gov/par/> .

Our website has a lot of helpful information! Check out the “Engagement 101” shortcut, or find it under the “Engage” tab. You’ll find “How To” handouts and videos on using the legislature’s website’s interactive features.

The “Current Legislature” shortcut or tab gives you up-to-date lists of deadlines, committees, and legislators. It’s where you’ll find everything from office managers to district maps to who serves on which committees.

There's a wealth of information – check out “Learn,” “Engage,” and “Persist.” This workshop can be found under the “Learn” tab – just select “Workshops” and scroll down to the resources on the bottom.

Of course, we live in the

And this is how others might
depict the process –

We've talked about how bills become laws, but of course, we live in the real world. Here's how others might describe the process...

HOW A BILL BECOMES LAW

AS INTRODUCED

AS AMENDED IN
COMMITTEE

AS AMENDED ON SECOND
READING

AS ENACTED

AS FUNDED BY JOINT
BUDGET COMMITTEE

AS IMPLEMENTED BY
THE STATE AGENCY

AS REPORTED BY THE
MEDIA

AS UNDERSTOOD BY THE
PUBLIC

WHAT WAS ACTUALLY
NEEDED

- We get a legislator to introduce a bill for a double-decker tree swing. Wonderful.
- But then, it gets changed in one of the committees. They insist it should be double-wide instead. Fine. We can live with that.
- It then gets changed again, this time on the floor during second reading (this can happen – though it doesn't very often). Strange change, though, as now it's not going to be of any use to anyone! It's blocked by the tree trunk!
- Luckily, before the bill is enacted they've fixed it, sort of – they've dissected the tree trunk, put up support braces – it's not very pretty, but I guess it's something. Someone's going to hit their head though...
- Unfortunately, along the way the funding provision got stripped from the bill so there was no money allocated to do anything.
- So, the state agency does what it can, which isn't much help – it's a useless swing, lying on the ground.
- Along the way, the media's reported on all of this, but at times they seem to have things completely upside down.
- As for the public, it's not even on their radar! Not at all.
- And what was actually needed, was a tire swing. That would have been the best solution.

So, this is to illustrate a couple of things: 1) Keep your sense of humor. Helping to shape laws is a serious thing but keeping your sense of humor will help to keep you sane. 2) Don't be too wedded to your initial vision. If we were sure the double-decker tree swing was the only answer, we would be blind to a much better solution!
