

How to... Find Bills

Primary Search

HOW TO: Start at the Legislature's website capitol.hawaii.gov. Use the **Primary Search** box at the top right to search by bill number (HB100) to go to the bill status page, **or** search by keyword. Click on a result to get to the bill status page.

RESULTS:

- Option to **filter by content type** at the top of the search results page (*Measures, Hearings, Committees, Documents, HRS & Legislators*) or search **All Content**.
- Additional filters appear on the left and vary by content type.
- Filter by **year** (including multiple years) for content types of *Measures & Documents*.
- Content Type: **Documents** (includes measures, committee reports, testimony, GIA applications, session laws and more) and searches the full text of PDFs.

Primary Search (Measures) and Reports and Lists (Subject Search) only searches a bill's current title, keywords (report title) and description, not the full text of a measure or prior drafts. To search the complete text of a measure, including earlier versions of a bill or resolution, use Primary Search with the Document content type selected.

Subject Search

HOW TO: Start at Legislature's website: capitol.hawaii.gov.

- Click the [Reports and Lists](#) box (or select it from the **Laws & Research** tab).
- In the light-blue menu column on the left, click **Subject Search** (the last option).
- In the search box, enter the word or phrase you want to find.

Subject Search

Search Measure Number, Measure Titles, Report Titles (phrases matching a measure), and Descriptions of measures for the exact text entered.

Please omit diacritical marks (okinas and kahakos) from search words.
