FOREWORD

This is a report of the current functions and activities of both Territorial and City and County agencies. The data compiled were obtained from official reports, pertinent publications --officially and privately published-- correspondence, and personal interviews. In the case of each governmental agency, an attempt was made to inventory activities as of the end of calendar year 1947.

As the governmental functions and activities of the City and County of Honolulu parallel those of the county governments of Hawaii, Kauai, and Maui, with the major exception that these counties do not elect Mayors, they have not been included in this report.

In way of summary, it is believed that the data contained in this report, relating both to governmental agencies and to the officers who determine and execute governmental policy, demonstrate that the Territory of Hawaii in the scope of its governmental functions and the conduct of its governmental affairs follows the traditional American pattern.

Norman Moller, Director

TERRITORIAL DEPARTMENTS,

AGENCIES AND OFFICES

Supreme Court

The Supreme Court of the Territory of Hawaii consists of a Chief Justice and two Associate Justices appointed by the President of the United States with the consent of the United States Senate. The court room and chambers are located in the Judiciary Building in Honolulu. Salaries of all three justices are paid by the Federal Government and are currently supplemented by territorial appropriation. In addition, the Territory appropriated \$107,005.00 for the expenses of the Court for the 1947-49 biennium. The staff of the Supreme Court consists of nine persons.

The Supreme Court has general superintendence of all courts of inferior jurisdiction. It has appellate jurisdiction to hear questions of law, or of mixed law and fact, properly brought before it from inferior courts and judicial tribunals; its appellate jurisdiction extends to appeals from the Land Court and Tax Appeal Court. Original jurisdiction in questions arising under writs has also been conferred upon the Court.

In the calendar year 1946, 28 matters were disposed of by the Supreme Court. Of this number 13 were appeals, 6 original proceedings, and 9 motions. On December 31, 1946, it reported 26 cases were pending, as compared with 35 cases pending on the same date two years previous. It is charged with the examining and licensing of practitioners in the courts of record; 215 licensed attorneys were residing in the Territory as of December 31, 1947.

The present members of the Supreme Court of the Territory of Hawaii are: Chief Justice Samuel B. Kemp (see p.104), Associate Justice Emil C. Peters (see p.114), and Associate Justice Louis Le Baron (see p.106).

Circuit Courts

The Territory is divided into four judicial circuits, with a Circuit Court established in each. The second judicial circuit includes the Islands of Maui, Molokai (except Kalawao district where the leper settlement is located) and Lanai; the third includes the Island of Hawaii; the fifth, the Islands of Kauai and Niihau; and the first judicial circuit includes Oahu and the excepted area on Molokai. There are six Judges for the First Circuit Court, and one for each of the other Circuit Courts. All Judges are appointed by the President of the United States with the consent of the United States Senate.

The Circuit Courts have original jurisdiction of all felonies and misdemeanors where a trial by jury is demanded, suits for penalties and forfeitures, and all civil causes at law except minor matters. In addition, at chambers the Judges of the several Circuit Courts have power to hear and determine all matters in equity, grant probate of wills, and to issue the various writs. The Circuit Courts also have jurisdiction over all causes, civil or criminal, that may properly come before them on appeal from a magistrate's court or District Court.

By far the greatest bulk of work is handled by the First Circuit, it accounting for 5,197 out of the 7,594 cases disposed of in 1946. Probate actions, divorce--together with separation and annulment--and cases involving juvenile delinquents or dependents comprised 71 per cent of the total volume of cases disposed of in 1946.

In the First Circuit, the Judge of the Sixth Division is the Judge of Juvenile Court and is also responsible for the supervision and administration of the Juvenile Probation Division of the Court and the Juvenile Detention Home. The average daily population of the Home is 45 juveniles, and approximately 1,300 children are on the average under supervision. In the other Circuits, for administrative purposes the Juvenile Court is treated as a division of the Circuit Court, with the Circuit Court Judge sitting in chambers as Judge of the Juvenile Court.

The total number of employees of the Circuit Courts is 161. Of this number, 111 are on Oahu, with 12 concerned with adult probation, and the personnel aiding in the work of the Juvenile Court totaling 54. The balance is distributed among the other Circuit Courts, 19 for the Second Circuit Court, 19 for the Third, and 12 for the Fifth.

The salaries of the Judges of the Circuit Courts are paid by the Federal Government, and are currently supplemented by the territorial appropriation. In addition, the Territory appropriated \$1,456,920.00 for the expenses of the Circuit Courts for the 1947-49 biennium, of which amount \$403,868.00 was for the Juvenile Court and the Juvenile Detention Home in the First Circuit.

Judges in the First Circuit are: Judges Carrick H. Buck, 1st Division (see p. 88); Albert M. Cristy, 2nd Division (see p. 91); John E. Parks, 3rd Division (see p. 113); Willson C. Moore, 4th Division (see p. 111); John A. Matthewman, 5th Division (see p. 109); Gerald R. Corbett, 6th Division (see p. 91). Judges in the Second, Third and Fifth Circuits are, respectively: Judges Cable A. Wirtz (see p. 125), Martin Pence (see p. 114) and Philip L. Rice (see p. 116).

Legislature of the Territory of Hawaii

The legislative power of the Territory is vested in the House of Representatives and Senate of the territorial legislature, and, to the extent the approval of the Governor is a prerequisite for a bill's becoming law, in the Governor. This legislative power extends to all rightful subjects of legislation not inconsistent with the United States Constitution and applicable laws of the United States, including the Organic Act of the Territory.

The Senate is composed of 15 members, elected for four-year terms, with 4 members from the Island of Hawaii, 3 from the Islands of Maui, Molokai, Lanai and Kahoolawe, 6 from the Island of Oahu, and 2 from the Islands of Kauai and Niihau. Mr. Clement Gomes (see p. 96) was elected President of the Territorial Senate when the 24th Legislature organized in February, 1947.

The 30 members of the House of Representatives are elected for two-year terms. Representation afforded the various islands in the House is proportionately the same as that provided for the Senate, the relative number of Representatives merely being double the number of Senators allowed for the same island or group of islands. Mr. Manuel G. Paschoal (see p.114) was elected by the House as its Speaker after the convening of the 24th Legislature.

At the 1947 regular session of the legislature, 535 bills were introduced in the Senate and 969 in the House. 248 bills were enacted and became law, or about one-sixth of the number introduced. The 24th Legislature appropriated \$250,000.00 for its expenses and those of its committees active during the interim subsequent to adjournment.

Office of the Governor

The Governor of the Territory of Hawaii is appointed by the President of the United States, with the consent of the United States Senate, for a four-year term. The present incumbent is Mr. Ingram M. Stainback (see p. 120).

As Governor, he is responsible for the execution of the laws of the United States and of the Territory. In addition to being the representative of the Federal Government in the Territory, his powers and duties are comparable to those of the Governors of the 48 States. He is both the titular head of the territorial government as well as the official charged with the supervision of all territorial administrative agencies. The Governor acts as Commander-in-Chief of the militia, grants pardons and reprieves, and appoints all subordinate officers as provided in the Organic Act and the laws of the Territory.

There are 4 employees in the Office of the Governor. The salary of the Governor is paid by the Federal Government, but is currently supplemented by territorial appropriation. In addition, \$75,000.00 was appropriated for the expenses of the Governor's office and residence, and \$200,000.00 as a contingent fund to meet urgent needs of the Territory for which provision has not been made.

Bureau of the Budget

The Bureau of the Budget is charged with the responsibility of preparing the budget and supplemental estimates for the Territory, with the authority to assemble, correlate, revise, reduce or increase estimates of the several departments. Additionally, it conducts investigations of the administration of the various departments and agencies of the territorial government for the purpose of advising the Governor and committees of the Legislature concerning their duties, methods, and efficiency, and recommending changes for greater economy and efficiency.

With an appropriation of \$207,850.00 for the current biennium and staffed with 13 employees, 8 of whom perform administrative duties and 5 perform clerical, the Bureau's activities extend to all departments, boards, commissions and agencies of the territorial government and into certain financial problems of the counties.

The Director of the Bureau, Mr. Paul J. Thurston (see p. 121), an appointee of the Governor, also serves as Chairman of the Board of Disposal.

Secretary of Hawaii

In the scope of its duties and responsibilities, the Office of Secretary of Hawaii corresponds to the combined offices of Secretary of State and Lieutenant Governor in the State governments. As is the case on the mainland with regard to the latter officer, upon the death, removal, resignation or disability of the Governor, the Secretary of Hawaii exercises the powers and performs all duties of the Governor during the vacancy.

In addition, the Secretary of Hawaii is charged with the responsibility of recording and preserving all laws and proceedings of the Legislature and all acts of the Governor. His duties include supervision of elections; distribution of the Revised Laws of Hawaii, Session Laws of Hawaii, and other territorial statutes and publications; issuance of delayed certificates of birth; certification of documents issued by the territorial government; and maintaining an official file of all rules and regulations promulgated by the territorial departments. The Secretary of Hawaii is also Chairman and Executive Officer of the Board of Commissioners of Public Archives, having charge of all archival material.

The Office of the Secretary of Hawaii is staffed with 8 employees, 4 of whom perform clerical and stenographic duties, while the remaining 4 are attached to the Birth Registration Division. The staff of this Division visits all centers of population in the Territory at least once each year to receive applications for Hawaiian Birth Certificates, and to secure evidence pertaining to the issuance of birth certificates.

A total of \$173,981.00 was appropriated to the Office of Secretary of Hawaii for the current biennium. Additional revenues in the amount of \$14,758.00 are estimated from fees and the sale of law books.

The Secretary of Hawaii is appointed by the President of the United States, with the advice and consent of the United States Senate, for a term of four years. The present Secretary of Hawaii is Mr. Oren E. Long (see p.107).

Office of the Attorney General

Legal services for all departments of the territorial government are performed by the Office of the Attorney General. In addition, the county attorneys of the respective counties, as well as the city and county attorney and public prosecutor, are deputies of the Attorney General and are subject to his supervision and control.

Staffed with 10 professional, 8 clerical, 1 administrative, and 3 investigational employees--a total of 22 employees--the Office of the Attorney General has an appropriation of \$292,842.00 for the current biennium.

The Attorney General is appointed by the Governor subject to confirmation by the Senate of the Territory. The present Attorney General is Mr. Walter D. Ackerman, Jr. (see p. 83).

Office of the Auditor

The Auditor and Deputy Auditor of the Territory of Hawaii are appointed by the Governor with the advice and consent of the Senate of the Territory. In addition to the Deputy Auditor provided in the Organic Act, the Auditor is also assisted by a Second Deputy Auditor. The work of the Auditing Department is divided into four divisions.

The Control, Accounting and Reporting Division, staffed by seven employees, keeps the general books of the territorial government from which the annual reports to the Governor and the biennial reports to the legislature are prepared. These reports comprise financial statements such as balance sheets, consolidated statements of operations, statements of receipts and payments for all funds and statements of unappropriated surplus accounts.

The Pre-Audit Division, staffed by seven employees, scrutinizes and checks for legality of payment some 23,500 vouchers, payrolls and contract payments in the course of a year.

The Disbursing Division, staffed by six employees, prepares and issues annually approximately 220,000 territorial warrants in payments of vouchers, payrolls, etc. Garnishments and other deductions are handled by this division.

The Field Audit Division, with a staff of eight employees, conducts approximately 320 field audits of territorial departments, boards, commissions and public schools. In addition, the Second Deputy Auditor conducts investigations into the accounting systems and business procedures of the various territorial agencies and makes recommendations to improve their efficiency.

The total appropriation for the 1947-49 biennium is \$401,974.00. The present Auditor is Mr. Joseph Dickson (see p. 92).

Board of Agriculture and Forestry

The Board of Agriculture and Forestry is charged with the management and protection of the natural resources of the Territory, as well as with the enforcement of laws and regulations relating to agricultural products and activities. As part of its duties, it has control of forest reservations, enforces all laws relating to fish and wild game, and aids in the eradication of pests and diseases injurious to vegetation and domestic animals. Its functions are carried out through the work of five divisions, the Division of Forestry, Division of Entomology, Division of Animal Industry, Division of Marketing, and Division of Fish and Game.

The Board maintains branch offices on the Islands of Maui, Kauai, and Hawaii where administrative, custodial and inspectional or professional staffs are maintained by each Division to carry out their respective functions. On the Island of Molokai there are representatives of the Forestry, Fish and Game, and Animal Industry divisions, only.

Staffed with 199 employees in all its offices, the Board has a total appropriation of \$1,585,515.00 for the current biennium to carry on its work throughout the Territory.

The activities of the Board of Agriculture and Forestry are under the supervision of 7 Commissioners, all appointees of the Governor subject to confirmation by the Territorial Senate. One of the Commissioners is designated as the President and Executive Officer of the Board, the position now occupied by Mr. Colin G. Lennox (see p.106).

Fair Commission of Hawaii

The Fair Commission of Hawaii consists of the Chairman, Mr. E. Walker Chapman (see p. 90), and six additional members, all appointed by the Governor, subject to confirmation by the Territorial Senate, to serve terms of four years without pay. In recent years, the sole activity of the Commission has been to exercise jurisdiction over the Ala Wai Golf Course in Honolulu, a territorial course formerly used as the fair grounds.

The Ala Wai Golf Course has 776 members, each of whom pays monthly dues of \$3.50. In addition, it is a daily fee course, open to the public in general. One professional golf instructor, three clerks, and fourteen groundskeepers constitute the staff of the Ala Wai Course. The professional is employed on a concession basis, but all other employees are hired through the Territorial Civil Service Commission.

The legislature appropriated \$50,000.00 to the Fair Commission toward erection of a clubhouse. Dues and fees, after payment of expenses, are currently being added to this sum, and erection of the clubhouse is contemplated in the near future.

Board of Harbor Commissioners

Harbor facilities of the Territory are administered by the Board of Harbor Commissioners appointed by the Governor and confirmed by the Territorial Senate. The Board consists of five members, the Superintendent of Public Works being ex-officio Chairman. It is responsible for the control of shores and shore waters for all islands of the Hawaiian group, and the managing, constructing, operating, and maintaining of all port facilities owned by the Territory.

With the approval of the Governor, the Board promulgates rules and regulations covering operation of harbor facilities and sets rate of charges for their use. The major harbors are Honolulu on the Island of Oahu, Hilo and Kawaihae on the Island of Hawaii, Port Allen and Nawiliwili on the Island of Kauai, Kahului on the Island of Maui, and Kaunakakai on the Island of Molokai.

The Board operates as a self-supporting public utility. Allotments from income for the current year are as follows:

Administration, maintenance and bond charges....	\$1,064,811.00
New construction and rehabilitation	
authorized from revenue bonds and current	
funds, approximately.....	9,000,000.00

Five field offices, each responsible for operating the harbors on its respective island, are maintained by the Board. There is a total of 144 employees, 10 in the administrative group, 15 in the professional group, 11 in the clerical group and 108 in the custodial (maintenance) group.

The Director of the Board of Harbor Commissioners is Mr. Benjamin F. Rush (see p.117), an appointee of the Board.

Hawaii Aeronautics Commission

The Hawaii Aeronautics Commission, created in 1947, has jurisdiction and control of all territorial airways, airports and air navigation facilities. It is charged with the encouragement and development of aeronautics within the Territory of Hawaii. The Commission consists of 7 members appointed by the Governor, subject to confirmation by the Senate of the Territory. The Director of Aeronautics, Mr. Robert L. Campbell (see p. 89), who is the executive officer of the Commission, is an appointee of the Commission and serves at its pleasure.

Under the jurisdiction of the Commission there are twelve fields in active operation located throughout the Territory. Two new fields are now being processed and will shortly be put into operation.

For the year 1947 there was a total of 145,036 aircraft operations at the Honolulu Airport. Of this number, 41,522 were scheduled operations, 14,801 were itinerant operations which included Army and Navy air forces and civil aircraft, and 88,713 were local aircraft operations. Aircraft operations at the Honolulu Airport compare favorably in volume with operations in Baltimore, Maryland; Cincinnati, Ohio; Denver, Colorado; Seattle, Washington; Portland, Oregon; and Oakland, California.

In addition to a special fund designated as the Territorial Airport Fund derived from taxes collected on fuel sold for use in airplanes, all monies received by the Commission as rents, fees and other charges are applied for the expenses of operation and maintenance of airports and air navigation facilities.

There are approximately 65 employees on the staff of the Hawaii Aeronautics Commission, 20 of which constitute the administrative group and 45 constitute the maintenance crew.

Hawaii Housing Authority

The Hawaii Housing Authority is a corporate body created by the territorial legislature in 1935 to initiate, plan, construct, and manage housing projects for families of low income in conjunction with other governmental agencies, and to provide safe and sanitary dwelling units in place of slum areas.

There are now 15 housing projects in operation, 12 of which are located in Honolulu and on the perimeter of Pearl Harbor, 2 on the Island of Hawaii, and 1 at the Naval Air Station, Kahului, on the Island of Maui. These project offices are, in a sense, branch offices of the Authority as they are responsible to the central office located in Honolulu.

The Authority operates within the rental revenue received from rental of units on the various housing projects under its administration. This income not only pays for salaries, but pays for maintenance, repairs, replacements, establishment of reserves, insurance, etc.

There are 100 employees in the Hawaii Housing Authority, 48 performing custodial duties, 38 clerical, 1 professional, 2 sub-professional and 11 performing administrative duties.

The Authority consists of five commissioners who are appointed by the Governor with the consent of the Senate of the Territory. They receive no compensation, but may be reimbursed for expenses incurred in the discharge of their duties. The Chairman of the Hawaii Housing Authority is Mr. Robert H. Lloyd (see p. 107) and Mr. Archibald S. Guild is its Executive Director (see p. 96).

Hawaii Statehood Commission

The Hawaii Statehood Commission is composed of eight members, who are appointed by the Governor, subject to confirmation by the Senate of the Territory. In addition there is a Legislative Holdover Committee on Statehood consisting of six Senators and six Representatives. All members of the Commission and of the Holdover Committee serve without compensation.

The chief function of the Commission is actively to support and press the movement for statehood for Hawaii. The Commission is authorized to assemble, compile, publish and disseminate information in furtherance of statehood and to advocate and support claims of the Territory and its inhabitants to equal treatment and usage as that received by the States of the Union.

The Commission maintains two offices, one in Honolulu staffed with 4 employees, and the other in Washington, D. C., staffed by the Executive Secretary of the Commission and two clerical assistants. The Commission has an appropriation of \$200,000.00 for the current biennium.

The Chairman of the Hawaii Statehood Commission is Mr. Abner T. Longley (see p. 107).

Hawaiian Homes Commission

The Hawaiian Homes Commission, of which Mr. Frank H. West (see p.123) is Chairman, was established for the purpose of developing tracts of land on the Islands of Molokai, Hawaii, Kauai, and Oahu for homesteads and farm lots which are granted to families of Hawaiian blood.

The Commission, composed of five members appointed by the Governor subject to confirmation by the Territorial Senate, is authorized to lease to native Hawaiians the right to the use and occupancy of Hawaiian home lands within the following acreage limits for each lessee: (1) not less than one nor more than 40 acres of agricultural lands; or (2) not less than 100 nor more than 500 acres of first-class pastoral lands; or (3) not less than 250 nor more than 1,000 acres of second-class pastoral lands; or (4) not more than one acre of any land if it is to be used as a residence lot. Leases run for a term of 99 years at a rental of \$1.00 per year.

As of December 1947, 7,246 acres of Hawaiian home lands were under lease to 988 lessees and the number of people residing on these lands totaled 4,094.

The Commission maintains its central office in Honolulu in addition to branch offices on the Islands of Hawaii and Molokai. It also operates two nursery schools, one located in Honolulu and the other on the Island of Hawaii.

For the current biennium 1947-49 the estimated budget is \$302,329.00, of which approximately \$135,000.00 will be met by receipts from rentals of available lands.

Department of Health

In 1839, King Kamehameha III, by royal proclamation, created a Board of Health. Official public health in Hawaii thus precedes by 17 years the first state board of health in the United States.

The Territorial Board of Health is composed of 9 members appointed by the Governor, subject to confirmation by the Senate of the Territory. It is charged with the care of the health of the people of the Territory. The Department of Health represents the executive branch of the territorial government which administers the laws relating to health, medical and sanitary services. Dr. Charles L. Wilbar, Jr. (see p. 124) is the President of the Board of Health and Executive Officer of the Department of Health.

In each of the three counties outside of Honolulu (Hawaii, Maui, and Kauai), a branch health unit is maintained which performs services and educational activities similar to those carried on by the Territorial Health Department in the City and County of Honolulu.

Through health clinics, a total of 33,828 persons were served during the past year by the bureau of maternal and child health and crippled children, bureau of mental hygiene, and bureau of venereal diseases. Chest X-rays totaled 126,164; 137,072 bacteriological examinations were made; and there were 998 full-service cases in mental hygiene.

Upon recommendation of their respective examining boards, the Department grants physician and surgeon, osteopathy, chiropractic, naturopathy, and veterinary licenses. In addition, it issues permits to Hawaiian herbalists, chiropodists, physiotherapists, midwives, laboratory directors, and laboratory technicians. It appoints marriage agents, whose duty is to grant marriage licenses.

Revenues available to the Department for the current biennium are approximately \$4,175,068.00, \$3,288,467.00 being from territorial sources, \$885,527.00 from federal funds, and \$1,074.00 from private contributions for cancer research.

There is a total of 501 employees in the Department of Health, 100 in the custodial group, 112 in the clerical group, 49 in the administrative group, 146 in the professional group (including 37 part-time physicians), and 94 in the sub-professional group.

Office of the High Sheriff

The High Sheriff is appointed by the Governor, subject to Senate confirmation, and exercises his duties and responsibilities under the supervision of the Attorney General of the Territory. He is charged with the control and supervision of the subordinate officers of the police, and with the service of process issuing out of the courts of the Territory and other territorial agencies.

Commissions have been granted to 23 Deputy High Sheriffs, 10 of whom are appointed and serve with no compensation, receiving fees from services on summons issued out of the courts, and 13 of whom are employed by the various territorial agencies where the exercise of police power is necessary. In addition to these 23 deputies, the Office of the High Sheriff appoints one deputy on each of the outside islands to provide services to the courts in their respective districts. Finally, 3 Territorial Police Commissions have been issued to members of the Board of Paroles and Pardons of the Department of Institutions.

The Office of the High Sheriff receives no appropriation but relies solely upon fees received from services on summons and litigations.

The High Sheriff of the Territory is Mr. Ah Chew Lau (see p.105).

Board of Hospitals and Settlement

The Board of Hospitals and Settlement administers the program for the care and treatment of leprosy in the Territory and for the rehabilitation and improvement of Kalaupapa Settlement on the Island of Molokai and the Kalihi Receiving Station in Honolulu. Also under its control and supervision are an out-patient clinic and a welfare department. These two divisions, as well as the general administrative offices, are located in Honolulu.

In the fiscal year 1947, 589 persons were under the care and jurisdiction of the Board. Of this number 324 were active leprosy patients. The Board reports the continuing decline of the disease of leprosy in the Territory to 326 active cases as of June 30, 1947 - a decrease of 307 cases, or 49%, from the total of 623 at July 1, 1931, the date of the organization and establishment of the Board. Further, the incidence of new cases of leprosy has decreased from 60 in the year 1931-1932 to the recent five-year average of 31.

There are 130 employees who carry out the activities of this Board, with 5 performing administrative duties, 5 professional, 21 sub-professional, 12 clerical, and 87 custodial.

For the current biennium 1947-49, \$1,689,792.00 has been appropriated to the Board, to be expended for the following operations:

Kalihi Hospital.....	\$ 216,001.00
Kalaupapa Settlement.....	1,300,839.00
Parole & Suspect Division.....	16,560.00
Board's Clinic.....	35,218.00
General Administration.....	59,646.00
Welfare Division.....	4,916.00
Relief of Released Indigent Persons.....	1,600.00
Care and Placement of Children.....	35,935.00
Miscellaneous.....	19,077.00
Total.....	<u>\$1,689,792.00</u>

The Board of Hospitals and Settlement is composed of five members, appointed by the Governor subject to confirmation by the Territorial Senate. Members serve four year terms without compensation. The Chairman of the Board is Mr. H. Alexander Walker (see p.123).

Department of Institutions

The Department of Institutions is charged with the care, custody and treatment of wards of the Territory to effectuate their return to the community as productive members of society. This is undertaken through the Territorial Hospital, the Waimano Home, the Kawaiiloa Training School for Girls, the Waialeale Training School for Boys, and the Oahu Prison and its subsidiary camps. The Division of Parole and Homeplacement is also under the jurisdiction and control of the Department.

The total number of wards of the Territory cared for or supervised by the Department as of December 20, 1947, was 3,277. Within the institutions named were 2,569 wards, and the balance were on parole or convalescent status. Inmates of Oahu Prison on parole or probation are not under the jurisdiction of the Department, but under either the Board of Paroles and Pardons (see p. 20) or the Adult Probation Division of the Circuit Court (see p. 2).

The Department has 584 employee personnel, with the majority having custodial duties. Included in the total are 85 professional and sub-professional employees, and 137 with administrative duties. For the current biennium \$5,968,698.00 was appropriated by the territorial legislature. Supplementary revenue in the amount of approximately \$295,000.00 for the care of non-indigent patients, wards, and federal prisoners is anticipated. In addition, about \$475,000.00 will be derived directly from the activities of the institutions, almost exclusively from the production, use, and sale of farm products. Oahu Prison is in the process of being converted into an industrial prison, and it is anticipated that revenues derived therefrom will materially augment the funds available for the care and custody of Oahu Prison inmates.

The Director of the Department of Institutions is appointed by the Governor, subject to confirmation by the Senate of the Territory. The present Director and Chairman of the Department's Advisory Board is Mr. Thomas B. Vance (see p.122).

Board of Paroles and Pardons

The Board of Paroles and Pardons establishes rules and regulations under which prisoners may be paroled, and paroles revoked; recommends minimum sentences in cases of prisoners imprisoned for felonies; recommends commutation of sentences; supervises prisoners on parole; grants final discharges from parole as well as conducts investigations on petitions for pardon referred by the Governor.

There are 10 employees, 4 performing administrative and clerical duties and 6 performing parole supervision duties, in the Honolulu office. The field activities of the Board also cover the outside islands where there are 5 assistant parole officers, serving without pay. Approximately 585 men on parole are now being supervised.

The Board has an appropriation of \$83,895.00 for the current biennium to carry on its activities.

The Board, which is composed of five members, is appointed by the Governor and serves without compensation. The present chairman of the Board is Mr. Alexis J. Gignoux (see p. 94).

Department of Labor and Industrial Relations

A Commission of 5 members directs the operations of the Department of Labor and Industrial Relations. It issues rules and regulations of general application for the protection of the health and safety of employees in every employment and place of employment in the Territory. The activities of the Department are carried on by four bureaus.

The Bureau of Unemployment Compensation administers the Unemployment Compensation Law, Title V of the Servicemen's Readjustment Act of 1944, and Title XIII of the Social Security Act. During the fiscal year 1947 the Bureau paid \$345,073.00 in unemployment benefits and \$363,604.00 to veterans under the "G. I. Bill of Rights." A total of 8,654 continued claims and 4,398 initial claims for unemployment compensation were handled in the same fiscal year. The Territorial Employment Service is also under the administration of this Bureau and operates with funds granted by the Social Security Administration under Title III of the Social Security Act. In the fiscal year 1947, 127,563 reception contacts were made and 9,723 persons placed in employment.

The Bureau of Workmen's Compensation is charged with the administration of the Workmen's Compensation Law. Coverage is compulsory for industrial employment and employers may elect to insure exempt employees. In the fiscal year just passed, 16,802 injury and occupational disease reports were filed and \$787,260.44 paid in compensation, medical, and hospital expense.

The Bureau of Labor Law Enforcement is responsible for enforcement of the Minimum Wage and Maximum Hour Law, the Child Labor Law and the processing of wage claims. In fiscal year 1947 the Wage and Hour Division completed 2,046 inspections of business firms and caused \$41,354.93 to be paid in restitution to 1,254 employees. 170 wage claims were handled by the Division during the year. The Child Labor Division registered 12,158 minors in fiscal 1947 and issued 12,040 child labor certificates for employment.

The collection of data on wages, hours and working conditions of employment in the Territory and maintaining an index of consumer goods and services in Honolulu is performed by the Bureau of Research and Statistics of the Department.

The administrative offices of the Department are located in Honolulu, and a county agent is located on each outer island to represent the Department. The Employment Service maintains a separate office in each county seat, and the Wage and Hour Division assigns an inspector to each county.

There are 123 employees in the Department with 23 performing administrative duties, 2 professional, 18 inspectional and 80 clerical. For the biennium 1947-49 the sum of \$392,692.00 was appropriated for departmental operations.

The members of the Commission are appointed by the Governor, subject to confirmation by the Senate of the Territory. Members serve for five-year terms without compensation. Miss Ruth W. Loomis is Acting Director of the Department (see p.108) and Mr. E. Leigh Stevens (see p.121) is Director of the Territorial Employment Service.

Labor and Industrial Relations Appeal Board

The Labor and Industrial Relations Appeal Board considers appeals in Oahu submitted from decisions of the Director of the Department of Labor and Industrial Relations. Separate Industrial Accident Boards have been established in Hawaii, Kauai, and Maui for the same purpose of hearing workmen's compensation appeals. The outside island Boards consist of 5 members while the Board in Honolulu is composed of 3 members. All members of the Boards are appointed by the Governor, subject to confirmation by the Senate of the Territory, and receive compensation of \$10.00 per diem for actual attendance and reimbursement for expenses incurred in the performance of their duties.

In Honolulu, for the year 1947, the Board considered two appeals, one in which the Director's decision was affirmed and the other in which the case is before the Circuit Court. The Chairman of the Board in Honolulu is Mr. Morris N. Freedman (see p. 94).

Apprenticeship Council

The Apprenticeship Council is charged with the responsibility of establishing standards for apprenticeship agreements and advising and guiding the Director of Apprenticeship in the execution of the apprenticeship law. The standards recommended by the Federal Committee on Apprenticeship have been consistently used as a guide by the Council.

The purpose of apprenticeship is to supply industry with trained workers. The Apprenticeship Council has no regulatory power, it merely setting the standards to which employers and crafts voluntarily elect to conform. Upon such election the Council approves the particular apprenticeship agreement and recognizes the training program. As of December 15, 1947, there were approximately 160 establishments in the Territory, involving a total of 92 trades and crafts, registered with the Council.

The staff of the Apprenticeship Council is for administrative purposes a part of the Territorial Department of Labor and Industrial Relations (see p. 21). The Director of Apprenticeship is appointed by the Director of Labor and Industrial Relations subject to confirmation by the Council. There are in addition two clerical assistants as well as two field men from other agencies working in cooperation. Offices are maintained in Honolulu. The 1947-1949 estimated budget is \$29,215.00.

The Apprenticeship Council is composed of six persons appointed by the Governor subject to confirmation by the Senate of the Territory. Three represent employers and the remaining members represent labor. Mr. John A. Owens, a labor representative (see p.112) is Chairman.

Library of Hawaii

The Board of Trustees of the Library of Hawaii is charged with the responsibility of managing the Library of Hawaii. The Board is composed of 7 members who are appointed by the Governor subject to confirmation by the Territorial Senate. The President of the Board is Mr. David M. Moncrief, Jr. (see p.110).

The Library of Hawaii provides library service to the Island of Oahu through 62 distributing centers, including the main library in Honolulu, 5 branch libraries, 21 community deposit collections, 5 institutions, 11 school deposits, and 19 schools served by the Book Car.

For the year ending June 30, 1947, there were 792,141 volumes taken home by 70,482 readers. The Library had on its shelves at that date 187,864 bound volumes; 17,889 pamphlets; 28,519 mounted pictures; 884 large maps and a collection of approximately 64,000 unbound periodicals. The Library for the Blind contains 2,768 volumes in Braille and Moon type and 1,103 titles in talking books, comprising 19,825 records. A total of 15,098 talking book records were circulated during the year as well as 38 volumes in Braille.

In addition to its circulation service, the Library presents weekly phonograph concerts as well as educational movies and talks to the public.

The Library is staffed with 86 employees, 14 of whom are part-time workers and paid from private funds. Of the remaining number, 30 perform professional duties, 37 clerical, and 5 custodial. A total of \$482,137.00 was appropriated for the biennium, 1947-49, and with estimated receipts totaling \$43,000.00, \$525,137.00 will be available for its operation.

Military Department, Hawaii National Guard

The Military Department of the Territory is composed of the military forces of the Territory, consisting of the national guard and the unorganized militia. At present the national guard has a strength of approximately 3,300.

The Governor's command over the territorial military forces is exercised through the Adjutant General who is in control of the Military Department, subordinate to the Governor. The Adjutant General is Brigadier General F. W. Makinney (see p.109).

The Department has 56 employees, of whom 8 are administrative, 20 clerical, and the balance custodial. In addition to the Honolulu Armory and the Iolani Barracks in Honolulu, there are 2 armories on each of the Islands of Hawaii, Kauai, and Maui, and one on the Island of Molokai.

The appropriation of the Military Department for the current biennium, 1947-49, is \$446,215.00. An additional \$35,000 will be made available to the Department from rentals of national guard armories.

Board of Commissioners of Public Archives

The Board of Commissioners of Public Archives, comprised of 3 members, the Secretary of the Territory of Hawaii serving as its ex-officio Chairman (see p.107), is responsible for the collection, classification, arrangement, and safekeeping of all written and printed material pertaining to the government, history and people of the Territory. The members of the Board, 2 of whom are appointees of the Governor subject to confirmation by the Senate of the Territory, serve without compensation but are entitled to expenses incidental to the performance of their duties.

There are 10 salaried employees, the Archivist being the executive officer of the Board. For the current biennium 1947-49, the sum of \$75,773.00 was appropriated for the Board. Other revenues derived from charges made for certified and photostat copies of documents are estimated at \$350.00.

Department of Public Instruction

The Department of Public Instruction maintains a territory-wide system of free public schools for the education of the youth of Hawaii. Schooling starts with the kindergarten at age five. First grade education commences one year later at age six, and the child's schooling continues through the twelfth grade of the senior high school. There are 84,142 students now enrolled. Compulsory school attendance in the Territory is from six to sixteen years of age. In general, the course of study is similar to that of any good mainland school system.

The Superintendent of Public Instruction is the chief school officer and is charged with the over-all supervision of all public schools in the Territory. The administration of the Department is divided among five geographical districts, the city of Honolulu, rural Oahu, the County of Kauai, the County of Maui and the County of Hawaii. Each of the five districts is under a Supervising Principal who is responsible to the Superintendent of Public Instruction.

Besides the regular senior high schools, there are 4 vocational schools, each located on a different island, to give training in the skilled trades and crafts. There is also a Territorial Deaf and Blind School in Honolulu in which 101 students are enrolled. A Vocational Rehabilitation Division is operated in connection with the Department. This Division handles training and placement of individuals with vocational handicaps due to physical disability, and at present has an active case load of 495.

The Dental Hygiene Division of the Department has been in operation for 25 years. Prophylactic treatment and mouth examinations are given in all elementary schools. There are 27 licensed dental hygienists now practicing in Hawaii's public schools.

Appropriations and estimated revenues for the public schools of Hawaii for the current biennium are as follows:

Territorial appropriations.....	\$26,745,537.00
Counties' special school funds.....	4,500,000.00
Revenue receipts.....	195,000.00
Federal grants and aids.....	670,000.00
Bond issue authorizations.....	5,438,000.00
Total.....	\$37,548,537.00

Total Departmental personnel is 3,976, of whom 3,052 are principals and teachers. The remaining number is composed of:

Administrative and Supervisory Staff.....	66
Clerical.....	240
Cafeteria Managers.....	139
Cafeteria Helpers.....	228
Janitors.....	251

Dr. W. Harold Loper (see p. 108) is the Superintendent of the Department while Mr. Alexander Smith (see p. 119) is Chairman of the Commissioners of the Department of Public Instruction. Both are appointees of the Governor, subject to confirmation by the Senate of the Territory.

Department of Public Lands and Survey

The control of public lands in the Territory of Hawaii is vested in the Board of Public Lands, composed of 6 members appointed by the Governor, subject to confirmation by the Senate of the Territory. The Chairman of the Board is Mr. A. D. Castro (see p. 89).

With the exception of Hawaiian home lands, all lands in the possession, use and control of the Territory are managed by the Commissioner of Public Lands, Mr. A. Lester Marks (see p.109), who is also the Surveyor of the Territory of Hawaii. The Commissioner is authorized to homestead, lease, sell and otherwise dispose of public lands and other property in the manner deemed best for the protection of agriculture and the general welfare of the Territory.

All land patents, leases, deeds, contracts, agreements, executive orders, licenses, revocable permits, grants, or other conveyances of any government land or real estate are prepared by and issued from the Administrative Office of the Commissioner. The Administrative Office serves as a depository for all documents pertaining to real property or any interest therein conveyed by or to the Territory or to any political subdivision of the Territory. The staff of the Administrative Office consists of 23 employees.

The Division of Hydrography in the Department is charged with the investigation and determination of the water resources of the Territory, in cooperation with the United States Geological Survey. This Division also has general supervision over ground water investigations, and direction of the order in which ground water projects are undertaken. The Hydrography Office has a staff of 10 employees.

The Office of the Surveyor in the Department is responsible for the surveying of public lands for leasing, homesteading, and subdividing, and all other surveys in land transactions for public purposes. The Survey Office also checks descriptions of surveys in transactions in which the Territory is a party, prepares maps, and controls trigonometrical survey stations, government boundary line marks, etc. The Survey Office has a staff of 22 employees.

Appropriations and other funds available to the Department for the biennium 1947-49 total \$1,656,003.00. Of this amount \$621,003.00 was appropriated and the balance represents transfers from special funds and moneys in the Land Office Development Fund. Collections for the same period are estimated at \$3,036,590.00, of which \$2,580,890.00 will be from land rentals, water and land licenses, fees, sales of commodities, and improvements, and \$199,710.00 from sales of public lands.

Department of Public Welfare

The Department of Public Welfare provides financial assistance to those in need to enable them to have a standard of living compatible with decency and health. The Department (i) administers public assistance, including old age assistance, aid to dependent children, aid to the blind, and general assistance; (ii) administers child welfare services for homeless, neglected, and dependent children, and for children who are in danger of becoming delinquent; (iii) places or coordinates the placing of dependent children in suitable institutions or in private foster homes; (iv) supervises and annually licenses child-caring institutions and child-placing agencies; (v) maintains receiving homes for the temporary care and custody of dependent children until suitable placements can be made; (vi) furnishes or pays for the cost of medical services, including medical care and hospitalization, for persons receiving assistance and for medical indigents; (vii) develops plans in cooperation with other public and private agencies for the prevention and treatment of conditions giving rise to public welfare problems; (viii) and provides social services to those in economic need as well as to those needing service in solving family and individual problems.

As of the end of November, 1947, the Department was providing assistance and services to approximately 10,500 persons in the Territory. Of this number, 9,000 received financial assistance and 1,500 received social services only or medical services.

<u>Category</u>	<u>No. of Recipients</u>	<u>Average Payments</u>
Old age assistance	1,827	\$ 34.11
Aid to dependent children	1,132	88.40
Aid to the blind	79	37.47
General assistance	941	47.97
Foster care	822	39.63

One territorial office and four county offices are maintained by the Department. Honolulu, being the largest county, has 99 employees and 6 field offices; Hawaii county, 34 employees and 4 field offices; Maui county (including Islands of Molokai and Lanai) has 19 employees and 3 field offices; and Kauai county has 13 employees and 1 field office. The Department has 203 employees, 121 in the professional or administrative group, 73 in the clerical group; and 8 in the custodial group. Qualifications for the professional staff are among the highest in the United States.

The Department is financed from the territorial tax on compensation and dividends. The estimated departmental income for the biennium approximates \$7,150,000.00, of which income from federal revenues will be \$2,150,000.00

The Director of the Department, Mr. Newton R. Holcomb (see p. 99) is an appointee of the Governor. The 5 members of the Public Welfare Advisory Board, of which Mrs. Louise Root (see p. 116) is Chairman, are also appointed by the Governor, and like the Director, their appointments are subject to confirmation by the Territorial Senate.

Department of Public Works

The Department of Public Works is responsible for the management of the internal improvements of the Territory, including the design, construction and maintenance of territorial buildings, airports, grounds, highways, bridges, cemeteries, flood control, and other public works projects.

The Department maintains branch offices under District Engineers on the Islands of Hawaii, Maui, and Kauai. It has a total of 561 employees, 19 of whom are in the administrative group, 84 in the clerical group, 264 in the custodial group and the remaining 194 in the professional, 123 of whom are in the sub-professional group.

The appropriation for the current biennium is:

General fund.....	\$ 1,061,255.00
Estimated highway funds, including Federal aid.....	13,000,000.00
Estimated airport construction fund, including federal aid.....	1,800,000.00
Estimated general public works.....	<u>11,545,000.00</u>
Total.....	\$27,406,255.00

At the head of the Department is the Superintendent, Mr. Robert M. Belt (see p. 85), who is also the Territorial Highway Engineer, Chairman (ex-officio) of the Board of Harbor Commissioners, Chairman (ex-officio) of the Territorial Radio Board, member of the Honolulu Board of Water Supply, and the Consulting Engineer for the Governor. The Superintendent is appointed by the Governor, subject to confirmation by the Territorial Senate.

Bureau of Sight Conservation and Work with the Blind

The Bureau of Sight Conservation and Work with the Blind administers the program for blind persons in the Territory, including registering of the blind, vocational guidance, training and placement in employment. In addition, it undertakes other related activities such as a vision testing program in all public and private schools throughout the Territory, lectures and classes in sight conservation at the University of Hawaii, lighting surveys in public and private buildings, and locating and recommending visually handicapped students for enrollment in sight-saving classes and the Territorial School for Blind.

Services are furnished by the Bureau to approximately 600 blind persons and, annually, to an estimated 1,200 sight conservation cases. In addition, 97,000 school children are included in the annual vision testing program, with intensive follow-up for 8,000 school children.

Staffed with 22 professional, 20 clerical, and 4 administrative employees, the Bureau operates with a territorial office in Honolulu, and county offices in Honolulu; Wailuku, Maui; Lihue, Kauai; and Hilo, Hawaii. The latter office has branch offices in Kealahou and Honokaa, Hawaii.

The Bureau functions under a territorial 1947-49 appropriation of \$237,777.00 of which \$21,438.00 is to be utilized in matching funds with federal grants for vocational rehabilitation. There is an estimated additional amount of \$42,000.00 available from federal grant for developing the program of vocational rehabilitation.

The Director of the Bureau, Mrs. Grace C. Hamman (see p. 97), who is appointed by the Governor, is also a member of the Territorial Civil Service System.

Office of the Tax Commissioner

The Tax Commissioner is charged with the administration of the following taxes: real property, net income, gross income (general excise), compensation-dividends, consumption, motor fuel, tobacco, liquor, public utility, bank excise, and unemployment compensation. Also included under the supervision of the Tax Commissioner is the Taxation Maps Bureau, which furnishes maps for property tax purposes. Collections during the first eleven months of 1947 totalled \$49,567,000.

The 262 employees of the Tax Office are employed both in Honolulu and in branch offices on the principal islands of the Territory as follows: Oahu, 187; Hawaii, 37; Maui and Molokai, 24; Kauai, 14.

The total appropriation for the Tax Commissioner for the current biennium is \$2,049,228. Of this amount \$1,905,418 is for the Tax Commissioner's Office, \$133,810 for the Taxation Maps Bureau, while the Boards of Review and Tax Appeal Court, tribunals appointed by the Governor to hear litigation concerning property tax assessments, were appropriated \$10,000.

The Tax Commissioner is appointed by the Governor, subject to confirmation by the Senate of the Territory. The present Tax Commissioner is Mr. William Borthwick (see p. 87).

Territorial Council on Veterans' Affairs

The 1945 Legislature created the Territorial Council to which veterans, their families and dependents may come for information, counsel, aid and assistance. In addition, it is directed to cooperate with other territorial departments and to coordinate all veterans' services so far as possible. In scope of activities, the Council corresponds to state veteran departments and veterans' service centers on the mainland.

The Council operates four veterans' service centers, one on each of the major islands. During the two and a half years since its inception, the Council's centers have had more than 60,000 veteran contacts and have furnished services of all descriptions for them and their families. It has a testing and a vocational-educational counselling service on a professional basis.

Of the Council's present employees, three are clerical, ten sub-professional, two professional, and two administrative. The appropriation of the Council for the current biennium is \$194,911.00.

The Chairman of the Council is Mr. Farrant L. Turner (see p.122), and Mr. Vincent Guntzer (see p. 97) is its Director.

Office of the Treasurer

The Treasury Department is directed by the Treasurer who is appointed by the Governor subject to the confirmation of the Senate of the Territory. The Treasurer is also ex-officio the Bank Examiner, the Insurance Commissioner, the Fire Marshal, and the Commissioner of Securities. In addition, he is a member of the Farm Loan Board, a member of the Board of Disposal, a member of the Board of Trustees of the Employees' Retirement System and is Custodian of the funds and investments of the Employees' Retirement System.

The Treasurer is responsible for the supervision of the financial affairs of the Territory, enforcing all revenue laws and being charged with the safe-keeping and disbursing of the public moneys.

As Bank Examiner, he is charged with the administration of laws regulating banks, trust companies, building and loan associations and industrial loans in the Territory.

The administration of laws relating to insurance companies, including qualification and regulation of companies, whether of domestic, foreign or alien nature, and the examining and licensing of all general agents, sub-agents and solicitors is the responsibility of the Insurance Commissioner.

Investigating the cause, origin and circumstances of fires; inspecting all property which might constitute a fire hazard; and making rules and regulations for the prevention of fires and the inspection of property fall within the purview of his duties as Fire Marshal.

Additionally, as Commissioner of Securities, he administers the laws on the regulation of sales of securities, which includes the licensing of dealers and salesmen and the registration of securities.

For the biennium 1947-49, the Treasury Department received an appropriation of \$2,956,817. There are 58 employees in the department, 44 in the clerical group, 12 in the inspectional group, and 2 in the custodial group.

The present Treasurer is Mr. William B. Brown (see p. 88).

Bureau of Conveyances

The chief function of the Bureau of Conveyances is the recording of deeds, mortgages and all similar instruments requiring recordation of filing, and the maintenance and preservation of such records for consultation by the public in title searching and land conveyancing.

There are two systems of land registration in Hawaii. Registered lands are held under the Land Court (Torrens) system and unregistered lands under the regular system. The Land Court system was organized in 1903 while the regular system records date back to 1845.

Indicative of the current volume of land registration is the fact that 20 applications were filed with the Land Court in the last biennium and 16 decrees issued. The Land Court had 54 applications pending December 31, 1946, involving land having an assessed value of \$914,156.86.

The Bureau of Conveyances maintains only one recording office located in Honolulu, and the outside islands forward their papers for recording. It is staffed with 35 employees. Appropriations for the Bureau for the current biennium total \$275,073.00 and revenues derived from recording and filing fees are estimated at \$226,200.00.

The Registrar, who heads the Bureau, is Mr. Mark N. Huckestein (see p. 101).

University of Hawaii

The University of Hawaii is under the general management and control of the Board of Regents, consisting of 9 members who serve without compensation. Seven members of the Board are appointed by the Governor, subject to the consent of the Territorial Senate, 1 is the Superintendent of Public Instruction, ex-officio, and 1 is the President of the University, serving ex-officio. The Chairman of the Board is Mr. Philip E. Spalding (see p. 120). The President of the University, who is appointed by the Board, is Mr. Gregg M. Sinclair (see p. 118).

The University plant consists of 18 major buildings, besides outlying experiment stations and miscellaneous structures. In addition to undergraduate work in the College of Arts and Sciences, College of Applied Sciences, Teachers College, and the College of Agriculture, graduate courses leading to advanced degrees may be taken in the Graduate Division. The Extension Division gives courses in rural Oahu and the other Islands, and the staff of the University has conducted summer courses at Guam. 3,837 students are currently enrolled at the University. An Agricultural Experiment Station and an Extension Service in Agriculture and Home Economics are maintained by the University in cooperation with the Federal Government. The Legislative Reference Bureau, a department of the University, furnishes research services to the territorial government.

The non-civil service instructional, research, extension and clinical staff of the University, including related services, now numbers 374 faculty members. In addition, there are 315 civil service employees. The University will have approximately \$6,172,599.00 on which to operate in the 1947-49 biennium; of this amount \$3,708,576.00 was appropriated by the territorial legislature.

Territorial Civil Service Commission and
Personnel Classification Board

The Territorial Civil Service Commission and Personnel Classification Board was established for the administration of a merit system of employment for the government of the Territory. The functions of this agency include almost every conceivable phase of personnel administration. The Commission is empowered to make rules and regulations covering the selection, appointment, promotion, demotion, lay-off, transfer, termination of service and leaves of absences of persons employed or to be employed in the civil service of the Territory.

The Personnel Classification Board is synonymous with the Civil Service Commission inasmuch as each member of the Board is also a commissioner. The Board functions as a typical classifying authority in determining jurisdiction, evaluating positions in terms of classification, entertaining appeals against its decisions or reviewing the allocation of positions to classification grades, determining salary status of incumbents filling positions, and administering a system of performance ratings in connection with within-grade salary raises.

At the present time there are approximately 4,500 territorial civil service employees. In 1947, 201 examinations were conducted to fill vacancies in the territorial civil service.

With an appropriation of \$132,626.00 for the biennium 1947-49, the Commission maintains a central office in Honolulu staffed with 15 employees, 4 of whom perform professional duties, 3 administrative, and 8 clerical.

Mr. Peter E. Chu (see p. 90) is the Chairman of the Commission, which is composed of three members who are appointed by the Governor, subject to confirmation by the Territorial Senate, and serve without pay. The Director, Mr. Arthur A. Akina, Jr., (see p. 84) is an appointee of the Commission.

Employees' Retirement System

The Board of Trustees of the Employees' Retirement System is charged with the general administration and responsibility for the proper operation of the Employees' Retirement System. The Board consists of 5 trustees, 2 of whom are appointed by the Governor and 2 of whom are members of the system elected by their fellow members. The remaining member is the Treasurer, serving ex-officio (see p. 88). Trustees serve without compensation, but are reimbursed for expenses incurred and for any loss of salary or wages they may suffer.

The Territorial Retirement System is unique in that its coverage extends to county employees and teachers as well as territorial officers and employees. At the present time 16,300 officers and employees are included in the System.

The Employees' Retirement System has a staff of 24 employees. The 1947-49 appropriation for the management of the System is \$168,323.00.

Territorial Retirement and Pension Commission

The Commission was created in 1945 to collate information concerning the operation of all territorial and county retirement and pension systems. It is also studying methods for integrating these various systems into one, operated by the Territory and established upon a sound actuarial basis, and will recommend legislative measures to effectuate its conclusions.

The Commission consists of 3 members, appointed by the Governor subject to confirmation by the Territorial Senate. Mr. Frederick Ohrt (see p.112) serves as the Chairman of the Commission, and Dr. Arthur R. Keller (see p.104) is the Commission's Executive Secretary.

An appropriation of \$50,000.00 has been made to finance the studies of the Commission. A staff of two is maintained by the Commission, and the actuarial and statistical work is performed by a consulting actuary in New York.

Board of Examiners of Abstract Makers

The Board of Examiners of Abstract Makers is responsible for the examination of all applicants for licenses as makers of abstracts and certificates of titles in the Territory of Hawaii, including the authority to revoke and suspend such licenses.

Since the organization of the Board in 1925, 15 individuals have been licensed as makers of abstracts. Of this number, only 6 are now active in the Territory.

The present members of the Board are Judge Albert M. Cristy (see p. 91), Attorney General Walter D. Ackerman, Jr. (see p. 83), and Registrar of Conveyances Mark N. Huckestein (see p.101).

Territorial Board of Accountancy

The Territorial Board of Accountancy is charged with the responsibility of determining the qualifications of candidates for C.P.A. certificates, conducting examinations and issuing certificates. The Board is composed of 5 members who are appointed by the Governor and serve without compensation. Mr. Harry A. Hanson (see p. 97) is the President of the Board.

There are 43 C.P.A. certificates outstanding in the Territory at the present time. During the calendar year 1947, 8 C.P.A. certificates were issued and no certificates were revoked.

The Board receives no appropriation but operates on examination fees collected from candidates for the C.P.A. certificate and annual fees from certificate holders.

Board of Barbers

The Board of Barbers was created in 1947 to regulate the practice of barbering and to give examinations for the issuance of certificates of registration to practice barbering. Certificates to conduct barber shops will also be granted by the Board.

About 1,500 applications for barber's certificates and 500 operator's certificates have already been received. It is anticipated that approximately 3,000 barbers will eventually apply and qualify for certificates. The Board will meet its expenses from the statutory fees received, which are estimated for the year 1948 to be about \$9,000.

The Board is composed of 5 members appointed by the Governor, subject to confirmation by the Senate of the Territory. Mr. Jacob C. Ziegler (see p.125) is Chairman of the Board.

Territorial Boxing Commission

The Territorial Boxing Commission is vested with the management, control and jurisdiction over all boxing contests or exhibitions in the Territory of Hawaii. The Commission consists of 5 members appointed by the Governor, subject to confirmation by the Territorial Senate. The Chairman of the Commission is Dr. Paul Withington (see p.125).

For the year 1947 the Commission granted the following number of licenses: promoters, 8; boxers, 178; seconds, 46; managers, 49; referees, 9; judges, 11; timers, 7; and physicians, 3.

The Commission operates with moneys in the Territorial Revolving Fund derived from the 5% tax levied on the gross receipts or proceeds of all boxing shows in the Territory. Other sources of income are license fees and fines. \$36,420.36 was collected during 1947 and the same amount is estimated to be collected during 1948.

The Administrative Office of the Commission, located in Honolulu, is staffed with 4 full-time employees. There are on part-time basis 4 assistant inspectors for Oahu, and 1 each for the Counties of Hawaii, Maui and Kauai where branch offices of the Commission have been established. The deputy commissioners of the Counties of Hawaii, Kauai, and Maui have supervision of all boxing shows in their respective counties.

Board of Chiropractor Examiners

The Board of Chiropractor Examiners is comprised of three members appointed by the Governor for three-year terms, subject to confirmation by the Senate of the Territory. Members receive no compensation.

Applicants for licenses to practice chiropractic in the Territory are examined by the Board. Upon the recommendation of the Board, the Board of Health issues licenses. There are 6 licensed chiropractors currently practicing in the Territory, all in Honolulu. No license has either been granted or revoked during 1947.

Dr. James J. Andrade (see p. 84) is President of the Board of Chiropractor Examiners.

Board of Dental Examiners

The Board of Dental Examiners consists of five practicing dentists. All members are appointed by the Governor, subject to Senate confirmation, and serve for a term of three years without compensation. The Board examines all candidates for licenses to practice as dentist or dental hygienist. The Board may also suspend or revoke such licenses.

Annual registration fees and fees received by the Board from applicants for dentist's and dental hygienist's licenses are used to defray the Board's expenses. During 1947 approximately \$1,400.00 was received by the Board in the form of examination and annual registration fees.

There are now 258 licensed dentists in the Territory, of whom 253 are engaged in active practice. 57 persons are licensed as dental hygienists. During 1947, 12 new licenses to practice dentistry were issued and none revoked.

The President of the Board of Dental Examiners is Dr. H. L. Houvener (see p.100).

Board of Examiners of Applicants for License to Practice
Embalming and Funeral Directing

The Board of Examiners of Applicants for License to Practice Embalming and Funeral Directing consists of four practicing morticians who are appointed by the President of the Board of Health upon the recommendation of the Vital Records Administrator. Each member serves four years without compensation.

The Board's chief function is the conducting of examinations and screening qualifications of applicants desiring to practice embalming and funeral directing in the Territory. Licenses are granted by the Board of Health after recommendation by the Board of Examiners.

On July 1, 1947, the territorial licenses of 14 embalmers and 24 funeral directors were renewed for the fiscal year. In addition, 9 apprentice certificates were renewed for the same period.

Mr. Herman Hosoi (see p.100) is the Chairman of the Board.

Board of Registration for Professional Engineers,
Architects and Surveyors

The Board of Registration for Professional Engineers, Architects and Surveyors is composed of 9 members appointed by the Governor, subject to confirmation by the Territorial Senate. The Board is charged with the responsibility of examining and registering applicants for certificates as engineers, architects, and surveyors. Members of the Board serve without compensation. Mr. Simes T. Hoyt (see p. 101) is serving as Chairman of the Board.

Since its organization in 1923, the Board has considered 505 applications for certification. As of December 31, 1947, there were 388 registrations in effect and in good standing, this total including residents and non-residents of the Territory of Hawaii. Of this number, 204 were engineers, 46 engineers-land surveyors, 7 engineers-architects, 69 architects, and 62 land surveyors. There were 54 non-residents holding territorial certificates, 39 being engineers and 15 architects.

Board of Hairdressers, Cosmeticians and
Cosmetologists

The Board of Hairdressers, Cosmeticians and Cosmetologists examines applicants for certificates to practice in the Territory. It also conducts annual inspections of all beauty shops and monthly inspections of all cosmetology schools. The three members of the Board, appointed by the Governor with the consent of the Territorial Senate, serve for a period of two years without compensation. Mrs. Emilye D. Fink is now serving as President of the Board.

During the year 1947 there were 116 applicants, 48 of whom were granted certificates to practice in the Territory. At present, there is a total of 1,372 licensed beauty operators and 216 licensed beauty shop owners, the latter number being distributed as follows: Honolulu, 152; Maui, 20; Hawaii, 25; Kauai, 15; Molokai, 3; and Lanai, 1.

Board of Massage

Established in 1947 for the purpose of regulating the practice of massage in the Territory, the Board of Massage is in its first fiscal year of operation. It has been charged with the duties of receiving applications for certificates, conducting examinations, issuing certificates, inspecting massage establishments, and prosecuting infractions of law governing massage business.

To date there are 266 registered masseurs in the Territory, with 14 pending examinations for registration. The Board relies solely upon registration and other fees to defray its expenses in carrying out its work.

The three members of the Board of Massage are appointed by the Governor, subject to confirmation by the Territorial Senate. They serve without compensation and personally carry on all field work necessary in the Territory. President of the Board is Mr. J. W. Aoki (see p. 85).

Board of Medical Examiners

The Board of Medical Examiners consists of three members appointed by the Governor, subject to confirmation by the Territorial Senate. All members serve for three years without compensation. Applicants for licenses to practice medicine in the Territory are examined by the Board, which checks their credentials, conducts the examinations, and makes recommendations to the Board of Health. The licenses are issued by the latter agency.

There are 461 doctors now licensed to practice medicine in the Territory. In the last three years, 68 new licenses were granted, with over half being issued in 1947. At its next meeting in January, 1948, the Board will examine 18 applicants for medical licenses.

Dr. Douglas B. Bell (see p. 85) is the Chairman of the Board.

Motor Vehicle Dealers' and Salesmen's Licensing Board

The Motor Vehicle Dealers' and Salesmen's Licensing Board for Oahu consists of five members, all appointed for two-year terms by the Governor, subject to confirmation by the Senate of the Territory. Similar Boards are also authorized for other counties, but these Boards consist of three members. Each Board is charged with the responsibility of licensing persons desiring to engage in the sale of motor vehicles, either as dealers or as salesmen.

For the current year in Oahu, 18 dealers have renewed their licenses and approximately 250 used car dealers have been approved or are in the process of submitting applications. Of this latter group, about 150 were licensed for the first time during 1947. Approximately 100 persons actively engaged as automobile salesmen are licensed in Oahu.

License fees collected by each county from the dealers and salesmen are placed in a fund out of which expenses of the Board in that county are paid.

The Chairman of the Oahu Board is Mr. Harry S. Ozaki (see p.113).

Board of Examiners in Naturopathy

The Board of Examiners in Naturopathy consists of three members who serve for a term of 4 years without compensation. Members of the Board are appointed by the Governor, subject to confirmation by the Senate of the Territory.

The Board checks the credentials of applicants desiring to practice naturopathy in the Territory and conducts examinations for such applicants. The licenses are granted by the Board of Health upon certification by the Board of Examiners in Naturopathy.

There are now 32 licensed and practicing naturopathic physicians in the Territory. All are members of the Naturopathic Physicians' Association of Hawaii. Five applicants will take their examinations in February, 1948.

The President of the Board is Dr. Alexander K. Kaonohi (see p.103).

Board of Licensing of Nurses

The Territorial Board of Licensing of Nurses, comprised of four licensed nurses and one licensed physician appointed by the Governor, has been established for the purposes of examining and approving curricula and standards for schools and courses preparing persons for licensing both as professional and practical nurses; examining and determining qualifications of applicants for licenses as professional and practical nurses; and issuing, renewing, and revoking certificates of license.

Expenses of the Board are met through money received from nurses' license and registration fees. There are 3 employees--one half-time administrative secretary, a licensed registered nurse, and one full-time clerk. The activities of the Board are territory-wide, the central office of the Board being located in Honolulu.

To date, 479 licenses have been granted to professional nurses, 490 to practical nurses. There have been 1,263 re-registrations of professional nurses while re-registration for practical nurses only began in December, 1946. No licenses have as yet been revoked by the Board.

The members of the Board serve without compensation for a term of five years. After 1952 the membership will be five licensed registered nurses. The present Chairman of the Board for Licensing of Nurses is Miss Virginia Jones (see p. 102).

Board of Optometry

The Board of Optometry has been established for the examining and licensing of optometrists. There are now 27 licensed optometrists in the Territory, 2 having passed their examinations and having been licensed for the first time in 1947.

The Board maintains no paid staff. Its expenses are met solely from license and examination fees. All of its activities are directed from its office in Honolulu.

There are three members of the Board, each appointed for a three-year term by the Governor with the consent of the Senate of the Territory and serving without compensation. Dr. Paul W. Rushforth (see p. 117) is President of the Board.

Board of Osteopathic Examiners

The Board of Osteopathic Examiners is composed of three members, each appointed by the Governor for a term of three years, subject to confirmation by the Senate of the Territory. All members serve without pay. The Board examines all applicants for licenses to practice as osteopathic physicians, or as osteopathic physicians and surgeons, and reports its findings to the Board of Health. The latter agency issues osteopathic licenses upon the recommendation of the Board of Osteopathic Examiners.

Since the creation of the Board in 1921, thirty-nine licenses have been issued to practice osteopathy. During 1947, 12 osteopathic physicians and surgeons have been actively engaged in practice. Five new licenses were issued during 1946-47.

Dr. Bernice L. Gier (see p. 94) is the President of the Board.

Board of Pharmacy

The Board of Pharmacy is responsible for the examination and registration of all pharmacists in the Territory. It receives no appropriation, the fees collected from license renewals, temporary certificates and examinations being sufficient to meet its expenses.

There are three members on the Board, all licensed pharmacists, who are appointed by the Governor for two-year terms, subject to confirmation by the Senate. All serve without compensation.

Outstanding active licenses in the Territory now number 161, including 14 new registrations for pharmacist's licenses in 1947. The Board may also revoke licenses but had no occasion to exercise this power.

The Chairman of the Board of Pharmacy is Mr. Edward B. Weidknecht (see p.123).

Board of Photography

In Hawaii, provision is made for certification of professional photographers by the Board of Photography. The Board is composed of 5 members appointed by the Governor, subject to confirmation by the Senate of the Territory. Mr. J. A. Williams is Chairman of the Board at the present time.

On January 1, 1948, there were 18 certified professional photographers. The expenses of the Board, which are nominal, are paid from the examination and certification fees.

Public Utilities Commission

The Public Utilities Commission is a quasi-judicial body composed of five commissioners, two from the City and County of Honolulu, one from Hawaii, one from Maui and one from Kauai, all appointed by the Governor subject to confirmation by the Territorial Senate. One of the commissioners from the City and County of Honolulu serves as Chairman. Mr. James M. O'Dowda (see p.112) is now the Commission's Acting Chairman.

The Commission has general supervision over all public utilities doing business in the Territory under the powers conferred upon it by law. With its central office in Honolulu and field activities carried on by the commissioners on each of the outside islands, the Commission regulates twelve (12) electric, two (2) gas, one (1) communications, fourteen (14) transportation and two (2) miscellaneous utilities. The communications utility referred to has branches on all of the islands.

The Commission operates on statutory fees from the various public utilities, current fees approximating \$48,000.00 per annum. It has a staff of eleven employees,-two professional, two accounting, one administrative, one investigating, and five clerical.

Real Estate License Commission

The Real Estate License Commission is charged with the licensing of real estate brokers and salesmen who engage in the sale of real estate. Its functions include the qualifying of applicants by giving written examinations and investigating their business and character references; enforcing specific minimum requirements as to the method of advertising, the forming and operation of real estate partnerships and corporations, and the business procedures used by brokers and salesmen; and investigating and holding hearings on infractions of territorial laws and rules and regulations pertaining to the Commission.

All salaries and expenses of the Commission are paid out of the Commission's special fund derived from application, license and renewal fees required of all applicants, brokers, and salesmen in the Territory. For the past biennium, 1945-47, a total of \$7,418.00 was received from application, license and renewal fees.

267 real estate brokers and 213 real estate salesmen were licensed as of December, 1947. During the year 1947, there were 227 applicants, 67 for brokers' licenses and 160 for salesmen's licenses. During the same period 88 new licenses were issued, 21 to brokers and 67 to salesmen.

The Commission consists of three members appointed by the Governor for three-year terms, subject to confirmation by the Senate of the Territory. Members serve without compensation. The Commission's administrative staff consists of one Executive Secretary, one investigator, and one stenographer. The Chairman of the Commission is Mr. Edward A. Bolles (see p. 86).

Board of Veterinary Examiners

The Board of Veterinary Examiners examines candidates for licenses to practice veterinary medicine, surgery and dentistry in the Territory and makes recommendations to the Board of Health. The latter agency is charged with the granting of the licenses.

There are now 26 licenses in effect in the Territory, only six licenses having been granted since January, 1942. There are at present 3 applicants for licenses, and the examinations for them will be conducted in 1948.

The three members of the Board are appointed by the Governor, subject to confirmation by the Senate of the Territory, and serve without compensation. The Board member located in Honolulu is Dr. Ernest H. Willers (see p.124).

CITY AND COUNTY DEPARTMENTS,
AGENCIES AND OFFICES

District Courts

There are 10 District Magistrates in the First Judicial Circuit, the Circuit which includes the City and County of Honolulu. Four Magistrates serve in the area designated as the City of Honolulu, and 5 in rural Oahu. There is also 1 Magistrate in the First Judicial Circuit who serves in the County of Kalawao on the Island of Molokai, where the leper settlement is located. District Magistrates are appointed by the Chief Justice of the Territorial Supreme Court for two-year terms.

The jurisdiction of District Courts compares to that of Justice of the Peace courts on the mainland. They have jurisdiction over all civil actions at law when damages do not exceed \$50.00, and concurrent jurisdiction with the Circuit Court when they do not exceed \$500.00. They also have jurisdiction over criminal offenses punishable by fine or by imprisonment not exceeding one year. In addition, they have power to administer oaths, perpetuate testimony, enforce judgments, and punish for contempt.

In the calendar year 1946, 92,418 cases were disposed of in the District Courts on Oahu. The vast majority of these cases were heard by the Magistrates serving in the City of Honolulu.

The appropriation for the District Courts on Oahu for the calendar year 1947 was \$125,657.00. Twenty-four employees comprise the staff of the District Courts.

Board of Supervisors

The Board of Supervisors of the City and County of Honolulu is composed of 7 members, elected at large for two-year terms. The Mayor is presiding officer of the Board of Supervisors.

The legislative power of the City and County is vested in the Board of Supervisors. Within the limits prescribed by the territorial legislature, the Board is authorized to legislate for the health, safety and welfare of the people of the City and County and to adopt general policies for the conducting of the public affairs of the City and County.

In the year 1947, 3,535 communications (234 messages from the Mayor, 2,256 departmental communications, 956 miscellaneous communications, and 89 petitions) were received by the Board. In the same period it considered 3,514 committee reports and adopted 716 resolutions. 76 bills were presented and acted upon, of which 50 became ordinances. 36 contracts were submitted to the Board, of which 33 contracts were approved by the Board totaling \$2,128,446.00. In 1947, 57 meetings were held by the Board of Supervisors.

Office of the Mayor

The Mayor of the City and County of Honolulu is an elected official, serving for a two-year term. The present incumbent is Mr. John H. Wilson (see p.124).

The Mayor is the chief executive officer of the City and County, and is charged with the responsibility of seeing that the laws of the Territory and ordinances of the City and County are observed and enforced. He has general supervision over all the departments and public institutions of the City and County. As Mayor, he is also the presiding officer of the Board of Supervisors, and has a veto power over ordinances and resolutions adopted by the Board.

There are 5 employees in the Office of the Mayor. \$40,587.00 was appropriated for the Office of the Mayor for the calendar year 1947.

Office of the Auditor

The Auditor of the City and County is elected for a term of two years. The present incumbent is Mr. Leonard K. Fong (see p. 93).

All City and County warrants are drawn by the Auditor after pre-audit and written approval by the Controller. The Auditor monthly examines the books of the Treasurer, and at least once each calendar year audits the accounts of all City and County boards, officers and employees charged with the custody, collection or disbursement of funds. Audit reports are submitted to the Mayor, Board of Supervisors, and Controller for necessary action. In addition, the Auditor is required to examine the accounting procedures followed by the agencies audited, and to recommend and install changes necessary to promote better accounting control.

In calendar year 1947, about 135,000 warrants were drawn by the Office of the Auditor, totalling approximately \$36,000,000.00. In the same period 27 reports were issued.

The appropriation to the Office of the Auditor for the calendar year 1947 was \$78,219.98. The staff of the Office of the Auditor consists of 18 employees.

Department of Buildings

The functions of the Department of Buildings of the City and County are divided into two divisions: the Division of Public Buildings, and the Division of Building Inspection. The Department is headed by the Superintendent of Buildings, who is Mr. Lyman H. Bigelow (see p. 86).

The Division of Public Buildings prepares specifications and plans for, and constructs the buildings of the City and County. It is also responsible for their repair and maintenance. Included among these buildings are 63 separate school plants on Oahu, with approximately 700 buildings, covering about 500 acres of land, and having an inventory value of \$12,000,000.00. The Division is also charged with the issuance of permits for the use of school areas after school hours for meetings and other similar purposes.

Building, electrical, plumbing and gas permits are issued by the Division of Building Inspection. The Division also inspects all construction covered by the permits as well as enforcing the Building, Plumbing and Electrical Codes and investigating all complaints of alleged violations of the Codes.

The Division of Building Inspection supervises the registration and examination of all elevators and elevator operators, inspecting all elevators quarterly. This Division also supervises the registration of all motion picture operators and supervising electricians who have successfully passed the examinations conducted by the Board of Electrical Examiners and all journeymen and master plumbers who have similarly passed the examinations of the Board of Plumbing Examiners. Both Boards, appointed by the Mayor with the approval of the Board of Supervisors, are adjuncts of the Department. The Superintendent of Buildings is ex-officio Chairman of the Board of Electrical Examiners and a member of the Board of Plumbing Examiners. The Chairman of the latter Board is Mr. Louis Fernandez (see p. 93).

The Department at present has 176 employees, the Division of Public Buildings accounting for 153. For calendar year 1947, \$2,125,000.00 was appropriated for the Department, this amount including \$1,500,000.00 for schools. Bond issues to be floated for schools in 1948 will total \$4,008,000.00.

Civil Service Commission and
Personnel Classification Board

The Civil Service Commission and Personnel Classification Board administers a merit system for the City and County of Honolulu. The functions of this agency include almost every conceivable phase of personnel administration whereby both a fair and equal opportunity for public service is guaranteed all citizens and employees of character and capacity will be assured of permanent tenure in public service.

The Personnel Classification Board is synonymous with the Civil Service Commission as each member of the Board is also a commissioner. The Board functions as a typical classifying authority in determining jurisdiction, evaluating positions in terms of classification, entertaining appeals against its decisions or reviewing the allocation of positions to classification grades, determining salary status of incumbents filling positions, and administering a system of performance ratings in connection with within-grade salary raises.

There are 3,943 positions established in the City and County government. In 1947, 126 examinations were given to approximately 4,000 applicants.

The Commission is composed of 3 members who are appointed by the Mayor with the approval of the Board of Supervisors. The Director, Mr. D. Ransom Sherretz (see p. 118) is an appointee of the Commission. The Commission has 9 employees, all in the clerical and administrative service. For the calendar year 1947, it operated on an appropriation of \$32,199.00.

Office of the Clerk

The City and County Clerk is elected for a two-year term. The present incumbent is Mr. Leon K. Sterling, Sr. (see p. 120).

The City and County Clerk is the ex-officio Clerk of the Board of Supervisors. As such he attends all meetings and records all proceedings of the Board of Supervisors.

The City Clerk's duties also relate to registration of voters and the conducting of elections. He examines electors of the City and County desiring to register; prepares and issues nomination papers, election ballots, etc.; and tabulates the results of all primary elections in the City and County and all City and County general elections.

The administration of the City and County Pension Board and the Board of Trustees of the Pension Fund for Policemen, Firemen and Bandsmen is handled entirely by the Office of the City and County Clerk. The City and County Clerk is ex-officio Secretary of both Boards, and meetings are called as the need arises; all clerical work, calculation of pensions and research work is conducted by the Office of the City and County Clerk, and the information submitted to the Boards upon which pension awards are made by the Board. In the year 1947, \$19,384 was paid out in pensions by the City and County Pension Board, and payments to pensioners, widows and other beneficiaries during the same period by the Pension Fund for Policemen, Firemen and Bandsmen totaled \$224,215.00. In addition, legislative pensions paid totaled \$48,469.00.

The permanent staff of the Office of the City and County Clerk is now approximately 14 persons, and 10 additional temporary employees will be added to perform election duties. The appropriation to the Office for the calendar year 1947 was \$58,638.00.

Office of the Controller

The Controller of the City and County is appointed by the Mayor, subject to confirmation by the Board of Supervisors. He serves as financial adviser to the Mayor and the Board of Supervisors. The present Controller is Mr. Paul K. Keppeler (see p.105).

The Office of the Controller has general supervision over all budgeting, financial reporting, accounting and purchasing for the City and County. It pre-audits all claims for services, supplies and other City and County obligations. The Office is also charged with the conducting of investigations of the various City and County departments and agencies for the purpose of promoting economy and standards of efficiency. Finally, the Controller assists the Mayor in the preparation of the annual City and County Budget, including preparation of the annual appropriation ordinance and supplements.

The calendar year 1947 appropriation for the Office of the Controller was \$95,257.00. The staff consists of 21 employees.

Fire Department

The Fire Department of the City and County of Honolulu furnishes fire protection to both rural Oahu and the urban portion of the City and County through 20 fire stations located strategically throughout the Island. The equipment of the Department is divided among 21 companies. In addition to double combination hose wagons, double combination pumping engines and an aerial ladder truck, the companies are equipped with modern fire-fighting tools and appliances as well as equipment essential to salvage work. Besides fighting fire, the Fire Department is called upon to perform related services contributing to the public safety. The Department answered approximately 1,200 calls in the calendar year 1947.

The Fire Department is under the supervision and control of the Chief Engineer, who is appointed by the Mayor with the approval of the Board of Supervisors. The present Chief Engineer is Mr. H. A. Smith (see p. 119).

Total personnel of the Fire Department numbers 273 employees. The appropriation to the Department for calendar year 1947 was \$1,188,203.90.

Health Department

The Health Department maintains an emergency first aid and ambulance service with a station in the City of Honolulu, a branch in Kaneohe, and contemplates establishing a second branch in Wahiawa. In addition, it operates an indigent medical out-patient service and provision is made for indigent hospitalization, indigent dental service and indigent burial service. A chronic and convalescent in-patient service is also maintained at Maluhia Home.

The Department is charged with the responsibility of examination for the police, courts and other agencies of victims and perpetrators of assaults, sex offenses and of other offenses requiring medical examination and testimony, and of handicapped applicants for motor vehicle driver's licenses. The mentally ill, alcoholic, drug addict and mentally deficient are examined for treatment and referral to the proper agency for observation and treatment. Post mortem examinations are conducted for the Coroner.

Applicants for employment with the City and County are examined by the staff of the Department. City and County employees injured in the course of their employment may receive medical care from the Department. In addition, City and County employees are examined for illness and recovery from illness certification as well as when applying for City and County pensions or territorial pensions.

The Department of Health is under the supervision of the City and County Physician, who is Dr. Thomas Mossman (see p. 111). At present the staff consists of 145 employees, the professional staff comprised of 20 doctors, 1 dentist, 15 graduate nurses, 1 dietician, 1 dental assistant, 20 emergency attendants, 2 laboratory technicians, and 1 social worker. The calendar year 1947 appropriation for the Health Department, including the Maluhia Home, was \$439,075.00.

Office of the City and County Attorney

The City and County Attorney is the legal adviser of the Mayor, Board of Supervisors, and City and County officers, boards and commissions. The City and County Attorney is appointed by the Mayor with the approval of the Board of Supervisors, and by law is a deputy of the Territorial Attorney General. The present incumbent is Mr. Wilford D. Godbold (see p. 95).

The City and County Attorney or his deputies are required to attend all courts in the City and County, conduct all civil cases in which the City and County is interested, and defend all suits brought against the City and County. On behalf of the people he prosecutes actions for the recovery of debts, fines, penalties, forfeitures and other claims accruing to the Territory or the City and County. He is also required to institute proceedings on behalf of the Territory to obtain support for children born out of wedlock and proceedings to obtain support for aged persons.

The Office of the City and County Attorney is staffed by 7 deputies, 2 law clerks, and 4 employees performing stenographic-clerical duties. The appropriation for the calender year 1947 was \$79,000.00.

Office of the Public Prosecutor

On behalf of the people of the Territory, the City and County Prosecutor conducts all prosecutions in the City and County courts for offenses against the laws of the Territory and City and County ordinances. He also is required to institute, or cause the institution of proceedings for the arrest of persons suspected of committing crimes, draws all indictments, and attends and advises the grand jury. In 1947, approximately 890 cases were disposed of before the Circuit Courts.

The City and County Prosecutor is appointed by the Mayor with the approval of the Board of Supervisors, and by law is a deputy of the Territorial Attorney General. The position of Public Prosecutor is at present vacant. The staff of the Public Prosecutor consists of 18 permanent employees. The appropriation for the calendar year 1947 was \$109,456.00.

Liquor Commission

The Liquor Commission of the City and County of Honolulu is charged with the control, supervision, and regulation of the manufacture, importation and sale of liquor, including the granting of licenses for such activities within the City and County of Honolulu. The 5 members of the Commission are appointed by the Governor, subject to confirmation by the Senate of the Territory.

During the year 1947 the Commission granted a total number of 484 licenses distributed as follows: agents, 16; manufacturers, 5; dispensers, 193; retailers, 235; and wholesalers, 35. In addition, 1 vessel license was granted. During the same period, 13 citations were issued by the Commission, 8 being suspensions, 2 dismissals, 2 reprimands, and 1 revocation.

The Commission operates on funds received for license fees. For the year 1947 the total receipts were \$263,175.00. In charge of the office of the Commission is its Executive Secretary, Mr. Henry N. Thompson (see p.121), who supervises the work of 16 employees, 12 of whom are engaged in enforcement activities.

City Planning Commission

The City Planning Commission of the City and County is composed of 9 members appointed by the Mayor, with the approval of the Board of Supervisors. The Executive Secretary of the Commission, who is an appointee of the Commission, is Mr. George K. Houghtailing (see p. 100); he also serves as Engineer for the Commission.

The Commission is charged with the responsibility of adopting a master plan of the City and County. It considers all applications for approval of subdivisions, and issues variance permits and proposes changes in the zoning regulations, subject to modification or disapproval by the Board of Supervisors. As a matter of course it checks building permits to insure their compliance with applicable zoning restrictions. The Commission meets at least once a week throughout the year.

In calendar year 1947, the Commission submitted 37 city planning resolutions and 21 variance requests to the Board of Supervisors for enactment. In 1946, 490 subdivision applications were received by the Commission; comparable information for 1947 has not yet been completed, but preliminary estimates place the applications at a higher figure.

The staff of the City Planning Commission consists of 14 employees, all classified as professional. The Commission's appropriation for the calendar year 1947 was \$58,994.00.

Honolulu Police Department

The activities of the Police Department of the City and County of Honolulu are governed by a Commission consisting of 5 members appointed by the Governor, subject to confirmation by the Senate of the Territory. The Chief of Police, Mr. William Hooper (see p. 99), is appointed by the Commission and serves at its pleasure.

For the first 10 months in 1947, there were 4,000 actual major offenses reported to the police. Offenses against property, including robbery, burglary, larceny and auto theft, as a group, showed a net increase of 351 or 10.1% over the corresponding period in 1946. On the other hand, offenses against the person, including murder, manslaughter, rape and aggravated assault, as a group, showed a net decrease of 37 or 26.2%.

A total of 1,460 of these major offenses were cleared. Of the total, juveniles were considered responsible for 748 offenses or 51.2%, adults considered responsible for 598 offenses or 41%, Army personnel for 51 offenses or 3.5%, and Navy personnel considered responsible for the balance of 63 offenses or 4.3%. There were 1,662 arrests for these offenses and convictions of 92% of the offenders were obtained.

In the Class II Offenses, minor offenses, there was a total of 14,721 offenses reported for the first 10 months of 1947. The percentage clearance was 88.2%. 35,797 persons were arrested for these minor offenses and 70.2% of those arrested were convicted.

There are 440 persons employed by the Honolulu Police Department, 385 of whom are police officers and 55 civilian employees. The amount of \$1,722,476.33 was authorized for expenditure by the Police Department for the calendar year 1947.

Board of Public Parks and Recreation

The Board of Public Parks and Recreation of the City and County is composed of 9 members, 8 of whom are appointed by the Mayor with the approval of the Board of Supervisors. The Superintendent of Public Instruction of the Territory, or a person designated by him, is also ex-officio a member of the Park Board. Mr. J. E. Lyons (see p. 108) serves as the Superintendent of the Board of Public Parks and Recreation, being an appointee of the Park Board.

With only a few exceptions, all public parks and recreation grounds in the City and County are under the control and management of the Park Board. The Board maintains 112 parks and beach areas, with an area of approximately 2,000 acres. It also operates 38 recreation areas, with 75 professional leaders supervising play and recreation programs.

The staff of the Board at present consists of 253 employees. Of this number 231 are custodial, including 68 supervisors and directors. \$850,000.00 has been appropriated for maintenance and operation in the calendar year 1948. In addition, \$600,000.00 has been appropriated for development, and \$40,000.00 will be realized from concessions, rentals, etc. A bond issue of \$2,300,000.00 will also be available for special acquisition and development.

Department of Public Works

The activities of the Department of Public Works of the City and County of Honolulu are carried on by the work of 8 divisions under the direction of the Chief Engineer, Mr. Karl A. Sinclair (see p.119). The Chief Engineer is appointed by the Mayor with the approval of the Board of Supervisors.

The services rendered by the Department include the preparation of plans and specifications for all new City and County public works projects, maintenance of approximately 500 miles of urban and rural roads, collection and disposal of all garbage and rubbish, operation and maintenance of the **Suburban Water System**, maintenance of a sewerage system, and maintenance of automotive equipment service for all City and County departments. There are approximately 900 employees in the Department performing these services.

During the calendar year 1947 the Bureau of Plans completed 82%, or \$2,494,151.00, of the contract work for which it is responsible. With funds provided by the 1947 Territorial Legislature, 35 miles of street was resurfaced under contract, and in addition, the Division of Road Maintenance resurfaced 10 miles of streets with City and County forces and expended \$700,000.00 on other allied projects. The Division of Refuse Collection and Disposal completed the establishment of 2 new incinerators in 1946, thus satisfactorily taking care of the problem of proper garbage disposal; in 1947 the Division turned its attention to improvement in garbage collection and removal techniques. The rural water development project at Kahaluu, capable of supplying 3 million gallons of water daily, two wells at Aiea with a yield of 1 million gallons daily, and the laying of additional water mains at several places on Oahu were completed in 1947 by the Division of Rural Water Works; work on other projects being undertaken, including the development tunnel at Waianae, will be continued in 1948. The work of the Division of Traffic Safety is commented upon under the Traffic Safety Commission (see p. 80). Five main sewer systems were completed for the Division of Sewerage in 1947, and the necessary preliminary steps have been taken for the institution of the comprehensive sewer project which is estimated for final completion during the next 9 years at a cost of \$20,000,000.00. During 1947 the Division of Automotive Equipment Service added new and improved road construction equipment and additional automotive street sweepers as well as maintained all City and County automobiles, trucks and construction equipment operated from a central pool under the Division.

Rent Control Commission

The Rent Control Commission consists of 5 members appointed by the Mayor with the approval of the Board of Supervisors. The Administrator of the Commission, Mr. William E. Miles (see p.110) is an appointee of the Board.

Pursuant to City and County Ordinance, maximum rents and minimum service standards for all housing accommodations have been fixed as of May 27, 1941. Adjustments of rents and setting of rents for properties not rented on that date may be accomplished only by petition to the Commission. 12,165 petitions were received in 1947, practically all for adjustment of rents. All were acted upon by the staff of the Commission, with the exception of 106 which were canceled at the request of the petitioners and 2 which were denied. Approximately 160 violations were referred for prosecution in the same period. In 1947 the Commission held 29 meetings of which 12 were regular monthly meetings, and the balance were called for the hearing of appeals. The Commission was requested to review 144 administrative orders.

In the calendar year 1947, \$72,877.00 was appropriated for the Commission. The staff of the Commission now consists of 25 compensated employees.

Office of the Sheriff

The Sheriff is one of the elective officers of the City and County of Honolulu, the incumbent being Mr. Duke P. Kahanamoku (see p. 102).

The Sheriff is charged with the care and maintenance of prisoners committed to the Honolulu Jail. As the Sheriff also serves ex-officio as City and County Coroner, he has the responsibility of making the necessary investigations on all coronatorial deaths. Members of the Sheriff's staff attend all Circuit Courts and other courts held within the City and County and serve all processes and notices, except in criminal proceedings, as ordered. The Office of the Sheriff also inspects and certifies all commercial scales and measuring equipment, and checks and registers all livestock brands.

To carry out these requirements, the Office of the Sheriff is staffed by 42 civil service employees. Thirty-two are at the Honolulu Jail, 4 with the Coroner Division, 3 court officers, and 3 performing administrative duties. There are, in addition, 2 special service officers. The appropriation for the calendar year 1947 was \$149,439.00.

Traffic Safety Commission

The Traffic Safety Commission consists of representatives from the Chief Engineer's Office, the City and County Attorney's Office, other City and County officers, and representatives of unofficial bodies as determined by the Mayor. A Division of Traffic Safety of the Department of Public Works, headed by a professional traffic engineer, executes the recommendations of the Commission after they are approved by the Board of Supervisors. The Chairman of the Commission is appointed by the Mayor with the approval of the Board of Supervisors; the present Chairman is Mr. George K. Hough-tailing (see p. 100).

The Commission coordinates traffic activities and conducts an educational campaign with relation to traffic matters. It receives complaints and recommends ways of improving traffic safety conditions. The Board of Supervisors has delegated to it responsibility for recommending the locating and marking of bus stops, safety stops, parking zones, no-parking zones, safety zones, loading zones, quiet zones, safety lanes, traffic lanes, traffic lights and their adjustment, and for making suggestions with regard to other similar minor matters of traffic regulation.

The appropriation to the Commission for the calendar year 1947 was \$9,929.00 and the appropriation of the Division of Traffic Safety for the same period was \$178,580.00. There are 35 persons on the combined staffs of the Commission and the Division of Traffic Safety.

Office of the Treasurer

The Treasurer is one of the elected officers of the City and County of Honolulu. The present incumbent of the office is Mr. William Chung-Hoon, Jr. (see p. 90).

The Office of the Treasurer receives all departmental collections and all moneys directed by law to be paid to the Treasurer, and is charged with the responsibility of safely keeping and disbursing City and County funds. The Treasurer also serves as collector of assessments against property owners of all special improvement districts sponsored by the City and County. Securities and guaranties for the protection of the City and County are deposited in the Office of the Treasurer.

The Treasurer is required to issue and sell all City and County bonds and to redeem them and their interest coupons, including general obligation bonds, revenue bonds and improvement district bonds.

Finally, the Office of the Treasurer issues licenses and collects various license fees and taxes. The Treasurer is required to register all types of vehicles, totaling approximately 76,000 vehicles a year, collect vehicle weight taxes, and handle about 36,000 transfers of vehicle titles annually. There are also issued annually by the Treasurer an estimated 12,000 business licenses, 10,000 bicycle licenses and 25,000 dog licenses.

The Office of the Treasurer is staffed by 28 employees. The appropriation for the calendar 1947 was \$130,397.00.

Board of Water Supply

Honolulu's publicly owned municipal water system is operated under the general direction of the Board of Water Supply, a semi-autonomous commission of 7 members, 5 of whom are appointed by the Mayor, with the approval of the Board of Supervisors, and 2 of whom, the Territorial Superintendent of Public Works and the Chief Engineer, City and County Department of Public Works, are ex-officio members, all serving without pay. The Board's chief executive officer, Mr. Frederick Ohrt (see p. 112) serves as the Manager and Chief Engineer.

Now representing an investment of more than \$18,000,000.00, Honolulu's municipal water system includes 25 deep artesian wells, 3 steam pumping stations, 3 underground electric pumping stations, 9 electrically operated booster pumping stations, 26 equalizing reservoirs with a total capacity of more than twenty million gallons, 2 aerators, more than 350 miles of pipelines, almost 2,500 fire hydrants, and approximately 30,000 meters.

The Board has authority to fix water rates and to authorize bond issues to finance plant expansion. The water system operates on a self-supporting basis and receives nothing from general tax funds. 387 persons are on the Board's payroll, all of whom, with the exception of the Board's chief executive officer, are under City and County civil service regulations. Total expenditures for the calendar year 1947 will be approximately \$2,700,000.00.

The rural districts of the Island of Oahu, outside of the City of Honolulu, are served by the Suburban Water System, which is under the direct control of the City and County government and entirely separate and distinct from the operations of the Board of Water Supply.

B I O G R A P H I C A L D A T A

ACKERMAN, Walter D., Jr.

Attorney General of Territory of Hawaii (pp. 7, 40).

Born in Honolulu, T. H., March 17, 1913.

Attended Punahou Academy, Honolulu, 1930; Stanford University, A.B., 1936; Stanford University, LL.B., 1939.

Private practice of law, 1939-1940; Deputy Attorney General, Territory of Hawaii, 1940-1943; Treasurer, Insurance Commissioner, Bank Examiner, Territory of Hawaii, 1943-1947; Attorney General, Territory of Hawaii, 1947 to date.

Member, Bar Association of Hawaii.

AFAT, Alfred Apaka

Representative, 3rd District (Maui), Legislature of Territory of Hawaii (p. 3).

Born in Territory of Hawaii.

Manager, Molokai Trading Company; president and manager of contracting company; member, Territorial House of Representatives, 1941 to date.

AGUIAR, George R.

Representative, 6th District (Kauai), Legislature of Territory of Hawaii (p.3).

Born in Kapaa, Kauai, T. H.

Attended St. Louis College, Honolulu.

Employee of Garden Island Motors, Kauai; member, Territorial House of Representatives, 1947 to date.

AKANA, Thelma (Mrs.)

Senator, 3rd District (Oahu), Legislature of Territory of Hawaii (p. 3).

Born in Territory of Hawaii.

Attended St. Andrews Priory, Honolulu; St. Luke's Hospital School of Nursing; University of California; University of Columbia; University of Hawaii.

Former assistant director of Public Health Nursing; former Nursing Director, Office of Civilian Defense, Honolulu; presently, manager, Nuuanu Funeral Parlors, Ltd.; member, Territorial Senate, 1945 to date.
