FOREWORD

This publication sets forth all of the requests made by the Hawaii State Legislature during the Regular Session of 2019 to agencies and officials of the federal, state and county governments and of quasi-public and private agencies. These requests are contained in acts enacted by the Legislature or bills passed, but which have yet to be approved by the Governor. These acts or bills include specific requests for submission of information back to the Legislature, excluding annual and other reports requested on an indefinite basis. These requests are also contained in resolutions adopted by the Senate or House of Representatives or by both bodies of the Legislature. Dates by which reports and other responses are expected are indicated when specifically set by the Legislature. The names of the agencies involved in the conduct of a study or the execution of a request are underscored.

For the reader's convenience these legislative requests are also grouped together by agencies (see agency index); as well as by subject matter (see subject index).

Standard abbreviations used in the text are:

SB	-	Senate Bill
SCR	-	Senate Concurrent Resolution
SD	-	Senate Draft
SR	-	Senate Resolution
SSCR	-	Senate Standing Committee Report
HB	-	House Bill
HCR	-	House Concurrent Resolution
HD	-	House Draft
HR	-	House Resolution
HSCR	-	House Standing Committee Report
CD	-	Conference Draft
CCR	-	Conference Committee Report

An asterisk (*) preceding a measure number denotes that there are minor differences between similar measures that are grouped together.

The word "filed" appended to certain committee reports denotes that the committee report is separated from the bill.

HB 257, HD2, SD1, CD1

Amends Act 209, Session Laws of Hawaii 2018, relating to homelessness.

PART I

HOMELESS, OHANA ZONES PILOT PROGRAM FOR. Establishes the ohana zones pilot program to provide temporary housing and services to homeless individuals and families based on principles similar to the housing first program.

Requires the governor to designate executive branch agencies to develop and implement the ohana zones pilot program, including an agency with specific expertise in construction development and an agency with specific expertise in administering homeless services.

Requires the governor's coordinator on homelessness to compile and consolidate information from the agencies designated by the governor to effectuate the program and submit reports to the Legislature no later than twenty days prior to the convening of the Regular Sessions of 2020, 2021, 2022.

Requires the report submitted no later than twenty days prior to the convening of the Regular Session of 2020, to include the following information:

- (1) A summary and explanation of the process that the agencies designated by the governor pursuant to the ohana zones pilot program engaged in to identify possible ohana zone locations; and
- (2) A summary of the information on:
 - (1) The criteria that the agencies will use to evaluate potential ohana zone locations;
 - (2) A monthly timetable of milestones that the agencies expect to meet in establishing one or more ohana zones over the course of the three-year pilot program;
 - (3) The specific, measurable, attainable, reasonable, and time-based performance measures that the agencies expect to meet at the end of each fiscal year;
 - (4) The evaluation criteria and process that the agencies intend to use each year when reviewing the success and sustainability of the ohana zones; and
 - (5) The monitoring and oversight controls that the agencies will have over the ohana zones to identify, address, and prevent possible fraud, waste, and abuse and ensure compliance with local, state, and federal laws.

Requires the reports submitted no later than twenty days prior to the convening of the Regular Sessions of 2021 and 2022 to include:

- (1) The milestones established that were met by the agencies designated by the governor pursuant to the ohana zones pilot program and ohana zones established during the fiscal year;
- (2) An evaluation of the ohana zones to determine whether the objectives set have been met or exceeded;
- (3) Any proposed changes that need to be made to the performance measures used to assess the achievement of program goals; and
- (4) An assessment of the impact of the ohana zone model on the homelessness problem in Hawaii.

Pilot program shall cease to exist on June 30, 2023.

PART II

HOMELESS, EMERGENCY DEPARTMENT HOMELESSNESS ASSESSMENT PILOT PROGRAM FOR. Establishes the emergency department homelessness assessment pilot program within the department of human services.

Requires the department, in consultation with the Hawaii interagency council on homelessness and any other appropriate agency, to serve as the administrator of the pilot program.

Requires the pilot program to consist of multidisciplinary teams composed of but not limited to physicians, advanced practice registered nurses, social workers, and patient navigators who are employed by a participating hospital in the participating hospital's emergency department.

Requires the multidisciplinary team to:

- (1) Identify patients who are experiencing homelessness or patients at risk of experiencing homelessness and have high utilization of emergency department services;
- (2) Assess the patient's current circumstances; and
- (3) Coordinate and refer these patients to appropriate and available wrap-around supports and community resources along the entire continuum of care with a goal of reducing costs associated with chronic use of hospital emergency departments.

Requires the department to work with the participating hospital under pilot program to collect and analyze data to be included in a report that contains a summary and explanation of the data regarding the efficacy of emergency department intervention by the multidisciplinary team in mitigating the number of unnecessary emergency department visits by patients experiencing homelessness or patients at risk of experiencing homelessness.

Further requires department to submit a report that contain findings and recommendations, including any proposed legislation, for continuation, modification, or termination of the pilot program to the Legislature no later than twenty days prior to the convening of the Regular Session of 2020.

Pilot program shall cease to exist on June 30, 2020.

PART III

HOMELESS, MEDICAL RESPITE PILOT PROGRAM FOR. Establishes the medical respite pilot program within the department of human services.

Requires the department, in consultation with the Hawaii interagency council on homelessness and any appropriate agency, to serve as the administrator of the pilot program.

Requires a participating community human services provider, in partnership with a hospital participating in the pilot program, to provide emergency housing for eligible individuals experiencing homelessness who are discharged from the participating hospital and provide, at minimum, meals, case management, and medical, nursing, and psychiatric care.

Requires the department to submit a report to the Legislature of its findings and recommendations, including any proposed legislation, regarding the pilot program no later than twenty days prior to the convening of the Regular Session of 2020.

Pilot program shall cease to exist on June 30, 2020.

PART VI, SECTION 19

AIRPORT PASSENGER FACILITY CHARGE FUNDS. Provides that if the authorized appropriations specified for capital improvement projects listed in this Act are insufficient and where the source of funding is designated as airport passenger facility charge funds, the governor may make supplemental allotments from the airport revenue fund or airport revenue bond funds, or transfer unrequired balances from other unexpired projects in this Act or prior appropriation acts that authorized the use of airport passenger facility charge funds; provided that the supplemental allotments shall not be used to increase the scope of the project; provided further that the supplemental allotments shall not impair the ability of the fund to meet the purposes for which it was established; provided further that the governor, at the governor's discretion, may increase the passenger facility charge fund authorization ceiling for the program to accommodate the expenditure of the funds; provided further that the governor shall submit a report to the Legislature of all uses of this authority for the previous

twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 20

CAPITAL IMPROVEMENT PROJECTS, SUPPLEMENTAL FUNDS FOR COST ELEMENTS. Authorizes the governor to supplement funds for any cost element for capital improvement projects authorized under this Act by transferring sums as may be needed from the funds appropriated for other cost elements of the same project by this Act or any other prior or future act that has not lapsed; provided that the total expenditure of funds for all cost elements shall not exceed the total appropriations for that project; provided further that the governor shall submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 22

CAPITAL IMPROVEMENT PROJECTS, REDUCTION IN SCOPE. Provides that where it has been determined that changed conditions, such as a reduction in the particular population being served, permit the reduction in the scope of a capital improvement project described in this Act, the governor may authorize a reduction of project scope; provided that the governor shall submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 24.

CAPITAL IMPROVEMENT PROJECT, CHANGE IN EXPENDING AGENCY. Provides that with the approval of the governor, designated expending agencies for capital improvement projects authorized in this Act may delegate to other state or county agencies the implementation of projects when it is determined advantageous to do so by both the original expending agency and the agency to which expending authority is to be delegated; provided that the governor shall submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 26

NATURAL DISASTERS OR UNFORESEEN EMERGENCIES, CAPITAL IMPROVEMENT PROJECTS TO COPE WITH. Authorizes the governor to authorize the expenditure of funds for capital improvement projects not previously authorized in this Act to cope with the effects of natural disasters or unforeseen emergencies when the effects of the natural disasters or unforeseen emergencies create an urgent need to pursue a course of action that is in the best interest of the State; provided that no funds shall be expended without a formal declaration of a natural disaster or emergency by the governor; provided further that the governor shall use the project adjustment fund authorized in part II and described in part III to accomplish the purposes of this section; provided further that the governor shall notify the legislature within five days of each use of this authority and submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to

November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 27

NATURAL DISASTERS OR UNFORESEEN EMERGENCIES, FUNDS FOR. Authorizes the governor to transfer savings or unrequired balances as may be available from the appropriated funds of any program in this Act to supplement the appropriation for any other program in this Act to cope with the effects of natural disasters or other unforeseen emergencies; provided that the effects of natural disasters or emergencies create an urgent need to pursue a course of action that is in the best interest of the State; provided further that the use of the funds does not conflict with general law; provided further that no funds shall be expended without a formal declaration of a natural disaster or emergency by the governor; provided further that the governor shall submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 31

FEDERALLY FUNDING CUTBACK. Provides that if unanticipated federal funding cutbacks diminish or curtail essential, federally funded state programs, the governor may utilize savings as determined to be available from other state programs for the purpose of maintaining the programs until the next legislative session; provided that the governor shall submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 32

FEDERAL FUND AUTHORIZATION CEILING. Authorizes the governor to approve the expenditure of all federal funds that are in excess of levels authorized by the legislature; provided that the governor may allow for an increase in the appropriate federal fund authorization ceiling for the program to accommodate the expenditure of the funds; provided further that the governor shall notify the legislature within five days of each use of this authority and submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 34

PRIVATE ORGANIZATIONS OR INDIVIDUALS, FUNDS OR PROPERTY FROM. Provides that where an agency is authorized to secure funds or other property from private organizations or individuals to be expended or utilized in connection with any authorized program, the agency, with the governor's approval, may enter into the undertaking; provided that the provisions of the undertaking comply with applicable state constitutional and statutory requirements; provided further that the governor shall submit a report to the Legislature of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

PART VI, SECTION 36

DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES PUBLIC WORKS - PLANNING, DESIGN, AND CONSTRUCTION (AGS221). Provides that with the approval of the governor, expending agencies that use appropriations authorized in part II of this Act for planning, land acquisition, design, construction, and equipment for repair and alterations may delegate that responsibility and transfer funds to public works – planning, design, and construction (AGS221) for the implementation of the repair and alterations when it is determined by the agencies that it is advantageous to do so; provided that the governor shall submit to the Legislature a summary report of all uses of this authority for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the Regular Sessions of 2020 and 2021.

COLLABORATIVE PLANNING AND EXPANDED LEARNING TIME IN SCHOOLS. Establishes a working group within the department of education to consider and develop best practices for collaborative planning and expanded learning time in public schools.

Requires the working group to include:

- (1) The chair of the house of representatives committee on lower and higher education, or the chair's designee, who shall serve as co-chair of the working group;
- (2) The chair of the senate committee on education, or the chair's designee, who shall serve as co-chair of the working group;
- (3) The superintendent of education, or the superintendent's designee;
- (4) A department of education principal, to be selected by the superintendent of education;
- (5) A department of education teacher, to be selected by the superintendent of education;
- (6) A representative from the Hawaii State Teachers Association, who shall be invited to be a member of the working group by the speaker of the house of representatives;

- (7) A representative from the Hawaii Government Employees Association, who shall be invited to be a member of the working group by the president of the senate; and
- (8) Other members as the working group deems necessary.

Requires the working group to consider:

- (1) Individual teacher preparation time to allow teachers to adequately prepare for instruction the following day;
- (2) Collaborative teacher preparation time to allow opportunities for like-grade teachers to facilitate conversation among each other regarding effective pedagogy in the classroom to create high-quality lesson plans;
- (3) At the start of each school day or prior to the conclusion of each school day, opportunities for teachers to work with students who are struggling with any lesson taught earlier that day or during the preceding day;
- (4) The structure of public school classroom operations as it relates to:
 - (A) The placement of classroom desks in clusters or pods to facilitate peer-led group learning; and
 - (B) Elementary school teachers and teacher assistants working in pairs based on complementary strengths or backgrounds (e.g., elementary school teacher and teacher assistant with educational background in math or science paired with elementary school teacher or teacher assistant with educational background in reading or the arts);
- (5) The rotation of principals among the public elementary, middle or intermediate, and high schools in a designated complex area; provided that the working group also considers rotations based upon where the highest need or demand for administrative support is so that principals are actively available to all teachers and students;
- (6) The rotation time for principals and vice principals in each public school classroom to observe educational practices; provided that the intent of the observations is to offer a tool to increase professional growth and further develop effective teaching, not to monitor teacher performance;
- (7) Effective methods to implement project-based learning into the curriculum; and
- (8) Any other issue the working group deems necessary.

Requires the department of education to be responsible for the administrative responsibilities of the working group, including but not limited to the posting of public notices, preparing agendas and minutes, organizing meetings, and reporting on the outcome and recommendations of the working group.

Requires the working group to submit a report of its findings to the Legislature, the superintendent of education, and all complex area superintendents no later than twenty days prior to the convening of the Regular Session of 2021.

HOUSING WITHIN AGRICULTURAL DISTRICTS. Requests the Office of Planning to establish an agricultural housing task force to analyze and provide recommendations that would support existing laws, rules, and processes to plan for the construction of safe, sanitary, and affordable on-farm employee housing within the state agricultural district limited to farms that are engaged in agricultural production.

Requests the task force to have the following objectives:

- (1) Study existing county and state laws, rules, and processes for the construction of employee housing on working farms within the state agricultural district across the State;
- (2) Identify existing barriers in laws, rules, and processes that prohibit the construction of safe, sanitary, and affordable on-farm employee housing for farmworkers, including mobile units for temporary and seasonal farmworkers;

- (3) Give special consideration to modular, portable, and temporary employee housing, which can be removed in the event a farm ceases commercial production, as a solution;
- (4) Create a separate legal designation, as it relates to such housing without a permanent foundation;
- (5) Make recommendations for changes to existing state and county laws, rules, and processes as necessary; and
- (6) Propose one master use application process, as well as laws and rules that can be applied consistently throughout the State, to issue a discretionary permit for the construction of safe, sanitary, and affordable on-farm employee housing for farmworkers on active commercial farms, including permit conditions intended to promote agricultural production and restrict residential uses that are not serving primary commercial agricultural purpose.

Requests the task force to consist of:

- (1) The Director of the Office of Planning or the Director's designee, who is requested to serve as chairperson;
- (2) The Chairperson of the Board of Agriculture or the Chairperson's designee;
- (3) The Deputy Director of the Department of Health's Environmental Health Administration or the Deputy Director's designee;
- (4) The Chairperson of the Land Use Commission or the Chairperson's designee;
- (5) One representative member from each of the several counties' zoning and planning departments;
- (6) Two representative members from an agricultural or farming association, to be selected by the Director of the Office of Planning; and
- (7) One representative member from a public interest organization with a focus on housing issues, to be selected by the Director of the Office of Planning.

Request the task force is requested to:

- (1) Submit a preliminary report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2021, including a discussion of the task force's objectives;
- (2) Prepare and submit to the Legislature a draft guide explaining the existing process for, and the laws and rules relating to, approval of employee housing in the state agricultural district across the State, including county and local ordinances that pertain to each locality for the public's understanding and benefit, no later than twenty days prior to the convening of the Regular Session of 2022; and
- (3) Submit a final report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025.

Requests the Office to provide administrative and clerical support to the agricultural housing task force.

- (2) Provide an economic analysis of the financial impact of the Advisory Body's recommendations;
- (3) Recommend steps for reducing or eliminating entirely administrative burdens for program enrollment and re-enrollment;
- (4) Recommend strategies for community outreach, stakeholder education, and administration;
- (5) Provide an assessment of the implementation of the recommendations at months six, twelve, and twenty-four after implementation;
- (6) Undertake an evaluation of current demographic and other data collection and census activities relevant to COFA residents, and make appropriate recommendations for standardization and equity; and
- (7) Evaluate the outcomes and status of recommendations from the Compacts of Free Association Task Force convened pursuant to Senate Resolution No. 142, S.D. 1 (Regular Session of 2007).

Resolves that the evaluation criteria for the COFA Advisory Body's recommendations are as follows:

- (1) State-funded health coverage for COFA residents will be equal to or surpass that available through Med-QUEST;
- (2) When evaluating coverage options, the Advisory Body will take into consideration health care access, cost, and administrative burden for participants;
- (3) The Advisory Body will also take into account cost-effectiveness for the State and administrative burden for affected state agencies, insurers, and other administering stakeholders; however, the Advisory Body will prioritize paragraphs (1) and (2);

- (4) Enrollees will not be required to pay copayments, premiums, coinsurance, or other related fees upfront and then seek reimbursement;
- (5) Structural inequities will be eliminated, and program eligibility requirements should align with other related federal and state program requirements for similar populations, including the requirements of HealthCare.gov;
- (6) Administrative barriers to participation, including enrollment and re-enrollment, will be minimized or eliminated entirely;
- (7) Specific program requirements will allow agency flexibility; and
- (8) Clear evidence of the best approaches and practices from other states and communities.
