### RELATING TO NOISE CONTROL.

Introduced by: Kouchi R (BR)

Amends provisions relating to purpose under adjudication of infractions law. The legislature finds that excessive noise pollution is a serious problem in various areas across the state, which can travel through walls, closed doors and windows at any time of day or night, and prevent many individuals and families from the peaceful enjoyment of their homes. While a reasonable amount of noise should be expected anywhere, and particularly in those areas that are most densely populated, there must be reasonable noise limits, and a means for enforcing those limits, that is fair and predictable for everyone involved. To the extent that counties wish to enforce these noise limits via civil infractions, rather than criminal penalties, the system of processing traffic infractions established under this law provides a suitable mechanism for handling these infractions. -- Amends provisions relating to definitions. Defines noise control infraction to mean all occurrences of noncompliance with noise-related ordinances adopted by applicable counties, which are stated and designated in the ordinances as being a noise control infraction. Redefines concurrent trial; hearing; and related criminal offense. -- Amends provisions relating to applicability. Requires all traffic infractions, emergency period infractions, or noise control infractions, including infractions committed by minors, to be adjudicated pursuant to this law, except as provided in this provision. -- Amends provisions relating to hearings; monetary assessments; powers of the district court judge sitting in the traffic, emergency period, and noise control division; trial and concurrent trial; hearings; rules. -- Amends provisions relating to procedure in children's cases under family courts law. -- Amends provisions relating to multiple provisions and changes the phrase traffic, emergency period, and noise control violations bureau, or similar phrase, wherever the phrase traffic and emergency period violations bureau, or similar phrase, appears, as the context requires. -- SB0224 SD2
