FOREWORD

This publication sets forth all of the requests made by the Hawaii State Legislature during the Regular Session of 2024 to agencies and officials of the federal, state and county governments and of quasi-public and private agencies. These requests are contained in acts enacted by the Legislature or bills passed. These acts or bills include specific requests for submission of information back to the Legislature, excluding annual and other reports requested on an indefinite basis. (New, first-year annual reports are included in this publication). These requests are also contained in resolutions adopted by the Senate or House of Representatives or by both bodies of the Legislature. Certain acts, bills, or resolutions are condensed for brevity. Dates by which reports and other responses are expected are indicated when specifically set by the Legislature. The names of the agencies involved in the conduct of a study or the execution of a request are underscored.

For the reader's convenience these legislative requests are also grouped together by agencies (see agency index); as well as by subject matter (see subject index).

Standard abbreviations used in the text are:

SB	-	Senate Bill
SD	-	Senate Draft
SR	-	Senate Resolution
SSCR	-	Senate Standing Committee Report
HB	-	House Bill
HD	-	House Draft
HR	-	House Resolution
HSCR	-	House Standing Committee Report
CD	-	Conference Draft
CCR	-	Conference Committee Report

The word "filed" appended to certain committee reports denotes that the committee report is separated from the bill.

SB 582 SD2 HD1 CD1 (ACT 10)

HAWAII WILDFIRES; EXPENDITURES. Requires the department of budget and finance and department of human services to submit the following information associated with the Hawaii wildfires disaster that began on August 8, 2023, to the legislature on the seventh day of each month:

- (1) The date of any expenditures;
- (2) The amounts of any expenditures made, separately, for Federal Emergency Management Agency eligible and Federal Emergency Management Agency ineligible expenses;
- (3) The purpose of the expenditures;
- (4) Any contracts executed for the expenditure of funds;
- (5) The liquidation date for all contracts or liabilities; and
- (6) A detailed explanation of the public purpose served by the expenditure of resources; provided that the governor shall submit to the legislature a summary report containing the aforementioned information for the previous twelve month period from December 1 to November 30 no later than thirty days prior to the convening of the regular session of 2025.

ONE OHANA BANK TRUST ACCOUNT. Requires the department of the attorney general to submit a report to the legislature no later than twenty days prior to the convening of each regular session, which shall include lists of:

- (1) Claims and the amounts paid by the one ohana bank trust account for the calendar year;
- (2) The administrative costs incurred for the one ohana bank trust account for the calendar year; and
- (3) Contributors and their contribution amounts to the one ohana bank trust account received during the calendar year.

MAJOR DISASTER FUND. Requires the administrator of the Hawaii emergency management agency to submit requests to the legislature to appropriate from the general revenues of the State sufficient moneys as may be necessary for expenditure by or under the direction of the governor for immediate relief in response to an emergency or disaster in any part of the State; provided that:

- (1) The governor has issued a proclamation of a state of emergency;
- (2) The governor shall not expend in excess of \$10,000,000 for immediate relief as a result of any single emergency or disaster; and
- (3) In addition to the funds in this provision, an additional \$5,000,000 may be made available solely for the purpose of matching federal disaster relief funds when these funds become available to the State following a presidential disaster declaration.

Requires federal reimbursement moneys for disaster relief for the Maui wildfires disaster that began on August 8, 2023, to be deemed to be trust moneys and shall be deposited into a trust account with and under the control of the Hawaii emergency management agency. Provides that these moneys and any interest earned thereon shall be used for the recovery efforts from the Maui wildfires disaster that began on August 8, 2023, and shall not lapse to the general fund.

Requires the administrator to submit an annual report to the legislature no later than September 1 of each year on:

- (1) The amount of federal reimbursement moneys for disaster response that the State could have applied for during the prior fiscal year. Requires the report to indicate the amount of federal reimbursement moneys for disaster response broken down by department and agency;
- (2) The amount of federal reimbursement moneys for disaster response that the State applied for and the amount received during the prior fiscal year. Requires the report to indicate the amount of federal reimbursement moneys for disaster response broken down by department and agency;
- (3) The justification for any difference in the amount of federal reimbursement moneys for disaster response that the State was eligible for and the amount the State applied for;
- (4) The average amount of time between the submittal of an application for a Federal Emergency Management Agency reimbursement and receipt of the funds;
- (5) The number of disaster accounts opened for the prior fiscal year; and
- (6) The information relating to the expenditure of funds that is reported by each state department and agency pursuant to this provision.

EMPLOYEE CLASSIFICATION, RIGHTS, WAGES, BENEFITS, TASK FORCE. Requests Department of Labor and Industrial Relations to convene an Interagency Task Force to combat the underground economy and employee misclassification in the State's construction industry.

Requests the Interagency Task Force to:

- (1) Serve as the State's interagency advisory entity with representation from state and county government agencies to combat the underground economy and employee misclassification within the State's construction industry;
- (2) Facilitate timely information sharing between and among taskforce members, including through the establishment of protocols by which participating agencies will advise or refer to other agencies matters of potential investigative interest;
- (3) Identify those sectors in the construction industry where the underground economy and employee misclassification are most prevalent and target task force members' investigative resources against those sectors, including through the formation of interagency investigative teams;
- (4) Assess existing investigative and enforcement methods, both in Hawaii and in other jurisdictions, and develop and recommend strategies to improve those methods;
- (5) Solicit the cooperation and participation of prosecuting attorneys at the federal, state, and county levels and other relevant federal, state and county enforcement agencies, including the United States Department of Labor, and establish procedures for referring cases to prosecuting authorities as appropriate;
- (6) Identify potential regulatory or statutory changes that would strengthen enforcement efforts, including any changes needed to resolve existing legal ambiguities or inconsistencies, and potential legal procedures for facilitating individual enforcement efforts;
- (7) Consult with representatives of business and labor organizations, members of the Legislature, representatives of county governments, community groups, and other agencies concerning the activities of the task force and its members, and ways of improving its effectiveness, including consideration of whether to establish an advisory panel under the Department of Labor and Industrial Relations;
- (8) Transmit an annual report, no later than twenty days prior to the convening of each Regular Session to the Legislature, Governor, mayor of each county, and chair of each county council summarizing the task force's activities during the preceding year; provided that the annual report is requested to:
 - (A) Describe the task force's efforts and accomplishments during the year;
 - (B) Identify any administrative or legal barriers impeding the more effective operation of the task force, including any barriers to information sharing or joint action;
 - (C) Propose, after consultation with representatives of business and labor organizations, members of the Legislature, representatives of county governments, community groups, and other agencies, the appropriate administrative, legislative, or regulatory changes to strengthen the task force's operations efforts and reduce or eliminate any barriers to those efforts; and

- (D) Identify successful preventative mechanisms for reducing the extent of the underground economy and employee misclassification, thereby reducing the need for greater enforcement;
- (9) Take appropriate steps to publicize its activities; and
- (10) Identify the number and types of positions required to restore the capacity of the Department of Labor and Industrial Relations to meaningfully administer applicable existing laws.

Requests all agencies within the State's and counties' executive branch to make all reasonable efforts to cooperate with the task force and to furnish information and assistance as the task force reasonably deems necessary to accomplish its purposes.

Requests the Interagency Task Force to regularly hold meetings closed to the public when task force members plan to discuss sensitive matters related to its investigations, potential criminal referrals, and public safety and security topics.

Requests the Director of Labor and Industrial Relations to serve as the chairperson of the Interagency Task Force and to invite the following to serve as members:

- (1) A representative from the United States Department of Labor Wage and Hour Division, Honolulu District Office;
- (2) Director of Taxation or the Director's designee;
- (3) Administrator of the Hawaii Occupational Safety and Health Division of the Department of Labor and Industrial Relations or the Administrator's designee;

AGRICULTURE, AQUACULTURE, FOOD SYSTEMS, ADVISORY COMMISSION. Requests the Department of Agriculture to establish an advisory commission to address certain issues to guide action and progress in the agriculture, aquaculture, and food systems industries of the State.

Requests the advisory commission to meet quarterly to address certain agriculture, aquaculture, and food systems issues, including but not limited to:

- (1) Competition for same resources;
- (2) Labor issues;
- (3) Drought and climate change;
- (4) Invasive species;
- (5) Overview of new regulations;
- (6) Water access and development; and

(7) Waste management.

Requests the advisory commission to:

- (1) Examine and rank the following priority actions of the Hawaii State Comprehensive Economic Development Strategy for the State's agriculture, aquaculture, and food systems industries:
 - (A) Expand the "Farm to State" Program, government procurement, and institutional purchasing of local agricultural products;
 - (B) Market farm-to-table initiatives that promote local food consumption and reduce food waste with government, businesses, and residents;
 - (C) Promote agritourism to integrate local agriculture and aquaculture into the visitor experience;
 - (D) Expand accessibility and affordability programs that increase equitable access to and consumption of fresh and nutritious foods for low-income households;
 - (E) Support culturally based foods with community biocultural land stewardship and farms;
 - (F) Identify appropriate export non-food and food crops while prioritizing food production for local consumption;
 - (G) Establish food hubs and cooperatives on all islands to increase access to markets and aggregate services, recognizing that investments utilizing public funds should be done with agricultural operations as the core beneficiary versus operator of these facilities;
 - (H) Increase cooperative transportation for cost-sharing and coordination of local agricultural products;
 - (I) Increase local agricultural-related facilities and access, including processing plants, slaughterhouses, commercial kitchens, storage, and distribution; and
 - (J) Review existing built infrastructure to increase resilience, safety, and equitable access;
- (2) Make detailed recommendations on changes to state and local regulations to encourage the purchase of local agricultural products from state and county governments, businesses, visitors, and consumers and to integrate local agricultural supply chain and infrastructure to increase value chain coordination;
- (3) Review the Department of Agriculture and how it tracks statistics compared to the United States Department of Agriculture;
- (4) Review regulations on existing distribution channels, including food trucks, farm roadside stands, farmers markets, food hubs and farm tours, and barriers in regulation and land use that prevent the State from increasing local food in the State's food supply; and
- (5) Evaluate federal initiatives underway that would impact local producers; getting food from farm to table; the purchase of local agricultural products from state and county governments, businesses, visitors, and consumers; and local agricultural supply chains and infrastructure.

Requests the Chairperson of the Board of Agriculture, who is requested to serve as the chair of the advisory commission, to invite a representative from each of the following segments of agriculture to serve on the advisory commission:

- (1) Aquaculture;

- (2) Harvested acreage, including field crops and taro;
- (3) Vegetables;
- (4) Fruits;
- (5) Fruit and nut trees;
- (6) Livestock;
- (7) Nursery and floriculture;
- (8) Herbs, such as basil, cilantro, lavender, and turmeric;
- (9) Eggs;
- (10) Coffee; and
- (11) Seed corn.

Allows the Chairperson of the Board of Agriculture to invite other individuals with relevant knowledge or experience to be members of the advisory commission.

Requests that no member be made subject to chapter 84, Hawaii Revised Statutes, solely because of that member's participation in the advisory commission.

Requests the Department of Agriculture to provide administrative support to the advisory commission.

Requests the advisory commission to submit its findings and recommendations to the Board of Agriculture.

AFFORDABLE HOUSING DEVELOPMENT, WORKING GROUP. Urges the Hawaii Community Development Authority to establish a multiagency working group to update the maps, tier tables, and inventories of state lands suitable and available for affordable housing development.

Requests the working group to:

- (1) Update the maps, tier tables, and inventories of state lands suitable and available for affordable housing development in the Affordable Rental Housing Report and Ten-Year Plan generated pursuant to Act 127, Session Laws of Hawaii 2016;
- (2) Focus on existing urban lands to minimize the need for major regional infrastructure improvements;

- (3) Examine mixed-use development opportunities to redevelop underutilized existing state-owned lands with one government tenant or use; and
- (4) Identify lands to accommodate one hundred thousand new housing units and designate these as important housing lands.

Requests the working group to consist of the following members or their designees:

- (1) Director of the Office of Planning and Sustainable Development, serving as the chairperson;
- (2) Comptroller of the Department of Accounting and General Services;
- (3) Executive Director of the Hawaii Housing Finance and Development Corporation;
- (4) Executive Director of the Hawaii Public Housing Authority;
- (5) Executive Director of the Hawaii Community Development Authority;
- (6) Chairperson of the Board of Land and Natural Resources;
- (7) Executive Officer of the Land Use Commission; and
- (8) A representative from each county, appointed by the mayor of the respective county, qualified to assess infrastructure availability for each parcel suitable for potential affordable housing development.

Allows the working group to recommend additional members with appropriate special expertise, including representatives from organizations with development or redevelopment experience, for approval by the chairperson.

Requests the Hawaii Community Development Authority to provide administrative and clerical support to the working group.

Requests the working group to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025.

conduct a feasibility study similar to the study it conducted pursuant to Senate Resolution No. 4, S.D. 1 (2022), relating to increasing the Medicaid reimbursement payment rate for Hawaii's home- and community-based services care providers and services, in 2032 and every ten years thereafter.

Requests each feasibility study to include the following:

- (1) A review of the existing payment model for Medicaid reimbursement and a determination of whether overall savings can be achieved by increasing the rate for community care foster family homes (CCFFH) and expanded adult residential care homes (E-ARCH) care providers;
- (2) The feasibility of increasing the Medicaid reimbursement payment rate for Hawaii's CCFFHs and E-ARCHs for Medicaid clients; and
- (3) An evaluation and report of the impacts of the implemented rate increases on uptake, utilization, and cost savings to the Medicaid program.

Requests the Department of Human Services to request funding by 2031 to conduct the feasibility study in 2032.

Requests the Department of Human Services to submit a report to the Legislature after the completion of each study no later than twenty days prior to the Regular Session following the completion of each study.

- (2) The fire chiefs of the Honolulu Fire Department, Hawaii Fire Department, Maui County Department of Fire and Public Safety, and Kauai Fire Department, or their respective designees;
- (3) The Chief of Ocean Safety of the City and County of Honolulu, a representative of the Hawaii Fire Department with experience in ocean safety, the Chief of the Ocean Safety Bureau of the Maui County Department of Fire and Public Safety, and the head of the Ocean Safety Bureau of the Kauai Fire Department, or their respective designees;
- (4) The Director of the Honolulu Emergency Services Department, or the Director's designee;
- (5) A representative of American Medical Response in Hawaii;
- (6) The President of the Hawaii Firefighters Association, Local 1463, IAFF, AFL-CIO, or the President's designee;

- (7) The State Director of the United Public Workers, AFSCME Local 646, AFL-CIO, or the State Director's designee;
- (8) The Executive Director of the Hawaii Government Employees Association, AFSCME Local 152, AFL-CIO, or the Executive Director's designee; and
- (9) Two family members of fallen first responders, to be invited by the chairperson of the working group.

Requests the Hawaii First Responders Memorial to:

- (1) Honor first responders—firefighters, lifeguards, and paramedics/emergency medical technicians, medical flight nurses and pilots—who at the local, state, and federal levels of government, while in the line of duty, made the ultimate sacrifice to serve and protect the people of Hawaii;
- (2) Call attention to the bravery and spirit of public service that first responders demonstrate in the line of duty;
- (3) Be permanent and perpetual; and
- (4) Be constructed and maintained from private funds solicited for that purpose.

Requests the Department of Accounting and General Services to coordinate all matters regarding the Hawaii First Responders Memorial, including but not limited to ongoing maintenance and repairs, either through private funds or funds allocated by the Legislature.

Requests the Department of Accounting and General Services to submit a report of the working group's plans, including findings, recommendations, projected costs, and any necessary legislation, to the Legislature by November 30, 2024.

RELIGIOUS, EDUCATIONAL, MEDICAL INSTITUTIONS, RESIDENTIAL UNITS. Requests each county to amend or adopt an ordinance to allow religious institutions, educational institutions, or medical institutions to construct residential units on parcels of lands that are within the state urban land use district and zoned for residential or commercial use.

Requests that in amending or adopting the ordinance, the counties:

- (1) Limit any proposed development of residential units to less than fifteen acres and no greater than fifty percent of the parcel area; and

- (2) Require that any residential unit developed on a religious institution's, educational institution's, or medical institution's property be retained by the institution so long as the institution remains in existence.

Requests that in amending or adopting the ordinance, the counties use the following definitions:

- (1) "Educational institution" means any private educational organization that has been granted tax exempt status under section 501(c)(3) of the Internal Revenue Code of 1986, as amended;
- (2) "Medical institution" means any organization that has been incorporated in the State as a nonprofit corporation and that has continuously operated and will be operated exclusively to provide, or to contribute to the support of, organizations or institutions organized and operated exclusively to provide hospital, medical, research, or therapeutic services to the public; and
- (3) "Religious institution" means any religious institution or organization that has been granted tax exempt status under section 501(c)(3) of the Internal Revenue Code 1986, as amended, does not restrict membership to persons on the basis of race, color, or ancestry, and has no part of its earnings inured to any private shareholder or individual.

Requests the counties to make clear that it is not the intent of the ordinance to provide a process to allow developers to create a religious institution, educational institution, or medical institution for the sole purpose of circumventing the normal development process.

UNDERGROUND ECONOMY, EMPLOYEE MISCLASSIFICATION, WORKING GROUP.
Requests the Department of Labor and Industrial Relations to convene an Underground Economy Interagency Task Force to combat the underground economy and employee misclassification in the construction industry.

Requests the Underground Economy Interagency Task Force to be established within the Department of Labor and Industrial Relations for administrative purposes.

Requests the Director of Labor and Industrial Relations to serve as the chairperson of the Underground Economy Interagency Task Force and invite the following individuals to serve as members:

- (1) A representative of the United States Department of Labor's Wage and Hour Division's Honolulu District Office;
- (2) Director of Taxation, or the Director's designee;
- (3) Attorney General, or the Attorney General's designee;
- (4) Administrator of the Disability Compensation Division of the Department of Labor and Industrial Relations, or the Administrator's designee;
- (5) Administrator of the Hawaii Occupational Safety and Health Division of the Department of Labor and Industrial Relations, or the Administrator's designee;
- (6) Administrator of the Unemployment Insurance Division of the Department of Labor and Industrial Relations, or the Administrator's designee;
- (7) Administrator of the Wage Standards Division of the Department of Labor and Industrial Relations, or the Administrator's designee;
- (8) Division Administrator of the Professional and Vocational Licensing Division of the Department of Commerce and Consumer Affairs, or the Division Administrator's designee;
- (9) Complaints and Enforcement Officer of the Regulated Industries Complaints Office of the Department of Commerce and Consumer Affairs, or the Complaints and Enforcement Officer's designee;
- (10) Executive Director of the Office of Consumer Protection of the Department of Commerce and Consumer Affairs, or the Executive Director's designee;
- (11) Insurance Commissioner of the Department of Commerce and Consumer Affairs;
- (12) Director of the planning and permitting department of each county, or their respective designees; and
- (13) Any additional representatives from federal, state, or county agencies as deemed appropriate by the chairperson.

Requests the Department of Labor and Industrial Relations to serve as the lead agency to coordinate joint efforts to combat the underground economy and employee misclassification in the construction industry to:

- (1) Ensure safe working conditions for and proper payment of wages to workers;
- (2) Create an environment where legitimate businesses can thrive; and
- (3) Support the collection of all taxes, fees, and penalties due from employers.

Requests the Underground Economy Interagency Task Force to serve as an advisory body to combat the underground economy and employee misclassification in the construction industry to:

- (1) Strengthen compliance with the law by educating business owners and employees about applicable requirements;
- (2) Conduct interagency, and targeted investigations actions against violators;
- (3) Protect the health, safety, and rights of workers; and
- (4) Restore an environment of equal competition for law-abiding businesses.

Requests the Underground Economy Interagency Task Force to:

- (1) Serve as the State's interagency advisory entity, with representation from state and county government agencies, to combat the underground economy and employee misclassification in the construction industry;
- (2) Facilitate the timely sharing of information between and among task force members, including through the establishment of protocols by which participating agencies will advise or refer to other agencies matters of potential investigative interest;
- (3) Identify areas within the construction industry where the underground economy and employee misclassification are most prevalent and target task force members' investigative resources against those areas, including through the formation of interagency investigative teams;
- (4) Assess existing investigative methods, in Hawaii and other jurisdictions, and develop and recommend strategies to improve those methods;
- (5) Solicit the cooperation and participation of prosecutors at the federal, state, and county levels and other relevant federal, state, and county agencies, including the United States Department of Labor, and establish procedures for referring cases to prosecuting authorities as appropriate;
- (6) Identify potential regulatory or statutory changes, including any changes needed to resolve existing legal ambiguities or inconsistencies as well as potential legal procedures for facilitating individual efforts;
- (7) Consult with representatives of business and organized labor, members of the Legislature, representatives of county governments, community groups, and other agencies concerning the activities of the task force and its members and ways of improving its effectiveness, including whether to establish an advisory panel under the Department of Labor and Industrial Relations;
- (8) Submit an annual report, no later than twenty days prior to the convening of each Regular Session, to the Governor, Legislature, mayor of each county, and chairperson of each county council that summarizes the task force's activities during the year; provided that the annual report:
 - (A) Describes the task force's efforts and accomplishments during the year;
 - (B) Identifies any administrative or legal barriers that impede the more effective operation of the task force, including any barriers to information-sharing or joint action;

- (C) Proposes, after consultation with representatives of business and organized labor, members of the Legislature, representatives of county governments, community groups, and other agencies, the appropriate administrative, legislative, or regulatory changes to strengthen the task force's operations and to reduce or eliminate any barriers to those efforts; and
 - (D) Identifies successful preventive mechanisms to reduce the extent of the underground economy and employee misclassification in the construction industry; and
- (9) Take appropriate steps to publicize its activities.

Resolves that to the extent permitted by law, every agency within the State's and each county's executive branch is requested to make all reasonable efforts to cooperate with the Underground Economy Interagency Task Force and to furnish any information and assistance as the task force reasonably deems necessary to accomplish its purposes.

Requests the Underground Economy Interagency Task Force to regularly hold meetings that are closed to the public when task force members plan to discuss sensitive matters related to its investigations, potential criminal referrals, and public safety and security topics.

- (2) Best practices for measuring productivity in a remote work or hybrid work environment; and
- (3) Lessons learned from running a remote work or hybrid work program in Hawaii;

Requests the Department of Human Resources Development to determine how these strategies can be incorporated in existing and vacant state job positions to retain and attract a healthy public employee workforce.

Requests the University of Hawaii Economic Research Organization to identify areas in the State that have lower housing costs and decreased access to good-paying jobs and act as a consultant to the Department of Human Resources Development.

Requests the Hawaii Broadband and Digital Equity Office to analyze the condition of existing broadband infrastructure in the areas with lower housing costs and decreased access to good-paying jobs identified by the University of Hawaii Economic Research Organization.

Requests the Department of Human Resources Development to submit a report of its findings, including the findings of the University of Hawaii Economic Research Organization and Hawaii Broadband and Digital Equity Office, and recommendations, including any proposed legislation, to the Legislature no later than twenty days before the Regular Session of 2025.

ACCESS TO AFFORDABLE MEDICATIONS, UNDERSERVED POPULATIONS. Urges the Governor, Department of Human Services, and Department of Health to explore avenues to collaborate with 340B hospitals, federally qualified health centers (FQHCs), community pharmacies, and other stakeholders to ensure continued access to affordable medications for underserved populations in Hawaii.

Urges the Governor, Department of Human Services, and Department of Health to work with pharmaceutical companies to ensure they uphold their commitment to patient access to affordable medications by refraining from implementing restrictions that undermine the ability of 340B hospitals and FQHCs to serve their patients and communities.

Urges Hawaii's congressional delegation and relevant federal agencies to monitor and address any instances of pharmaceutical company actions that restrict access to 340B drugs and to take appropriate legislative or regulatory action to protect the integrity of the 340B Program.

NURSING STAFFING, STUDY. Requests the Legislative Reference Bureau to conduct a study on best practices for nurse staffing in healthcare facilities which shall assess and discuss:

- (1) Best Practices, as set forth by entities such as The Joint Commission, on staffing for hospitals and other settings of care;
- (2) The effectiveness of different types of staffing standards in ensuring patient and worker safety, and quality of care;
- (3) Existing staffing standards and regulations in other states;
- (4) Alternative approaches to staffing standards, such as acuity-based staffing models or nurse-driven staffing decisions;
- (5) The experiences and perspectives of healthcare professionals, including nurses, administrators, and other stakeholders, regarding staffing standards;
- (6) The potential benefits and challenges associated with implementing staffing standards in Hawaii; and
- (7) The costs of implementing various staffing standards, including nurse-to-patient ratios.

Requests the Legislative Reference Bureau to submit a report of its study, including findings, recommendations, and any proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025.

SCHOOL COUNSELORS, BEST PRACTICES. Requests the Board of Education, in partnership with the Department of Education, to produce a plan for adhering to school counselor best practices.

Resolves that in preparing the plan, the Board of Education is requested to include the following:

- (1) How the Department of Education can ensure that every public high school in the State is staffed with at least one full-time, twelve-month school counselor, following the American School Counselor Association's (ASCA) recommended student-to-counselor ratio;
- (2) How the Department of Education can ensure that the role and job descriptions of school counselors align with the ASCA's role statement, emphasizing their role in supporting students' postsecondary access and success;
- (3) How the Department of Education can provide school counselors with the necessary resources and training to effectively support students in their academic, career, social, and emotional development;
- (4) How the Department of Education can encourage school administrators to create supportive environments that allow school counselors to focus on direct and indirect services to students rather than administrative tasks; and
- (5) How the Department of Education can support the development and implementation of comprehensive school counseling programs that address the needs of all students.

Requests the Board of Education to submit its plan, including any proposed legislation, to the Legislature no later than twenty days prior to the Regular Session of 2025.

CAPITAL IMPROVEMENT REPAIR, MAINTENANCE PROJECTS, BACKLOG, DEPARTMENT OF EDUCATION, AUDIT. Requests the Auditor to conduct an audit of the Department of Education's statewide backlog of capital improvement repair and maintenance projects.

Resolves that in its audit, the Auditor is requested to examine:

- (1) The Department of Education's processes for identifying and prioritizing repair and maintenance issues;
- (2) The Department's Facilities and Maintenance Branch's processes relating to repair and maintenance projects, including how the projects are initiated and managed; and
- (3) The Department's procurement of services and how the timely procurement of services may allow the department to encumber appropriations to prevent those funds from lapsing.

Requests the Auditor to examine the contracts for projects where funding is proposed to lapse on June 30, 2024, including factors that led to the proposal to lapse the capital improvement project funds for the projects.

Requests the Auditor to submit a report of its findings and recommendations, including any proposed legislation, to the Legislature no later than twenty days before the Regular Session of 2025.

SEXUAL HEALTH EDUCATION, STUDY. Requests the Legislative Reference Bureau to conduct a study examining the Department of Education's implementation of various sexual health education policies and standards. Requests the Legislative Reference Bureau to include in its study:

- (1) A summary of responses to a survey to determine:
 - (A) What sexual health education curriculum is currently taught at schools, including a breakdown of specific topics including but not limited to those outlined above;
 - (B) Key reasons why in Hawaii schools, eighty percent of grades 6, 7, and 8 are not receiving CDC-determined sexual health education topics and why fifty-two percent of grades 9, 10, 11, and 12 are not being taught critical sexual health topics; and
 - (C) Information on the types of resources schools and teachers are currently offered and resources that schools and teachers would need to be in compliance with sexual health policies and laws;

provided that the Department of Education is requested to assist the Legislative Reference Bureau by distributing the Bureau's survey instrument to all Department personnel involved with teaching, developing, or evaluating sexual health education curriculum and delivering the completed responses to the Bureau by the dates specified by the Bureau;

- (2) A summary of current Department of Education or Board of Education policies and standards relating to sexual health education, copies of which the Department is requested to provide to the Bureau no later than June 1, 2024;
- (3) An assessment of whether the provided curriculum complies with Department of Education policies and statutory requirements; and
- (4) Recommendations for evaluating and ensuring the provision of evidence-based sexual health programming in the future.

Requests the Legislative Reference Bureau to submit the study, including any findings, recommendations, and proposed legislation, to the Legislature no later than twenty days prior to the convening of the Regular Session of 2025.
